#### SUPPLIES:

- Scientific calculator
- Pencils (NO PENS)
- 1 inch binder
- Paper
- Earbuds/headphones

Welcome to 7<sup>th</sup> grade math! Throughout the year we will be working hard to master the 7<sup>th</sup> grade common core standards. Students will need to work diligently throughout the year to master these standards. Students should be completing math work daily. I encourage students who have questions or concerns to communicate with me (either through the chat feature in Teams or ask me during their scheduled math class). **I will be available to chat with students and respond to emails from parent/guardians from 7:55-2:55 every school day. Students and parents/guardians can communicate with me outside those hours, and I will respond during the next school day.** I am looking forward to a great school year! ☺

#### GRADING:

Grades will be calculated using a total points system. All assignments including homework, quizzes, projects, and tests will be assigned a point value. To calculate a student's grade, divide the number of points a student earned by the total number of points possible. I **try** to update my gradebook in Parent/Student Portal at least once a day. Please use this feature to check and monitor your child's grade and average. During a typical marking period, students should expect:

- Homework assignments: 4-5 nights per week, about 10-20 points each
- Quizzes : 0-2 per quarter, About 25-50 points each
- Tests: 2-3 per quarter, About 100 points each
- Projects and group challenges: when possible, points vary

#### HOMEWORK:

- Homework assignments are posted weekly on my webpage, sent to parents via email, and sent in a message through ParentSquare.
  - Students will fill out their agendas in class for the week on Monday (or the first day of week).
- Homework is due the day after it is assigned (unless otherwise stated).
- All late homework assignments for a chapter are due the day after the chapter test. Any homework turned in after that date will not be accepted.
- Revisions can be made on all homework assignments.
  - Revisions are due by the end of the day after the chapter test.
  - Students can earn up to full credit back on assignments that are revised.
- If a student is absent, the student is responsible for completing the work that they missed.
  - Please check the "posts" & "files" section in the Teams math class and the absent work bin in the classroom to find out what was missed.

---

**Sign below to indicate that you have gone over this sheet with your child.**

**Please detach, fill out legibly, and return this portion to Mrs. Marconi by Friday, September 9<sup>th</sup>.**

Student's Name: \_\_\_\_\_ Parent/Guardian's Name: \_\_\_\_\_

Parent/Guardian's Email Address: \_\_\_\_\_

*\*I send out weekly emails letting you know what is going on in math class. Please write down an email address that you check on a regular basis so that you get the updates.*
