

Olean City School District  
Buildings and Grounds Committee Meeting  
Board Room  
Tuesday, August 20, 2024  
4:30 P.M.

Present:	Ricky Bee	Julio Fuentes
	Mary Hirsch-Schena	Genelle Morris
	Mark Huselstein	Michael Irizarry
	Vicki Zaleski-Irizarry	
Absent:	Dan Farnham	

## 1. Equitable access

High School front doors – interior wooden door frames – SHPO designation determines what can or cannot be done

Conducted a walk-thru with architects last week; discussed reconfiguring high school offices, district offices; main office reconfiguration – entry to the main hall instead of foyer

### East View balcony

Conducted a walk-thru with Campus Construction – discussed how to redesign space

### East View elevator

This item is identified in the Buildings Condition Survey

## Washington West front doors

Holding area – no handicap accessible push button; Mark indicated this was resolved

East View handicap parking

Spring Street parking lot does not have designated handicap parking; there is a handicap parking spot on the street, however, there is not a curb cut for wheelchair accessibility

Parking lot handicap spot(s) would require accessibility to the main office area; currently there are only steps leading from the parking lot to the office

Could use an additional handicap parking on the street; Mark to contact City of Olean Central Schools

## 2. Other

- Raptor Visitor System – up at running at the High School
- Buildings Condition Survey – resend to all board members
- Next Capital Project Priority List – add to future agenda
- OIMS air quality – need for central A/C
- Cheerleading mats – Julio noted there is a need for additional mats; currently only have 3 and need 7 for competitions – Genelle will speak to Steve Anastasia

Meeting ended at 5:25 pm

Next meeting: Tuesday, September 10, 2024 at 4:30 pm
