Goreword

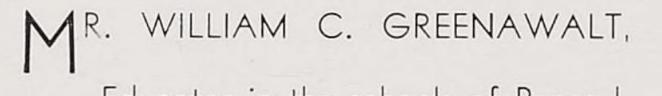

DEMOCRACY emphasizes the rights, the freedom and the importance of the common man in organized society. It

is not merely a form of government but a way of life, a set of social habits, a code of ethics. If our Democracy is to survive and prosper, it needs must be based upon right instincts and democratic habits in the course of education.

This yearbook is an attempt to picture the Olean High School as a factor in developing these instincts and habits. Upon these pages are pictured those who teach and those who are taught, both alike eager to attempt, not only to preserve our democracy, but to conserve the advances made in human progress.

Educator in the schools of Pennsylvania and New York for thirty-eight years; Superintendent of Schools in Olean, New York, for twenty years; Friend and Leader during all our school days; a glorious example of a worthy Promoter of democratic ideals—to him, in a spirit of grateful appreciation, we respectfully dedicate this book.

Alma Mater

Oh! Alma Mater fair and true Thy honor we acclaim, We rally 'round the Red and Gold To laud they noble name. In thee we students shall renew Our faith of days gone by; Across the years, we'll live anew Thy spirit, Olean High, Across the years, we'll live anew Thy spirit, Olean High.

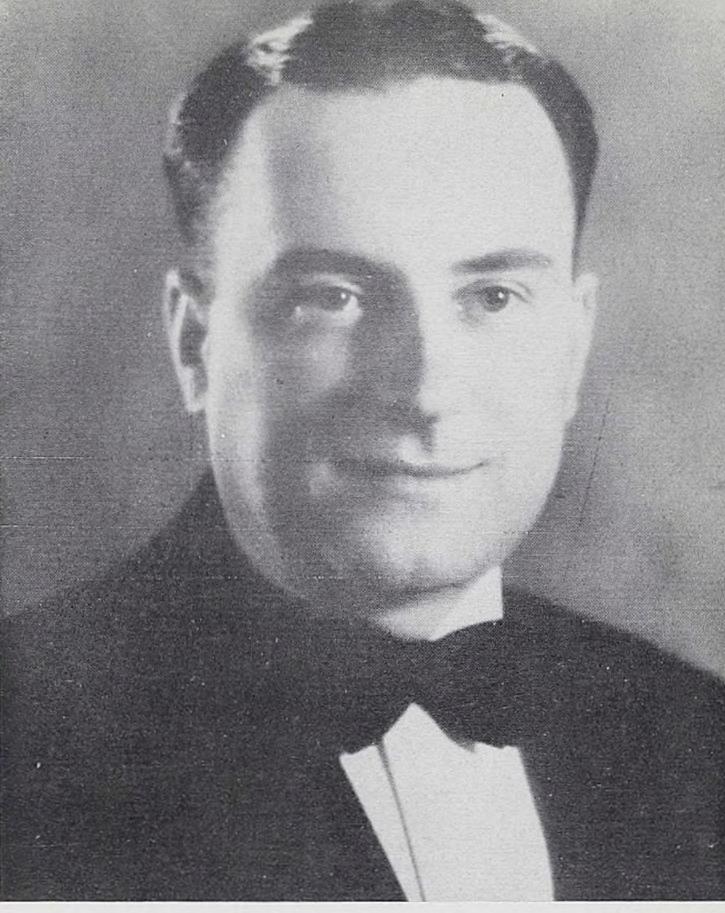

Dear Olean, thy loving ways And charms will ever be, Those memories of golden days, Those friends and hearts so free; To thee we pledge thy honor due, And parting sound thy cheers; Our thoughts of you, so staunch, so true, Will live through all the years, Our thoughts of you, so staunch, so true, Will live through all the years.

- BRADY SHOFF

JOHN W. FITZGERALD 1940 1901

WE pay tribute, on this page, to a long and tender friendship which the Olean High School Student Body felt for "Johnny" Fitzgerald.

He was the President of the Class of 1920; and the class memorial of that year was the sun dial on our Campus, commemorating those who sacrificed their lives in the World War. This suggests the thoughtfulness of others that "Johnny" always possessed.

We loved him later for his unusual musical talent, so generously given; and also for his friendly, kindly, personality, so unusual and yet so genuine.

He will live long in our memories.

America the Beautiful

O beautiful for spacious skies, For amber waves of grain, For purple mountain majesties Above the fruited plain! America! America! God shed His grace on thee And crown thy good with brotherhood From sea to shining sea! O beautiful for heroes proved In liberating strife, Who more than self their country loved, And mercy more than life! America! America! May God thy gold refine Till all success be nobleness And every gain divine!

O beautiful for pilgrim feet, Whose stern, impassioned stress A thoroughfare for freedom beat Across the wilderness! America! America! God mend thine every flaw, Confirm thy soul in self-control, Thy liberty in law! O beautiful for patriot dream That sees beyond the years Thine alabaster cities gleam Undimmed by human tears! America! America! God shed His grace on thee And crown thy good with brotherhood From sea to shining sea!

Our School

SCHOOL life, as life in general, is of many phases. The modern school stresses student action rather than student passivity and conformity. Student activities mean wider experiences, self-direction under mature counsel and guidance, enriched acquaintance with pupils of similar tastes, and opportunity for accomplishment in socialized programs.

Participation in the various activities which the school offers means enlarged fields for self-

expression; a trend, oftentimes, toward things vocational; and, in general, the resourcefulness and poise of the well-rounded self.

And last, but far from least, the working together in the promotion of student projects is the best possible training for the duties and responsibilities of CITIZENSHIP.

The school of enriched student activities is the purposeful school of a DEMOCRACY.

# 1440 The Library 1940

THE class of 1940 has the honor of being graduated on the 500th anniversary of the invention of the movable type printing press by Johannes Gutenberg. Replicas of this press and those of Bishop Zumarraga and Stephen Daye, the first presses in America and Massachusetts respectively, were displayed in March at the Friedsam Library of St. Bonaventure College, which owns them, and loaned in April to the Olean Public Library.

In our library this anniversary has been marked by the unusual number of gift books and periodicals.

First Mr. F. H. Tapp donated a 12 volume set of World Epochs, published by the American Flag Association. Then our Drama Department, under Miss Elizabeth Herzog, transferred nine plays to the library. Faculty members contributed as follows: Miss Elizabeth Baldwin thirty-three volumes, Miss Katherine Karl two, Miss Lotta Hobart three, Miss Helena Schleich six and Miss Abigail York two.

"She Stoops To Conquer" by Goldsmith, and 29 plays of Shakespeare in the Temple edition, presented last year by Mrs. L. H. Ballard, were recased by the librarian and put into circulation this year.

The above gifts totaled 97 volumes.

The Misses Hobart, Schleich, Janet Sibley, Wombough and York donated back numbers of the Atlantic, Fortune, Harper's, Reader's Digest and Theatre Arts Magazines.

THE Olean High School P. T. A. is a unit of the National and also the New York State Congress of Parent-Teacher Associations. This association works with the school in all programs for the betterment of youth conditions in the community. Its aim is: To promote a better understanding between the home and the school.

The Olean High School organization has been very fortunate in having the very fullest cooperation from the faculty in all its activities. The programs for the various meetings were based on the theme—Education for American Life. They were carried out in an instructive and entertaining manner.

A high-light of the programs was the play, "The Bishop's Candlesticks," given by members of the Dramatic Club under the direction of Miss Elizabeth Herzog.

As an aid to the pleasant friendly atmosphere of many meetings, refreshments were served by the Home Economics Classes under the supervision of Miss Jessie Wall. The success of the Bumble Bee Prince Operetta was added to by the High School chorus under the direction of Miss Gladys Robertson. The Commercial Department under the supervision of Miss Mitchell provided the programs for this entertainment.

Altogether, the officers and chairmen look back on a very pleasant year.

THE COUNCIL for 1939-40 organized on September 23rd. The following week another meeting was held for the purpose of selecting cheerleaders, an annual duty. The work of the different candidates was observed during the first few football games and final decisions were made. Those chosen to serve for the year were Eleanor Saylor, chief, Gloria Ash, Aldo Jacobus, Betty Varley, Peggy George and Ruth Hannes.

Other responsibilities taken over by the Council were: assistance in carrying on the Vocational Institute, and the promotion in the school of the Finnish Relief Fund that was being carried out in the city. With the co-operation of the students a floral offering was arranged for the funeral of our beloved "Johnny" Fitzgerald.

Several meetings concerning the 20-point letter were held. A new list was drawn up, adding credits for several new activities and omitting certain others that are no longer current in the student body. At the close of the year framed 20-point letter certificates were awarded to seniors who had been prominent in school activities.

# H. M. S. Pinafore

THE musically minded public of Olean attended the showing of the second operetta, H. M. S. Pinafore, in the High School Auditorium, November 17, 1939. This performance emphasized the importance of the dramatic and musical work being

done in the High School music classes.

Sir Joseph Porter, First Lord of the Admiralty, sought the hand of Josephine, but was thwarted because of Josephine's love for a lowly seaman, Ralph Rockstraw. "Little Buttercup" upsets the whole situation by revealing the fact that Ralph is the well-born one who should be in command of the ship. This matter brings about the marriage of Josephine and Ralph, while Sir Joseph has to be content with his cousin, Hebe.

Mr. Joseph Cassidy, of St. Bonaventure College, presented an excellent performance in the role of Sir Joseph Porter, First Lord of the Admiralty.

Mr. Donald Wittenburg of the Olean High School faculty very capably filled the role of Captain Corcoran while Beverly Bowser, member of the Olean High School student body, very ably assumed the role of Josephine.

A feature of the operetta was the excellent work of the High School choruses.

Much credit is due Miss Robertson as musical director and to Miss Gladys Apitzsch, as accompanist. Costumes were in charge of Mrs. Joyce Wallace, Miss Dora Reed and Mr. Paul Souders. Jeanne Elliott directed the dances.

Seated: J. Colebert, G. Fitzpatrick, D. Grosse, B. George, Seward Carrick, D. Brant, D. Purdy, V. Rycraft. Standing: P. Frable, F. Colby (promptress), P. Sturm, Miss Herzog (director), S. Yaw, N. Stevens, T. Fitzpatrick.

A PRIL 19, "June Mad", the annual Senior Play was presented to a large audience. With perfect casting, able direction and intelligent acting, "June Mad" was a complete success.

Betty George playing the role of Penny, the love stricken, innocent young writer, dancer and woman, and Chuck Harris (Seward Carrick) her glider-flying boy friend, play the leading roles.

Penny's efforts to show the ultra sophisticated, man-of-the-world, Roger Van Vleck (Douglas Purdy) that she was a woman of the world brought havoc to the Wood domicile, presided over by Doctor and Mrs. Wood. These two parts, played by Grey Fitzpatrick and Dorothy Grosse, brought back fond memories to other parents, as Penny was sympathetically guided through the rigors and pains of growing up.

Penny's problem, Roger, was brought home from college by Penny's Uncle Mervyn (Sheldon Yaw). Unforseen complications arose when Roger, the charmer he was, captivated Chuck's sister, and Mervyn's girl, the cool, ravishing Julie (Virginia Rycraft). But Roger was not Mervyn's only problem, for Mervyn was the object of the amusing but unwelcome attentions of the neighborhood's pest, little Milly Lou (Dorothy Brant), who saw all, knew all, and told all—helped by the Wentworths, (Paul Frable and June Colebert).

Roger was not Chuck's only concern, either, for his stern father (Paul Sturm) violently opposed Chuck's passion for glider flying. However, with the aid of comical Elmer Tuttle (Terry Fitzpatrick), Chuck finally won over his father and Penny, who, by this time, had fallen completely under the charm of Roger, by making a record flight in his home-made glider.

Not to be forgotten is the amusing, matter-of-fact, Effie (Norene Stevens), the Wood's maid, who was constantly trying to keep her slip from showing but couldn't. She kept the Wood's family supplied with food, but never could endure the constant stream of company brought in by everybody, including Milly Lou.

"June Mad" was a source of great joy and merry laughter and was exceptionally well done.

THE WAYSIDE is a club composed of Junior and Senior high school girls which organized about forty years ago. Since that time, the club has stood at the head of the many activities of our school. The emblem of the Wayside is a W with three dots above, signifying love, loyalty, and friendliness—everything we try to make Wayside stand for.

In carrying out our activities this year, we strove to obtain and make use of a practical knowledge of parliamentary law and to promote a degree of intellectual and social improvement, all of which goes to make interesting young women. Our activities for the year started with talks given by prominent persons, including a very interesting review on parliamentary procedure given by Miss Percival of our High School faculty. Some other very worthwhile programs included colored moving pictures of America's National Parks shown by Miss Mitchell; a talk on the South by Miss Gould; and a very inspirational address on "Signs of Leadership", by Mr. Fisher, Secretary of the YMCA of Olean. An interesting account of bird migration was enjoyed in April.

Plans were made later in the season for the annual spring dance. Music, provided by Steve "Bubbles" Cartwright and his Bachelors was enthusiastically enjoyed. This dance, June 7, was the last social event of the Wayside year.

N this democratic institution in a great democratic nation, students are given every opportunity to develop their talents. The Sketch Club is an organization of students who are especially interested in the study of Art. Meetings are held weekly and there is always an interesting program.

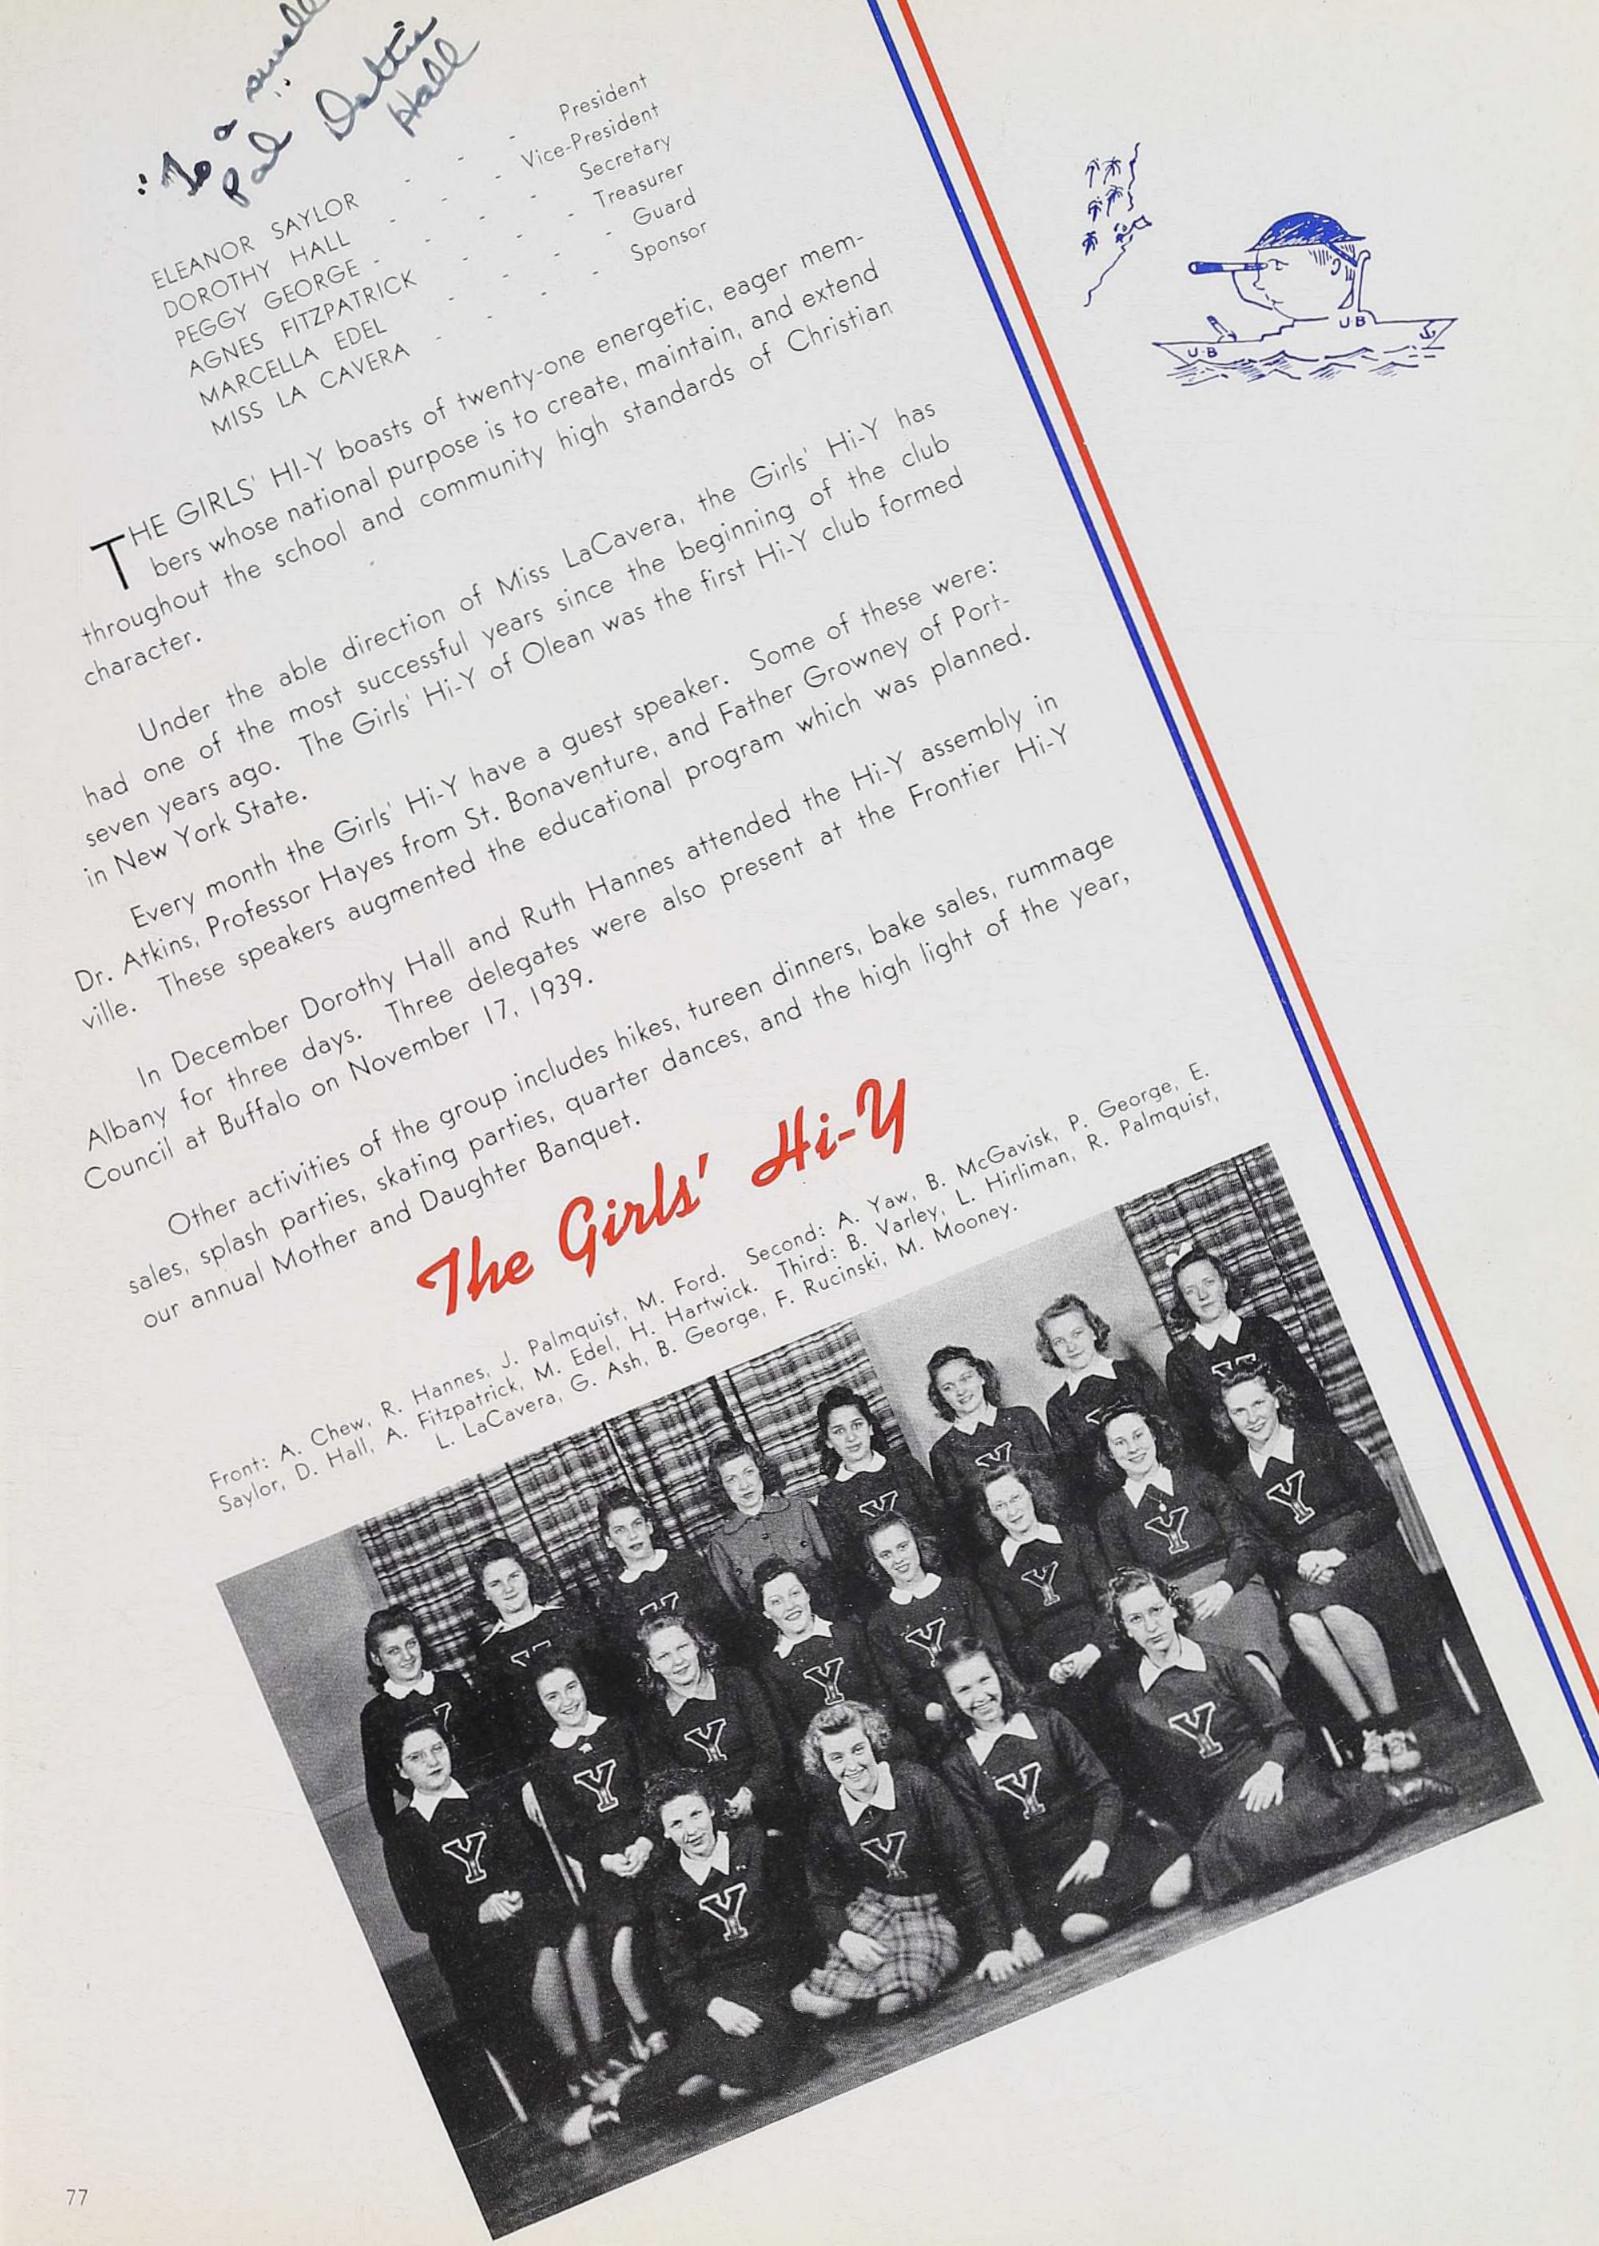

Members exercise their talents in various types of sketching usually from life models. Among the models were Charles Seltz, Dorothy Brant, Loretta Kranz in a Spanish costume, Clara Martinelli in a gypsy costume, and members of the "June Mad" play cast.

One of the most enjoyable programs of the Sketch Club was a party held in December. Members visited Miss Moore's studio where Mr. John York gave an interesting talk on art. Then everyone returned to the Art room where refreshments and dancing were enjoyed.

During the year students had the pleasure of having as guest speaker, Mr. Metcalf Shaffer, well-known local architect. Mr. Shaffer discussed as his topic, Modern Art, using various books to show illustrations of its development. He gave an analogy of the art of the past with that of the art of the cubists and surealists. Students had opportunity to study the work of Rousseau, the primitive painter, Van Gogh, Surat, Cezanne, Matisse, Modigliani, Braque and Picasso.

N April, 1939, the AMC Club was reorganized by a small group of High School girls who were members of the YMCA. Today the membership has increased to twenty. Each girl is encouraged to participate in all activities of the "Y" and to develop herself both mentally and physically. During the past year, the AMC has attended several lectures—educational, vocational, and religious. Their social activities have consisted of dances, dinners, a sleigh ride, a splash party, and a roller-skating party. Through a well-rounded program, the girls strive to become well-rounded individuals, a necessity for a successful democracy.

In December of 1939, the AMC Club sent Dorothy Grosse as a delegate to the Hi-Y Assembly in Albany. At this Assembly, the delegates studied the government of New York State and learned through actual experience the processes of law making. The purpose of this Assembly is to make the youths of today into well-educated citizens and office-holders in the future, another necessity of a successful democracy.

This year the AMC Club has a goal for which it is striving—World Service. By contributing to the World Service Council, which sends YMCA secretaries over the world to train youth in Christianity, the club will be helping to spread Christianity and Democracy. And today, those are two of the things the world needs most.

MEMBERS of Le Cercle Francais may well remember the sixth year of this organization because of the many interesting and entertaining meetings which were held during the school term.

At one of the most successful meetings, Miss Schleich, our librarian, read a vivid and very colorful play, "Joan of Arc". This was of much interest to all French students and was enjoyed by all present.

At another meeting, Miss Mona Bos, a reporter from Holland, entertained Le Cercle Francais by telling about her trip to France. Miss Bos discussed fully all questions which were asked. She also amused everyone by giving her impressions of our country.

One meeting was given over to the singing of French songs and playing of French games; another which was held the week before Christmas vacation was devoted to translating in French the ever popular Christmas poem, "The Night Before Christmas". A play, "Paris Interlude", was given another week.

Many new members have joined Le Cercle Francais this term and it is hoped that we will have an even greater attendance next term, when just as many, if not more interesting projects will be carried out.

DOROTHY GROSSE - - - - - President AUDREY TAYLOR - - - - Vice-President ALICE GENE MURRAY - - - - Secretary HELEN DORLAND - - - - - Treasurer MISS WALL MRS. WALLACE MRS. HATFIELD MISS REED Advisers

THE HOME ECONOMICS CLUB is an organization of girls who are students in the Home Economics Department. Meetings are held once a month in the apartment, and, after the business meeting is over, a social hour is held.

During the social hour, refreshments are served by girls from one of the Home Economics classes. Cooperation is taught along with the principles of entertaining. A friendly spirit prevails and every member is encouraged to participate in the conversation. Quizzes on Home Economics subjects and on questions of etiquette have been held, with mystery prizes for the winners. All the teachers from the Home Economics Department are present, and a friendly bond is established between them and their students.

At Christmas time, baskets of food and toys were distributed. This is characteristic of the spirit of service that is encouraged in the club. The girls learn how to be better and more helpful individuals in their homes and in their communities.

Thus the spirit of service and cooperation that has been taught in the club carries on in each girl's home. And it is from these homes that the good citizens of the future come to help to preserve and better our democracy.

THE STAMP CLUB was organized when activities began in the new school. The interests of the members vary. Many members collect United States stamps, both used and unused, and blocks of fours. Others specialized in covers and still others are general collectors.

Stamp collecting has been spoken of as "the king of hobbies and the hobby of kings." This is a broad statement, but true. It can take the place of books and travel for the collector who can not afford such, and it can provide a pastime for the greatest of men. Stamp collecting provides education along many lines such as geography, history and literature and art.

Since we are all interested in our great and peaceful country, I think it best, at this time, to discuss the stamps of our country. In 1893, the United States issued a set of sixteen stamps called the Columbian Issue. This set commemorates the great event in American History back in 1492. Since then, presidents, famous American patriots, explorers, soldiers and seamen, inventors, inventions, wars and battles, historical and present day events, states and their famous places, all have been honored on stamps of the United States.

Stamp collecting increases one's love for his country, develops one's knowledge of the history and geography and makes better citizens of the boys and girls by providing an interesting, educational, and patriotic pastime.

A LL you intelligent high school students look out! Why? Because you are about to be asked a very simple question that might prove difficult to answer. The question is:

What is every person expected to know about?

The answer is: Their city, of course!

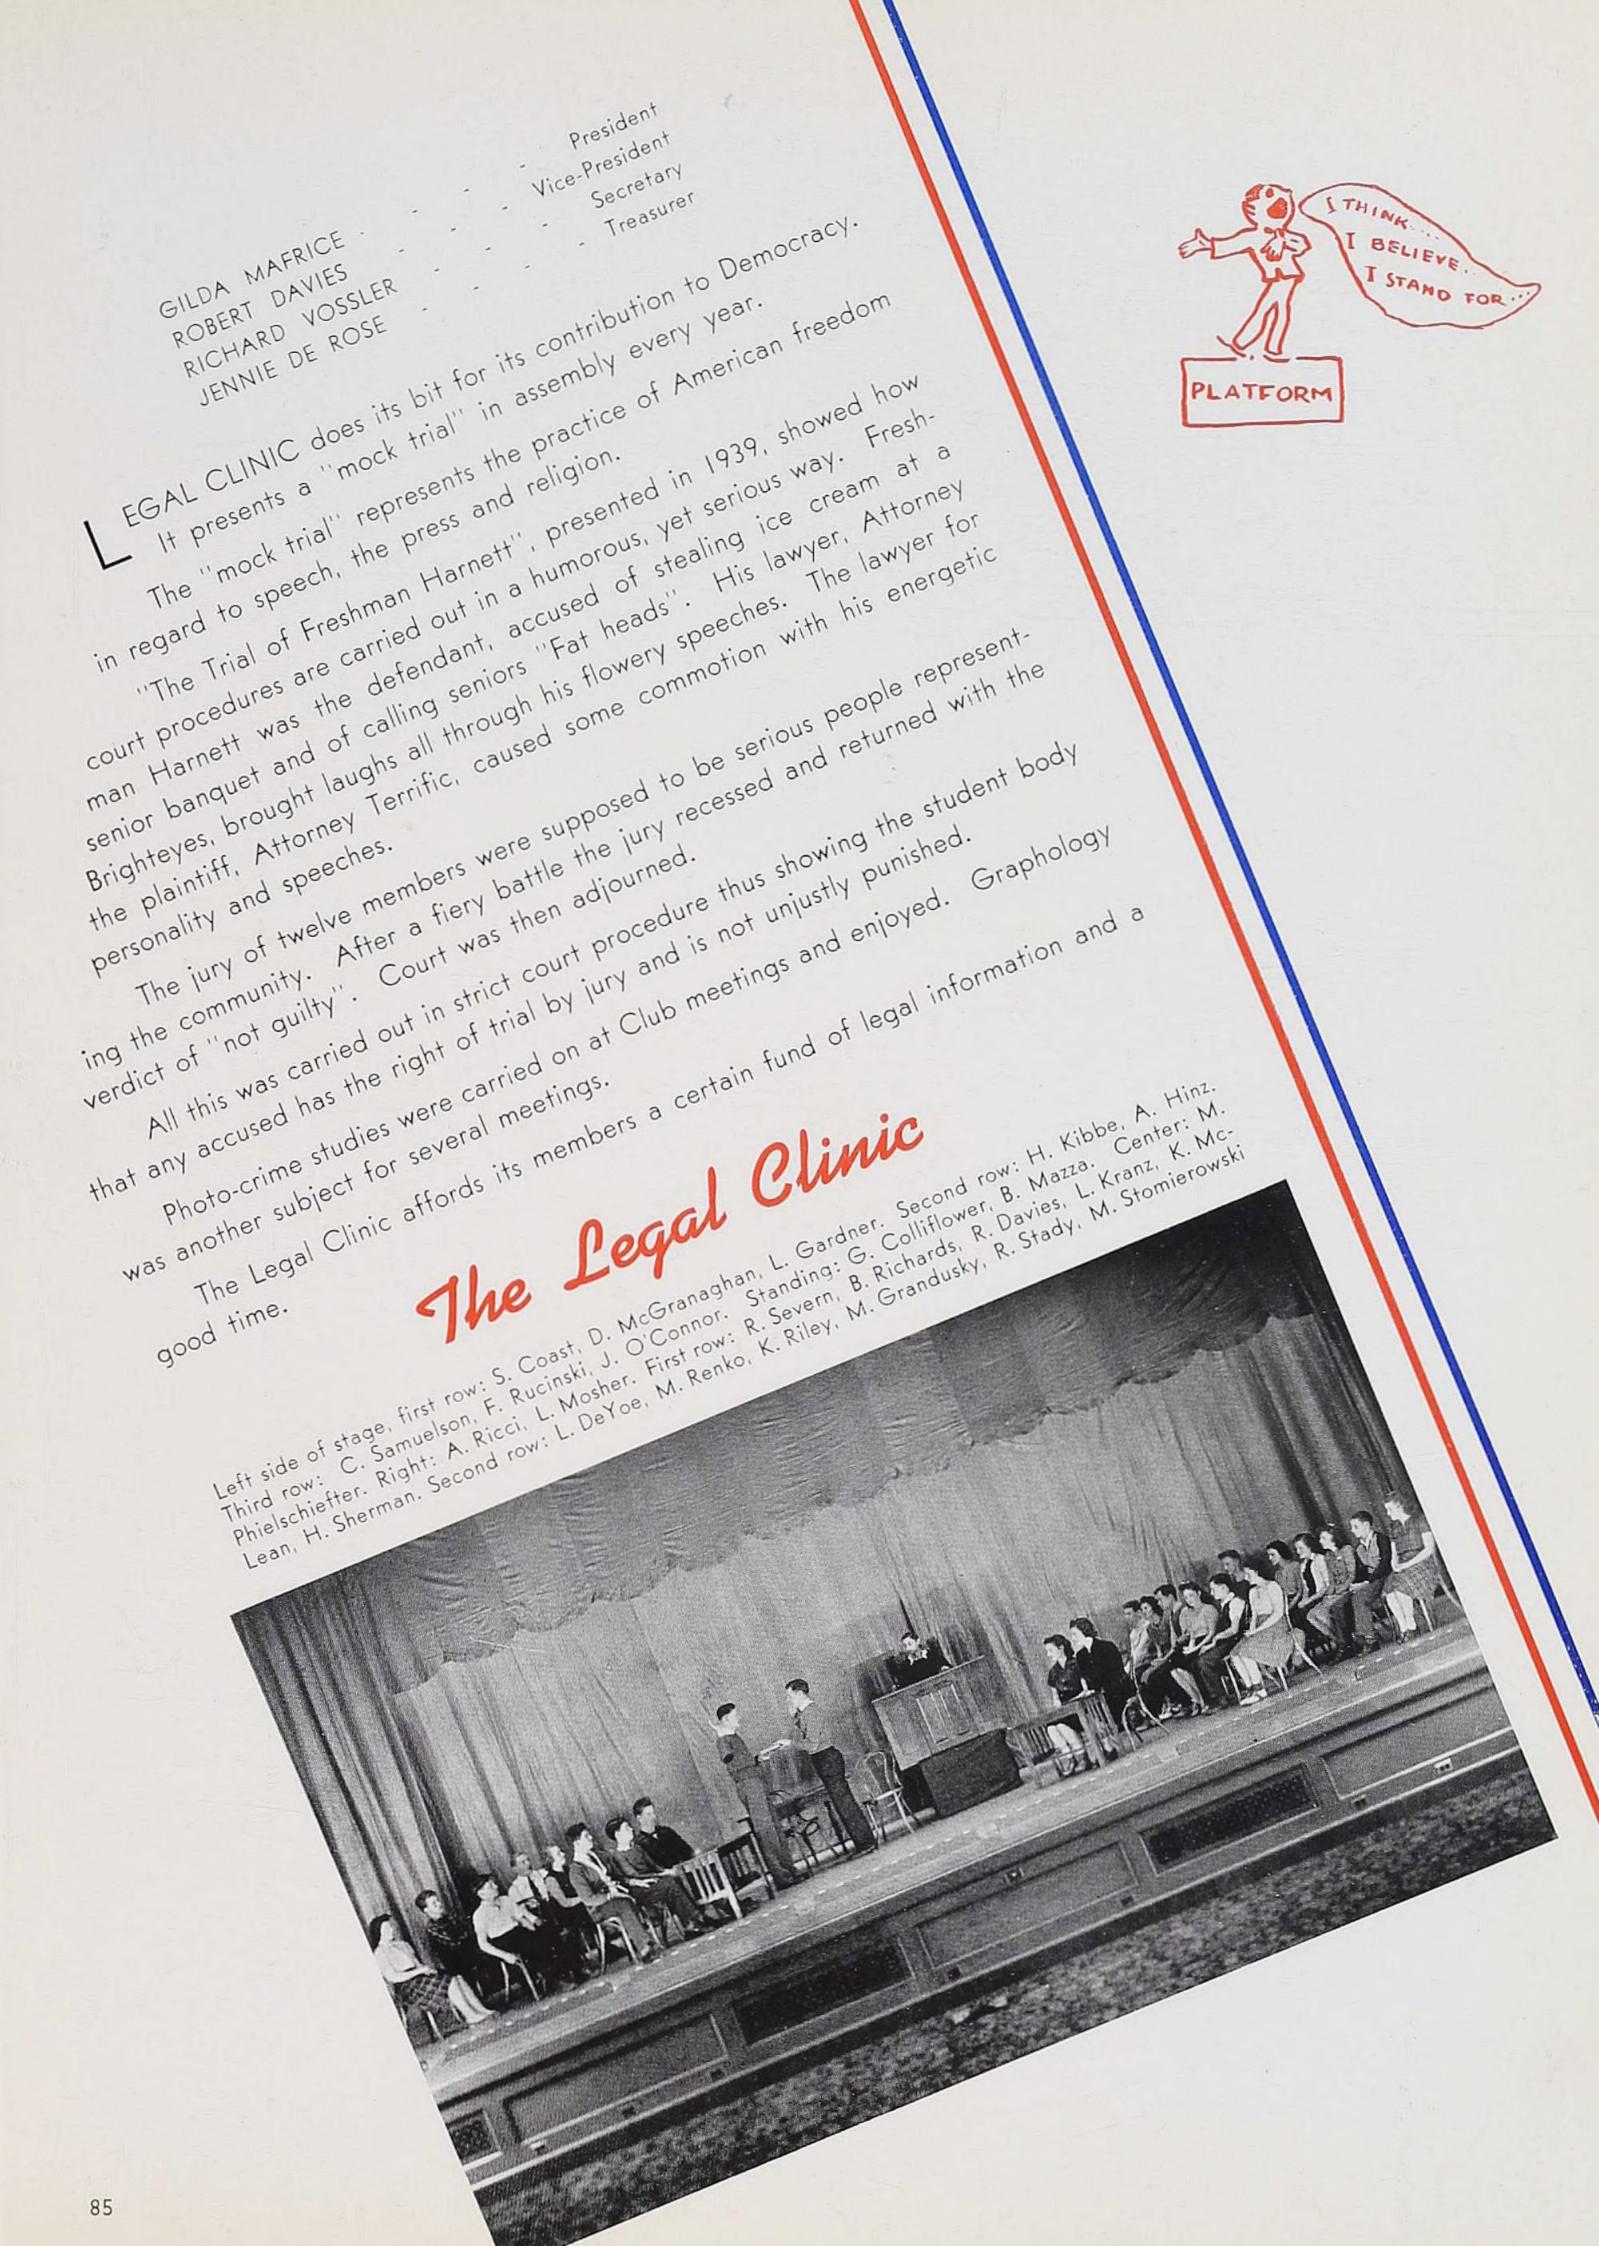

That was really a simple question, but now can you answer this one? Do you know all there is to know about your city?

Most of us would probably answer this question with a loud "No."

But if you do want to learn all there is to know about your city that is just what you learn in the Know Your Own City Club. The club's chief purpose is to acquaint the members with the civic, industrial, cultural, religious and educational life of Olean. The club also endeavors to point out the opportunities which Olean offers to its people. In acquainting its members with the community life of Olean, the club has visited many interesting places, such as St. Francis Hospital, the Tile Plant, Armours, the Times-Herald, the Sibley & Almy Co., the Glass plant, the Telephone Company, St. Bonaventure College, the Jewish Synagogue, Stroehmann's Bakery, the Jail, the Post Office, Daystrom's and Station WHDL. The club has also attended Common Council meetings.

Thus you see how the club aids one in becoming acquainted with Olean.

THE OLEAN HIGH SCHOOL FOREIGN CORRESPONDENCE CLUB has enjoyed a second year of activity. The aim of the organization is to give high school students an opportunity to correspond in English with boys and girls abroad and to make friends with them. This friendship engenders a feeling of good will.

The American students write the first letters in English. This language is what the students abroad want, as it is either their native tongue or they have learned it in school. The letters are all personal ones about school life, vacations, sports, the family, the town or city, and the native country of the correspondents. The club meetings are held every two weeks on Wednesdays, and anyone interested is eligible to join and is cordially welcomed.

The Correspondence Club has found all this to be real fun and a sure way of getting up-to-date, direct information about life in other countries. The letters make the American student appreciate his own country. During the meetings, the students read and discuss letters received. They also bring for display, snapshots, postcards, coins, and small gifts that have been sent in the various communications.

It is hoped that the student body will continue this organization which has had such a successful beginning and make it one of the permanent clubs of the school. Who knows but that some day some of the club members may have an opportunity to meet their friends abroad?

CASIMIR J. SERMAK - - - - President JENNIE DE ROSE - - - - - Vice-President ROBERT NUTT - - - - Secretary and Treasurer

THE CAMERA CLUB, under the leadership of Casimir J. Sermak, has been very active throughout the past year. Determined to live up to the standards set up by past camera clubs, the club began its existence with an inspired spirit, full of vigor and enthusiasm. The re-establishment of the organization for the school year became a reality in October of 1939. It adopted the following objectives:

- 1. To acquaint its members with the mechanics of picture taking.
- To teach those members who are interested the basic techniques of picture development.
- 3. To develop an appreciation of good composition in pictures.
- 4. To learn to work and play harmoniously together or quietly and unobtrusively alone.

In almost every profession photography is being made a basic tool. It is becoming increasingly more important as a medium for dispensing the news. In a free country with a free and fair press, the photograph uncensored and undoctored for propaganda purposes has a chance to make its greatest contribution to the art of news dessemination and, consequently its greatest impetus for the perpetuation of democracy. The club hopes that its members learn this.

A part of the yearly program of the club consists of putting on one rather modest exhibit of the best work of the club members. The club works with the yearbook staff on making up the snap-shot page of the yearbook, and occasionally a member contributes a picture to the newspaper.

THE CHESS AND CHECKERS CLUB which was organized three years ago has been very active during this school year. The success of this club is due to the efforts of Mrs. Cowell and Miss Coburn, the club's faculty advisers, and a few of the club members who have put forth special effort in trying to make the club a success in being present at nearly every meeting. Some of these members are: Joseph Eade, Bill Pelton, Jack Donoian, Patricia Brissee, and James Pratt.

Again this year the club was honored by the presence of William Ryan, who is the champion checker player of this section of the country. Mr. Ryan played the most outstanding checker players in Olean and also Samuel Bader and Joseph Eade, members of the Chess and Checkers Club.

This club was organized for the pupils of every class of high school to spend their leisure time enjoyably matching wits. In doing this they have secured members who are of different nationalties, but who are all good American boys and girls. The club is governed by these pupils just like any democratic form of government.

Chess and Checkers Club would like to see your name on the membership list next semester. Won't you join then?

THE PING-PONG CLUB, which was organized last year has been one of the most interesting and most active clubs of the school. Through the efforts of Miss Casey and Miss Pratt, the faculty advisers, and a few of the most active members, it has become one of the most successful clubs in Olean High School. Its regular meetings are held every Friday afternoon in the High School cafeteria.

Miss Casey and some members of her English classes conceived the idea of such a club. So, at present, the club has not only members from Miss Casey's classes but also from nearly every class in high school. The club is governed by all these pupils with the officers at the head, as any democratic form of government.

The above photograph was made possible through the cooperation of the students of Olean High School, in participating in a dime-dance which was held April 8th of this semester.

Next year it is hoped that the membership of thirty-five active members may be raised to at least twice that many. In a club like this a large membership and regular attendance at meetings stimulates the enthusiasm and thereby increases the fun.

#### Advisers

THE greatest "cutter uppers" in the school congregate in room 314 every Friday night to see what they can do with a pair of scissors, a jar of paste, and a vivid imagination.

Now to look in on a typical meeting:

From the back of the room-"Miss Cieri, I can't find the paste!"

"Paste! What are you going to paste now, Marian?"

"Oh! (with a sigh) the write-up of the most important event in my life—my first Junior Prom and my escort was as handsome as Tyrone Power, Catherine."

"I just found a picture of him and Annabella at a baseball game."

"A baseball game? Dotty and I should have one of those for our sports book" and this sort of chatter continues until Miss Randall suggests that they lay down their scissors, stack up their books, screw the top on the paste jar and put their imagination on the shelf until next week.

A variety of scrap books have been made by the girls. Among them are: Movie Stars, Sports, Miscellaneous Greeting Cards, Styles, Campus Events, and a particularly interesting Memory Scrap Book by Marjorie Brunner.

EUNICE SALMEN - - - - Secretary and Treasurer

THE FIRST AID CLUB, under the auspices of the American Red Cross, was reorganized at the beginning of this school term.

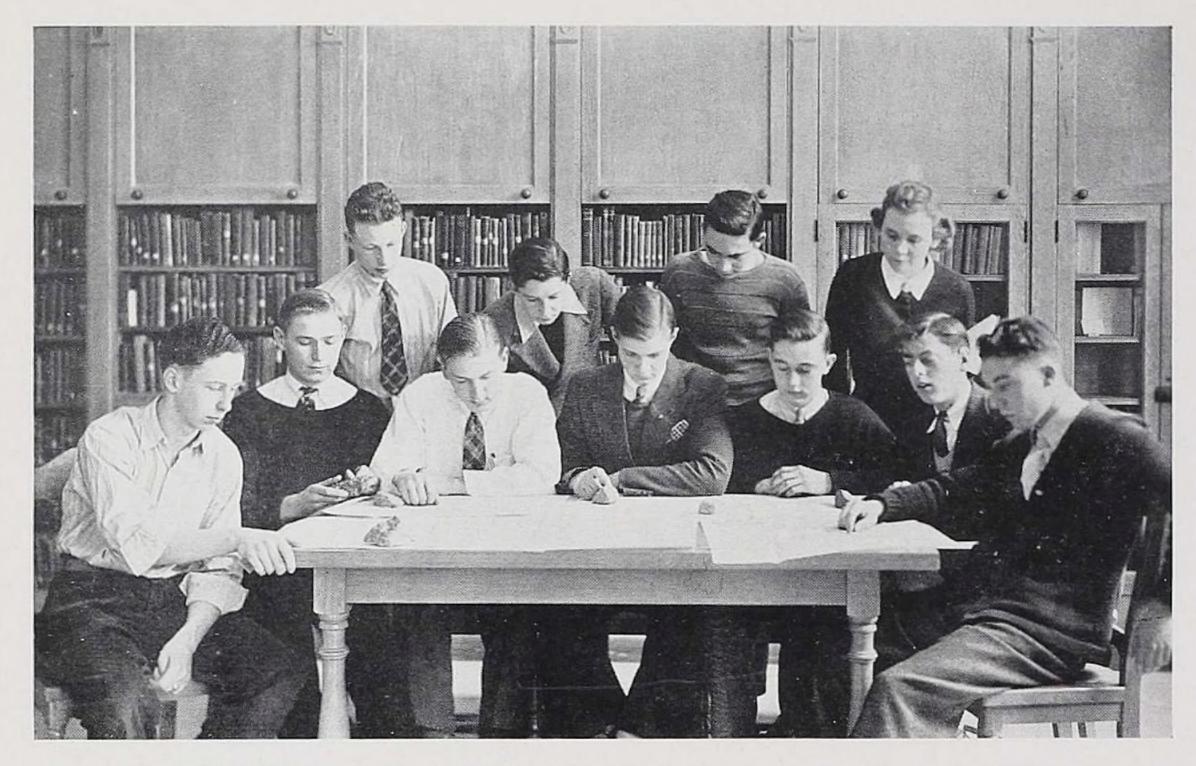

The course of study covered the care of the body, which was taught with the aid of a very human and highly decorated skeleton; fractures; bandaging; the care of wounds; treatment of minor ailments; and artificial respiration. Dr. Greenleaf gave a very interesting talk on the treatment of dog and snake bites.

Those interested in Nursing, Boy or Girl Scout work, or Camp Fire work, have found the subject very beneficial.

Among the social activities sponsored by the club were a Christmas party, a dime dance, and a picnic all of which were greatly enjoyed.

Junior and Standard Certificates were awarded at the completion of the course by the American Red Cross. The instructors, who were Miss Gould and Miss Ehman, hold Standard Instructors' Certificates.

The course is one which is both practical and interesting. It is American, too, because it teaches the value of a well trained body to go with a well trained mind which makes a competent citizen in a democracy such as ours.

The Geology Club

DICK VOSSLER - - - - President JACK LYONS - - - - - Vice-President CARL SAMUELSON - - - Secretary and Treasurer

THE GEOLOGY CLUB is the newest of all the clubs to show its face on the list of the extra-curricular activities. It is sponsored by Miss Walsh, who has quite an extensive collection of rocks bearing various minerals. The members of the club are making a careful study of the topography of the local and surrounding areas.

Miss Walsh has also a large collection of maps of New York State and the surrounding territory. Each is an accurate map of a small section of the state, usually a city or a group of small towns. These maps bring out very distinctly and clearly a picture of the surface features of each definite area. Some of the individual members have purchased their own maps of Olean and vicinity.

It is a very interesting and profitable pastime to study the surface features of one's own neighborhood and town. The club is also enjoying a study of the various theories on the formations of the earth. Much interest prevails within this group and the knowledge gained by careful investigation and reports is of real value to all.

Varsity Gootball

# CORNING FREE ACADEMY

THE christening of the 1939 football season for Olean High came on a sunny afternoon in mid-October. The place—Bradner Stadium, the opponent—Corning Free Academy. Corning drew first blood, putting over a counter in the second period after battering Olean's defense into submission. Corning came back to score a gain in the third. After desperate attempts, the Crimson finally connected a pass to Kane for their only score. Fumbles played a big role in Olean's downfall.

# SALAMANCA

THE INDIANS came to town none too highly rated but they did have a big line. Olean had the ball three-fourths of the time and drive after drive fizzled out until two end-arounds, used extensively, clicked for scores. As in the previous game, Olean fumbled! and fumbled!

# ITHACA

THE first out-of-town trip for the Crimson was a failure, though it gave evidence of the prowess of the Olean line. A great Ithaca team, sparked by their brilliant negro halfback, Washington, hung a 12 to 7 defeat on the Crimson. Bob Whipple was the whole show for Olean as he scored both touchdown and extra point. Olean's line bested the Ithacans after the first half and stopped the charging backs.

# DUNKIRK

WITH Bobby Whipple again shining, the Crimson finally rung up victory number two. "Whip" scored Olean's first touchdown after a 40-yard sprint on a puntreturn. Not a single Dunkirk hand was placed upon him. Dunkirk tied the score in the second period, but within a space of two minutes, Olean had two more scores and Dunkirk was beaten.

# JAMESTOWN

J AMESTOWN, an old rival, fell victim to Olean's now fast-moving offensive, but only by a last minute break. The teams battled each other to a standstill at 6-6, but Jack Kane, Crimson end, intercepted a desperate Jamestown pass and Olean tacked up their third victory in five starts. Little did anyone suspect that this would be the last Olean victory.

# HORNELL

W HAT should have been a comparatively easy victory was turned into dour defeat for Olean, as the Red Raiders of Hornell scored a 7-6 upset on a bitterly cold night at the Maple City. Gino Giallanzo scored Hornell's touchdown and all-important extra point. Olean seemed to lack that needed scoring-punch and consequently lost.

# BRADFORD

A S always, our final game of the season was with our traditional rival from across the state line, Bradford. The Owls had piled up a remarkable record of 28 straight victories without a defeat and contemplated keeping their slate clean. This they did with gusto as they proceeded to rend the Olean team to bits with charges and passes. The Crimson had only one chance to score and that faded after four tries from the two-yard line failed. Absent from the game was Olean's powerhouse center, Johnny Adams. Perhaps he would have been of help to the Crimson but ineligibility rules kept him from playing. Thus, after four quarters of merciless hammering, Bradford took full measure of Olean and plastered a humiliating 39-0 defeat on the Crimson. This game ended our football season of 1939.

# INTRAMURAL SPORTS

A FTER being housed in the new school building, the athletic directors of the school, with some inspiration from the State Department of Education, decided to reestablish an intramural sports program. The winters of 1938-1939 and 1939-1940 were devoted to basketball and volleyball, while the summers were open for baseball. This form of athletics is becoming more popular each year with state educational heads and eventually may replace varsity athletics.

As soon as varsity basketball practice is well under way, the athletic directors proceed to organize basketball leagues within the school. After several weeks of play, playoffs are held to determine the winner. In volleyball, leagues are formed primarily for the purpose of instruction for the later varsity team. Assistant Coach Donald Wittenberg has charge of the volleyball teams.

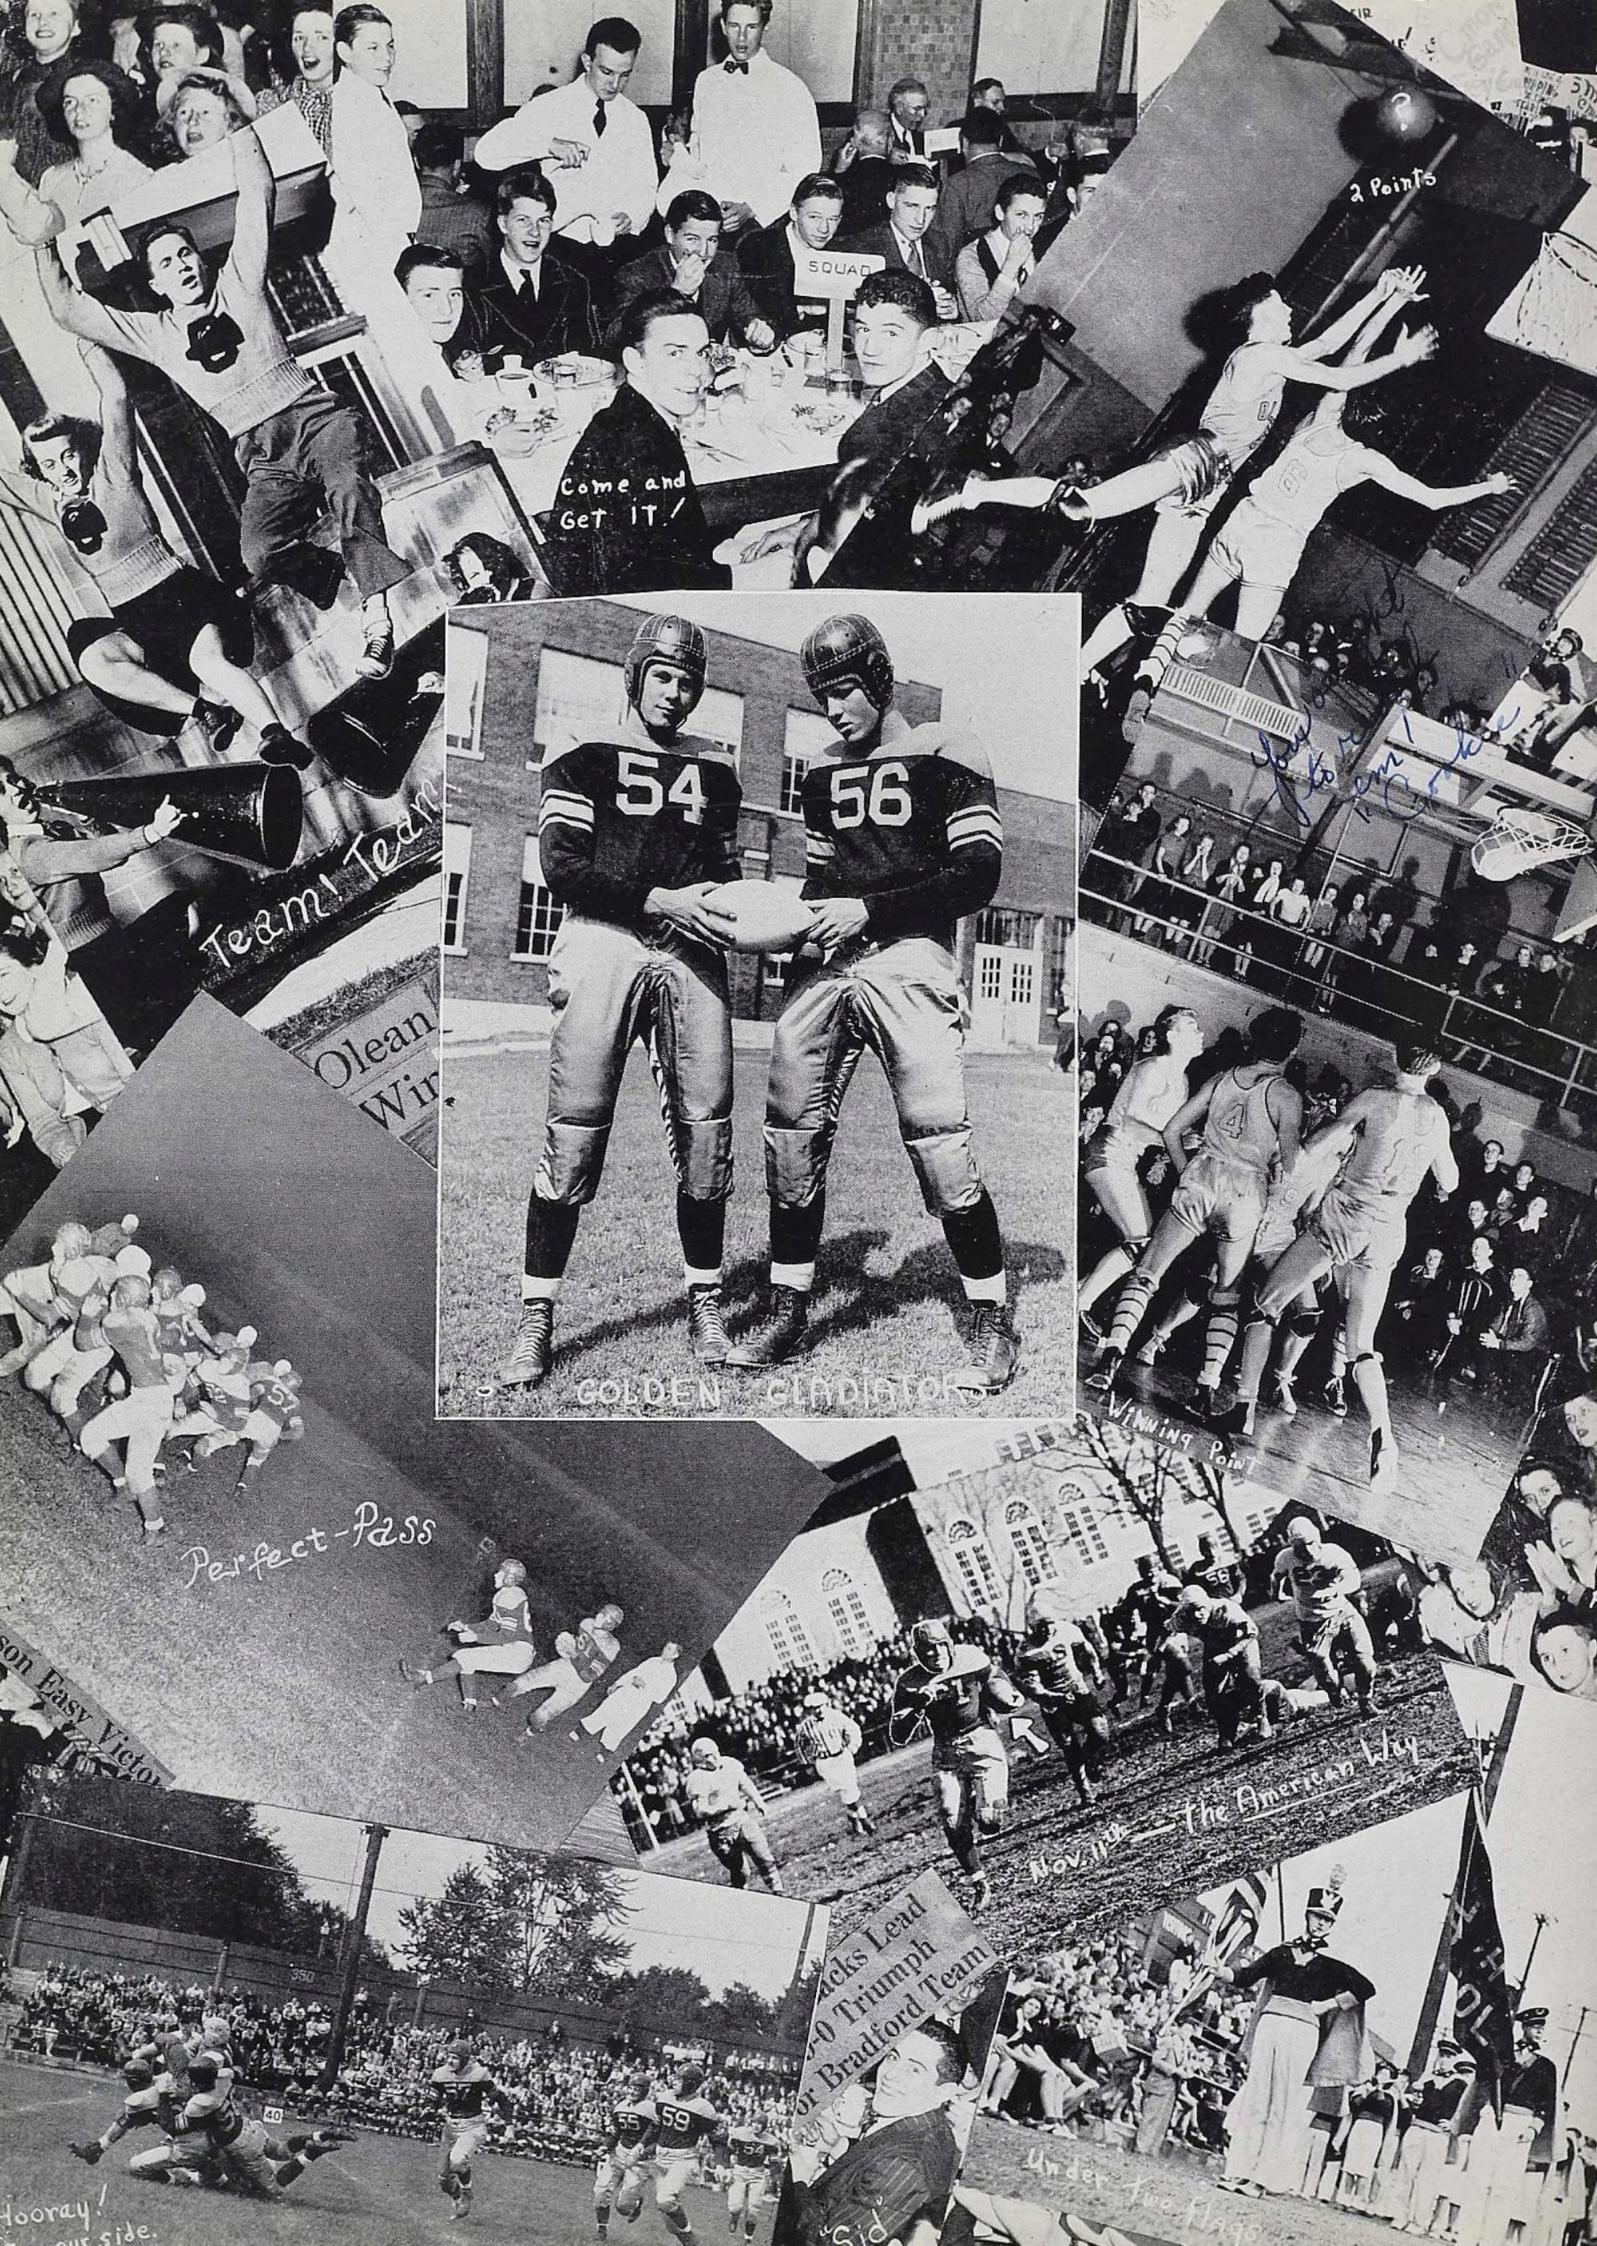

# VOLLEYBALL, BASEBALL AND INTRAMURAL

CR the second consecutive year, Olean High School has organized a varsity volleyball team for Cattaraugus County competition. On Saturday, April 20, at the Olean gym, the county playoffs were held, with a fast aggregation from West Valley taking the honors.

Olean had little success, dropping two games to Franklinville after defeating Little Valley in the first round. The defeat by the Franks eliminated the Crimson from further competition. The Olean High combination was composed of William Taylor, Stanley Swift, Robert Davis, Richard Vossler, Clifford Evans, William Nolder, Charles Tuttle, Henry Haut, Edward Carapelleti, and Robert Nutt.

# BASEBALL

N 1939, Olean High, for the first time in about 15 years reinstated baseball as a varsity athletic. Physical Director Cleon Linderman was appointed coach and before the summer vacation several games were played. During the winter of 1939-1940, a county baseball league was formed of teams from schools in Cattaraugus County and league play began April 30. A complete summary was impossible as this book went to press in April.

Girls' Basketball

SOPHOMORES WIN TITLE

A GAIN this season basketball proved the most popular sport for girls. The teams were divided into two leagues: the Eastern League made up of advanced players, having the names of the eastern colleges; the Western League, made up of Freshmen and beginners, having the names of western colleges.

For the second successive time in the history of girl athletics in this institution, a league team enjoyed an undefeated season. This year the Navy team, composed of Sophomores was undefeated.

The semi-finals game was played between Cornell of the Eastern League, made up of Seniors, against Texas of the Western League of Sophomores. The score was Cornell 38 and Texas II. The winner, Cornell, met Navy for the championship.

High scoring honors for this season goes to Marie "Sis" Smith, Sophomore who accumulated 107 points.

### JUNIORS-CHAMPS

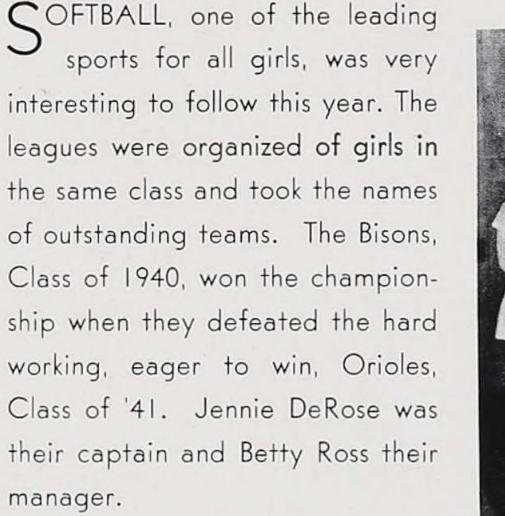

VOLLEYBALL proved to be a very popular sport again this year with thirteen well-mated teams. The leagues were divided according to classes—Seniors A, B and C; Juniors D, E and F; Sophomores G, H, J and K, and the Freshmen teams L, M and N.

The Junior D's captured the Volleyball league championship when they scored a 2-0 victory over the gallant Sophomore G team.

There was plenty of action on the volleyball court this year with all teams showing fine spirit and cooperation.

Dollar Diplomacy

When you graduate from High School you don't expect exactly to conquer the world, but you certainly would like to put yourself "on the map" somewhere.

May we give you a tip? "Dollar diplomacy" will help you a lot. Also, there are no diplomats so forceful and astute as dollars you have earned yourself.

When you go out on the "firing line" of life money will be munitions. Most of it, of course, you will have to earn after you graduate, but if you learn something now about handling money with tact and thrift, it will be of the utmost help to you later.

A little more than a century and one-half ago, the immortal Jefferson in speaking on education said, "Any democratic society that imagines itself half educated and half illiterate, imagines what never was nor never can be." In other words the only safe repository of those institutions that make democracy possible is with an enlightened populace.

As trained soldiers in that great army to whom America looks for her future greatness, I congratulate the graduates of 1940.
