Pomares

Alma Mater

Oh Alma Mater, fair and true
Thy honor we acclaim
We rally 'round the red and gold
To laud thy noble name,
In thee we students shall renew
Our faith of days gone by,
Across the years we'll live anew
Thy spirit, Olean High.

Foreword - - -

All too soon the memories of high school days become faint shadows—shadows which always remain a part of each student's life.

Each new day in Olean High School has brought new experiences—making new friends, joining a new club, participating in an assembly, gaining new bits of knowledge—all of which plays an important part in developing the student's attitudes, ideas, and ideals.

May this 1955 **Congress**—today and in the days to come—be a symbol of cherished high school memories.

My dear Seniors:

If it were humanly possible to raise the resistant veil that obscures the future and each of us were to see his role five, ten or twenty years from today, I am sure that we would experience both happy surprises and unpleasant disappointment.

Fortunately, it is your social inheritance to be citizens of a nation founded upon a recognition of man's intrinsic dignity and worth—where rights are the acknowledged attribute of his divine origin, and freedom in the exercise of those rights is the privilege of all.

Freedom implies both the opportunity to succeed as well as the right to fail. The choice is yours!

As members of the 1955 graduating class of the Olean High School, you are to be commended on having chosen wisely, and I congratulate you in this significant accomplishment.

Be assured as you leave your Alma Mater, that you take with you my sincere good wishes for success and happiness.

Sincerely,
W. CECIL DAVIS
Superintendent of Schools

Seniors of 1955:

It is our hope that your brief sojourn with us has been enjoyable and profitable. If in the time you have been associated with the Olean High School your minds have focused on some of the enduring values of life, we shall count your time well spent. If your habits of approaching tasks, your methods of attacking problems, your ways of meeting difficult situations give you satisfaction and confidence in yourselves, you have then received the best we have to offer and we can be happy in our task well done. You can now go forth with our blessing and the assurance of our continued interest and concern for all your future undertakings.

Farewell from the Seniors

As the class of 1955 emerges from the doors of Olean High School to face the world, we pause a moment to review our activities for the past four years and to express our final farewell to OHS.

As we look in retrospect over the last four years, we see days filled with toil, fun, heartaches, and laughter. We remember teachers who have strived to equip us for this time; we remember proms, assemblies, and homework assignments. More important, the individuals in the class review their development as citizens; they realize that within the past four years they have truly grown up.

In expressing our farewell to OHS, the Class of 1955 wishes to thank those individuals who have coached, taught, or helped us. To the future seniors of OHS, we want to present a challenge of continually striving to keep Olean High School on the same high academic, musical, and athletic level that it is today.

The Class of 1955 bids a fond farewell to OHS with the hope that the future will bring new and greater honors to our "Alma Mater."

Student Council

One of the largest projects of the Student Council this year has been revising its Constitution. Just as every year, the council sponsored the musical, held the Homecoming Day Procession, and undertook the cafeteria supervision project, assembly seating arrangements, and twenty point letters.

In addition to yearly projects, the council has distributed a school spirit questionnaire; presented an assembly with a panel discussion on school spirit; organized the Student Court. sponsored a student participation assembly and has

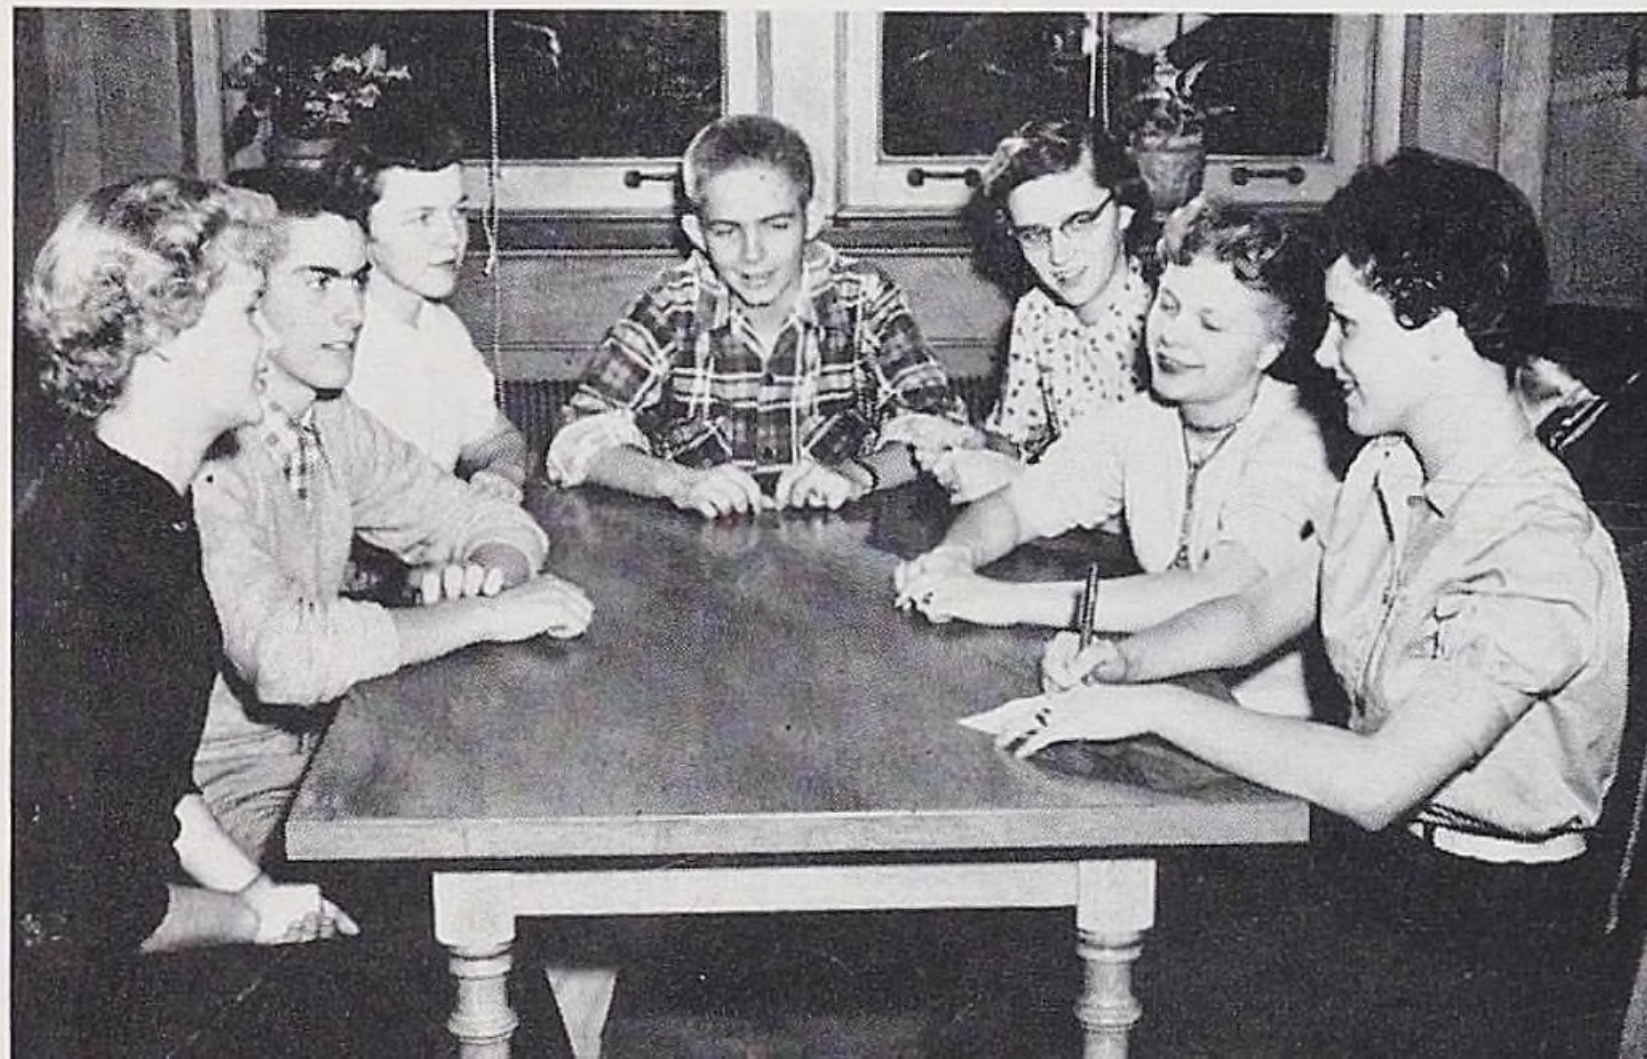

As extra money making projects, dances have been held and a benefit movie has been presented. A very important step of your Student Council has been working with the businessmen of Olean and with the P. T. A. The Council has put on a P. T. A. meeting as well as encouraged the merchants and parents to help support our school.

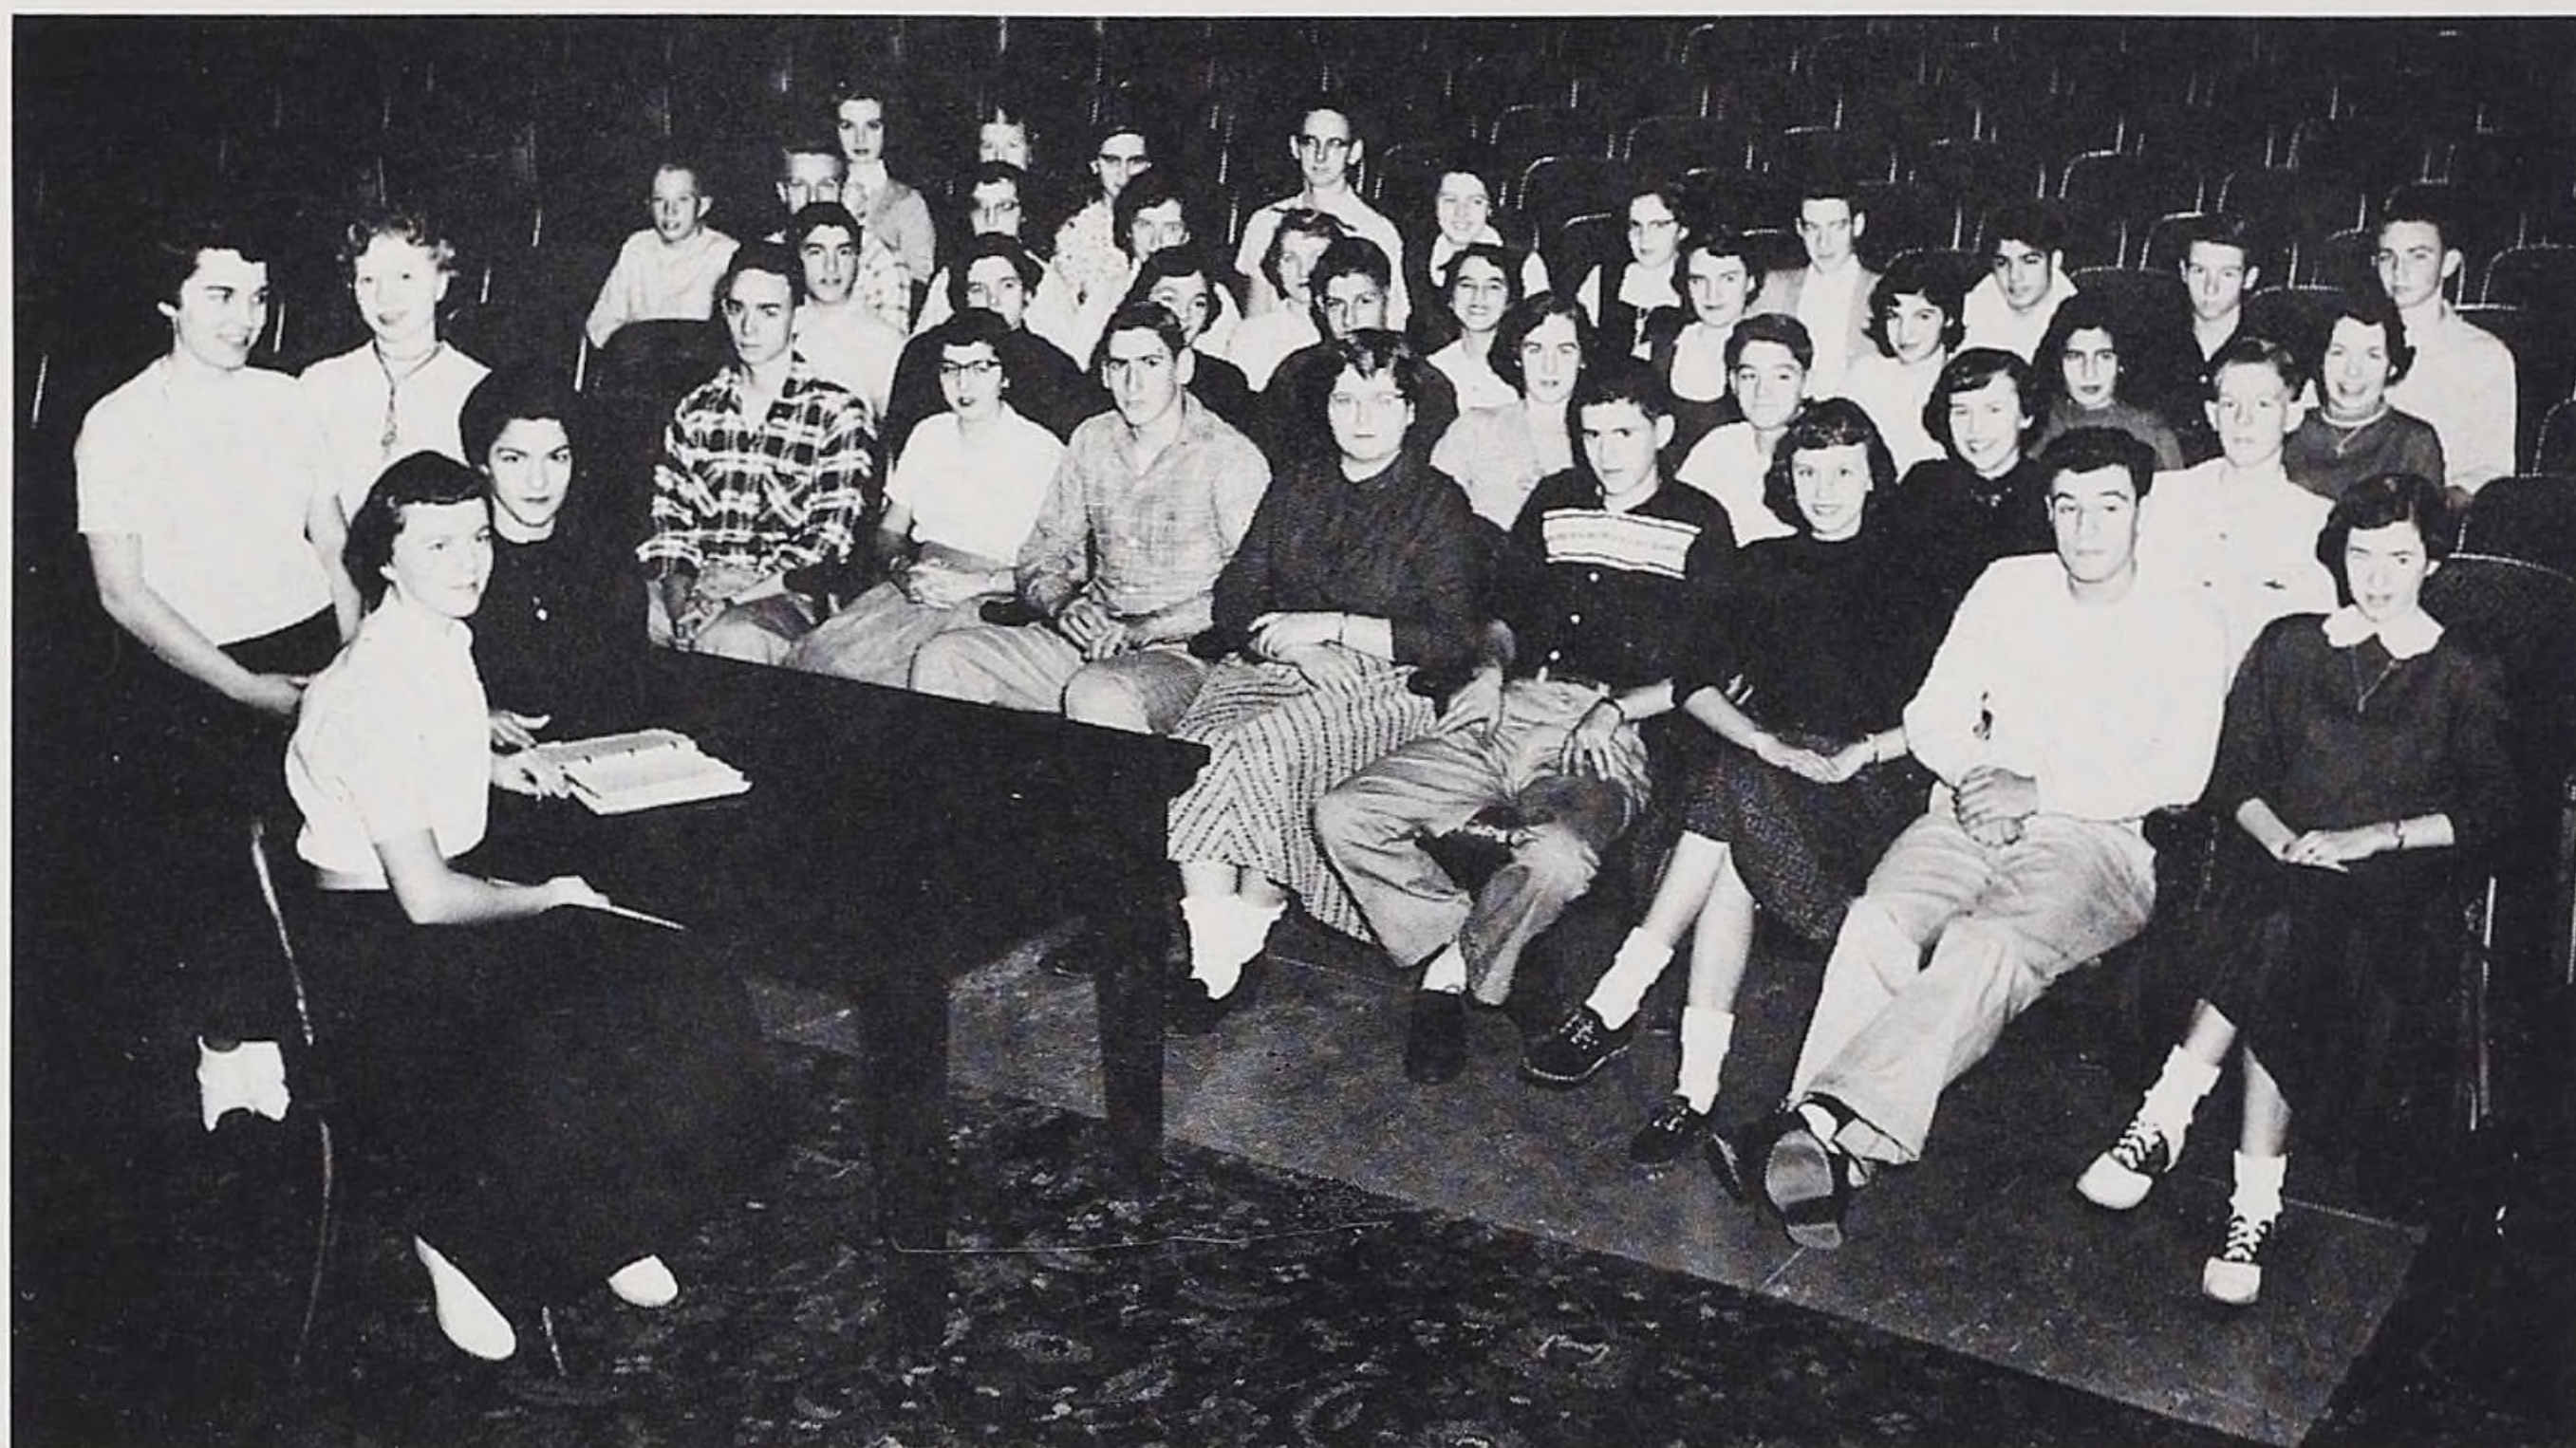

The Student Council has been very successful in completing its minor projects as well as its major ones.

The Congress Staff has endeavored to place in this year's book, the memories of the past year. The staff has strived to make this year's book as good, if not better, than those of past years.

Junior Tell-O-Scope

The Tell-O-Scope Staff is divided into two sections:

The Junior Staff, consisting mainly of Juniors, put out the school publication which came out four times this year.

The Senior Tell-O-Scope, consisting of members of the Journalism Class, put out the Thursday night edition in the Olean Times Herald.

Library Club

Over twenty students are serving as library aides this year. Many of the aides are volunteers while others do this as a part of their business education.

During the past year students have come to use more and more reference materials found in our library. This knowledge of reference materials will be useful in adult life. The library has also been used as the meeting place of the Olean High School Parent-Teachers Association.

The library has again received a large number of memorial gift books from individuals and organizations in the school and in the community.

The library aides are:

The Junior Red Cross began its active year with the annual fund raising campaign during which it collected over one hundred dollars.

The JRC's first project was making 200 tray favors for the Bath Veterans Hospital and repeated this activity each holiday of the year. Altogether over a thousand favors were made.

In December, the JRC sold Christmas wrapping paper as another "fund raiser". With the money collected from the fund raising campaign in September and the money received from selling paper, the club built a school chest. The chest is about 3'x4'x5' and into it go many articles that young boys and girls can use at home and in school. The cost of the chest average \$150. The chest is then sent to some foreign country. A talking book, which is an issue of the **Reader's Digest** on records, was also purchased for the blind people of Olean.

These are just a few of the many projects that the JRC does to keep itself quite busy during the year.

A new high in the membership of the O. H. S. French Club has been recorded this year with fifty-five students participating. The group meets, under the supervision of Miss Trenkle, in room 112 every other Thursday afternoon.

During the past year, skits by the students were presented in French; recitations were given by the French One students; strip films and movies on France were shown and a French citizen addressed the group about her native land.

All these combined to give the students a clearer picture of the language and the people they are studying.

The Classical Club has enjoyed a year of learning about the Romans—their customs, their language, and their country.

Panel discussions, skits, and games helped to convey the history of the Romans. One of the outstanding programs consisted of slides and a speech by Mr. and Mrs. Davis. Mr. Davis presented slides on his recent trip to Italy.

The members of the Classical Club have gained a wider knowledge of the Romans and have stimulated their interest in Latin.

Debate Team

"I may disagree with what you say," remarked Voltaire, "but I shall defend to the death your right to say it."

Yes, the right to differ without fear is an essential cornerstone of freedom. Therefore a debate team is an essential factor in an institution of democratic learning.

During the 1954 fall elections in Olean High School, one of the Actionary Party's campaign promises was to establish a forensic society (debate team). Following the Actionary victory, the long needed debate team was set up with Mr. Julius Larson as its adviser.

There are many schools in the surrounding area which promise to be worthy opponents to Olean's teams, planning to compete next year. The society is now planning a series of school debates ranging from Segregation to the national high school topic "Should the United States lower tariffs on Friendly Nations." The officers are: K. Consedine, President; J. Worden, Vice President; J. Edgar Secretary - Treasurer.

Members of the Dramatic Club also participated in an assembly. At the end of the year, members attended the annual Dramatic Festival at the New York State Teachers College in Fredonia, New York.
