Capitol Project Update - Things are moving along on schedule. Monthly reports shared in Red & Gold. Bids are ready to process pending today's approval by the voters.

1. Safety/Security - some minor issues have been identified and resolved (camera blind spots) adjustments made / areas reconfigured
2. Ebus infrastructure - still on everyone's radar. No movement by state ed or regional authorities.
3. Tour of non-instructional facilities - recommended to be scheduled for full board
4. Policy review 5650 - Energy conservation and recycling - compared with Boces recommended policy and found very few differences. recommendation to keep current policy

Meeting ended around 5:15
