JOHN KSIONZYK

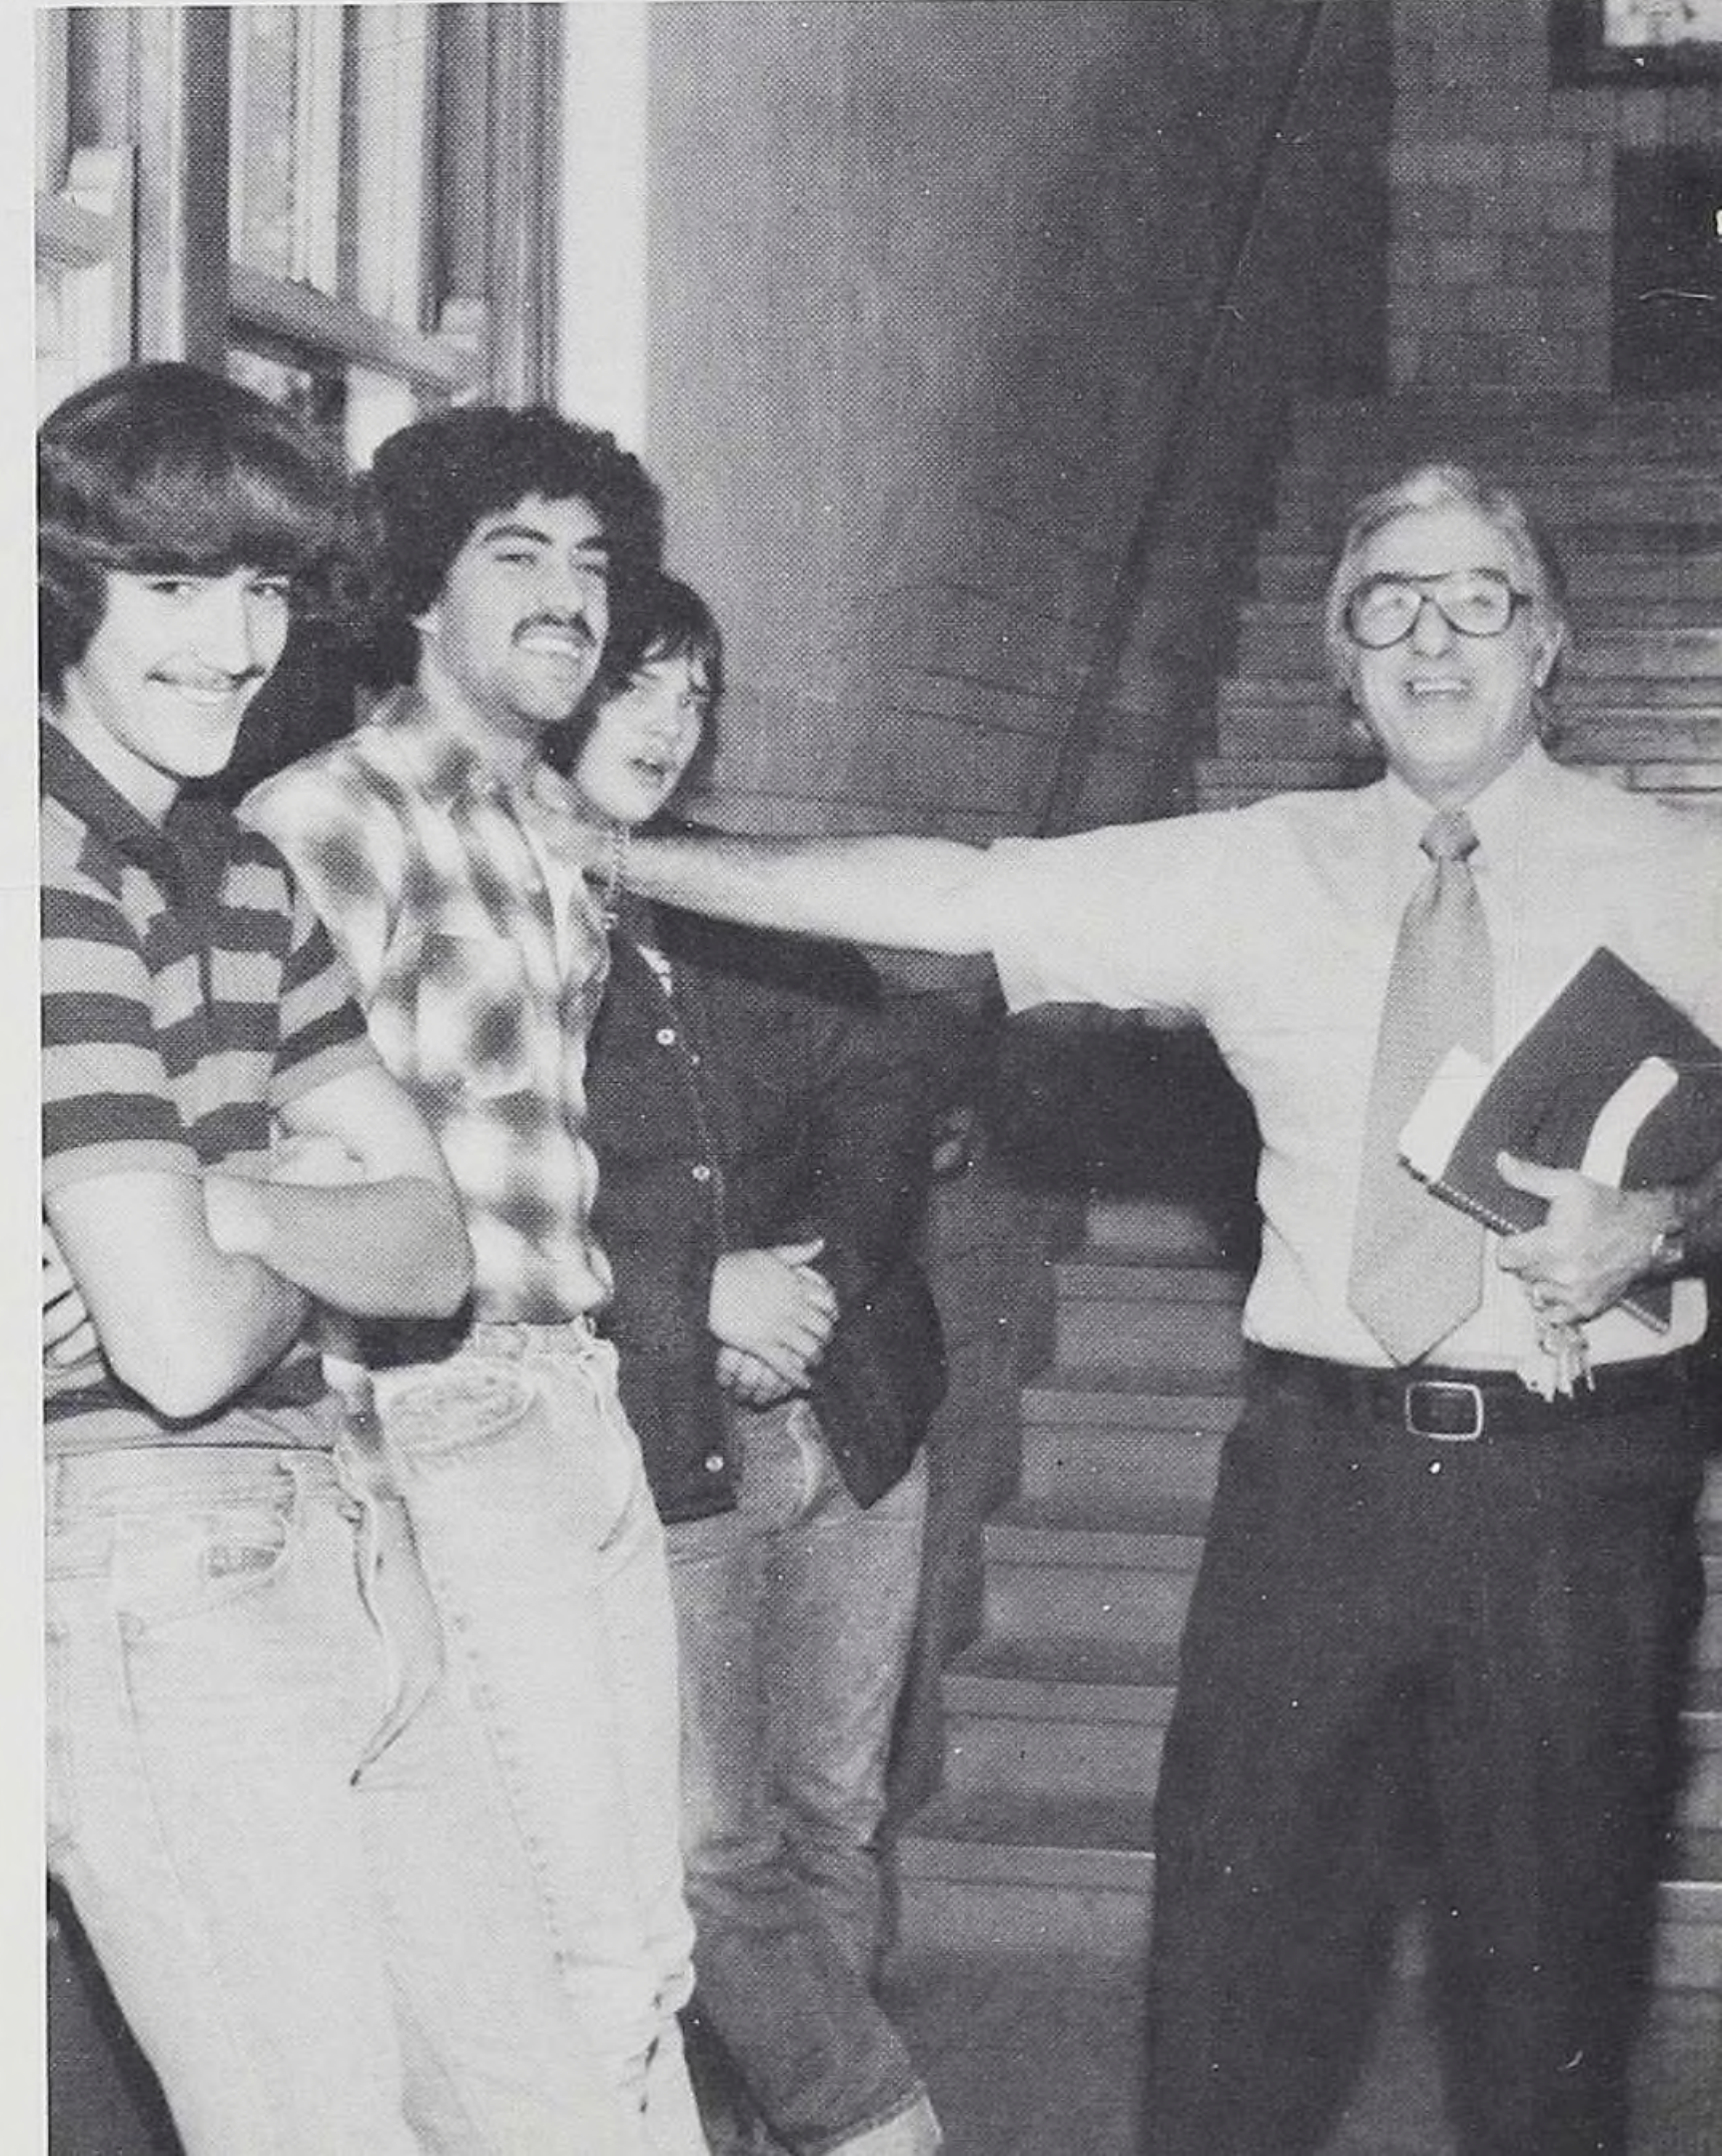

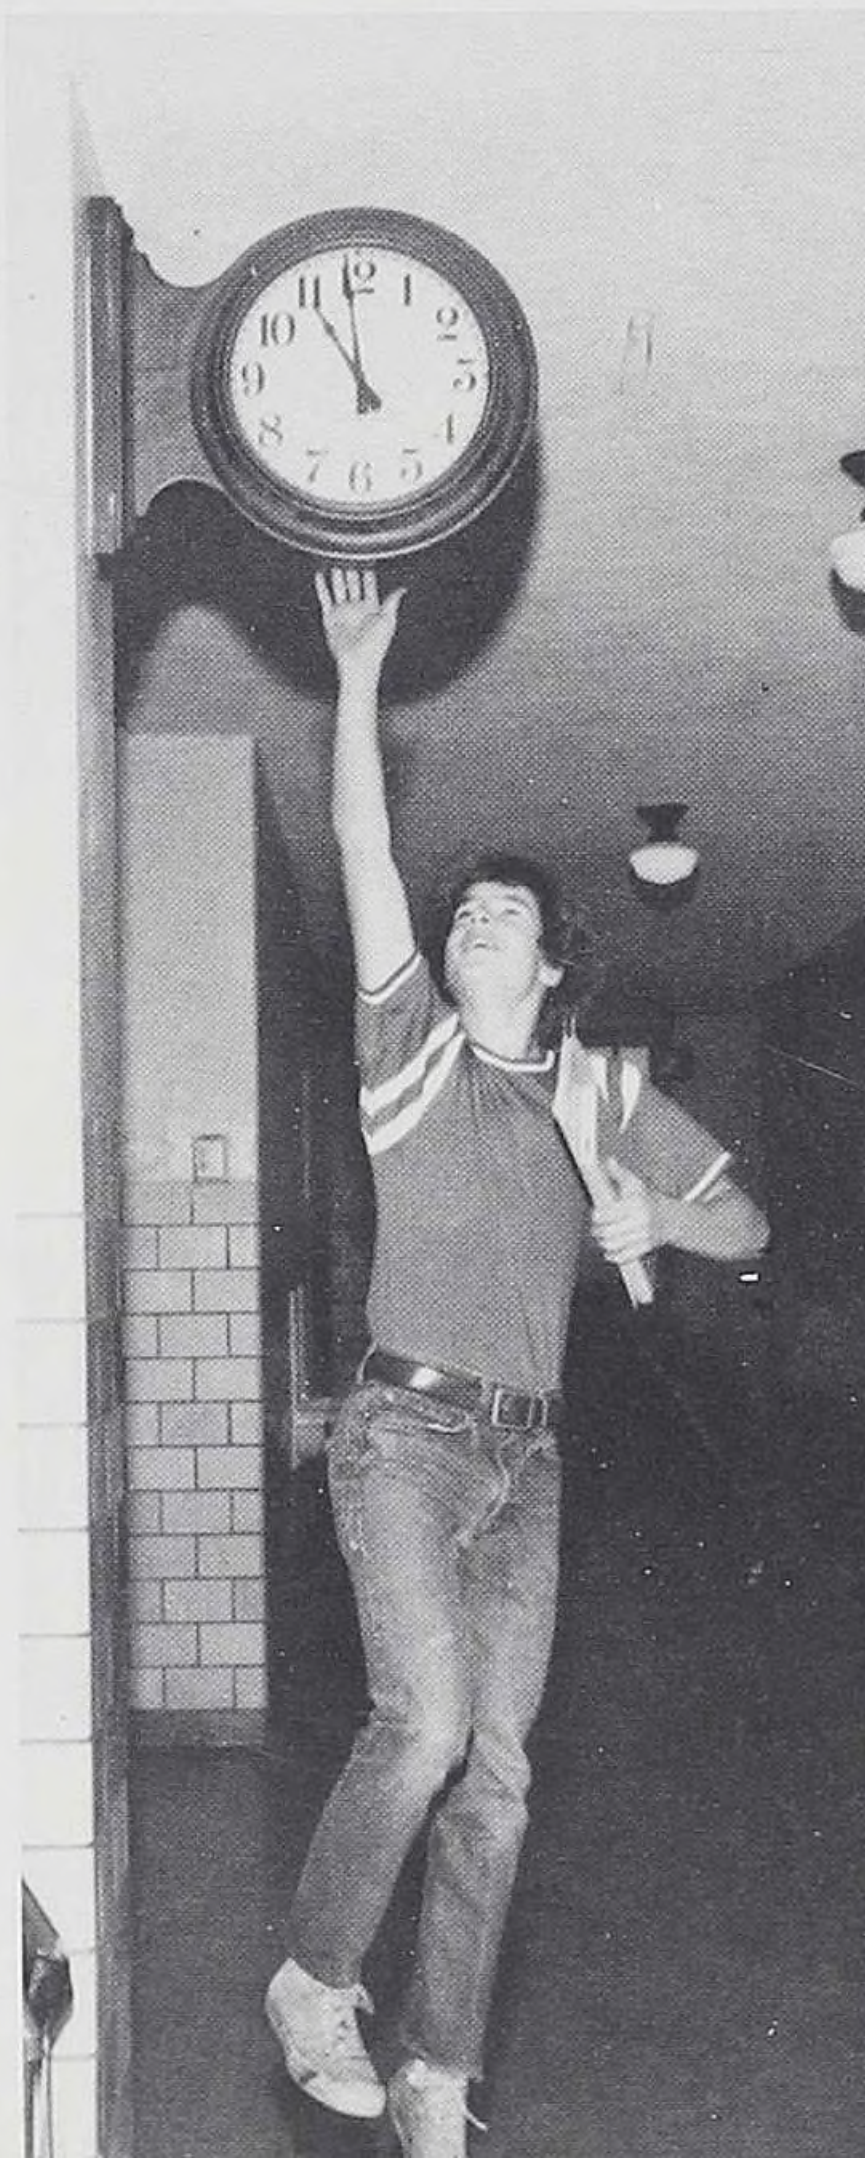

JOHN O'NEIL

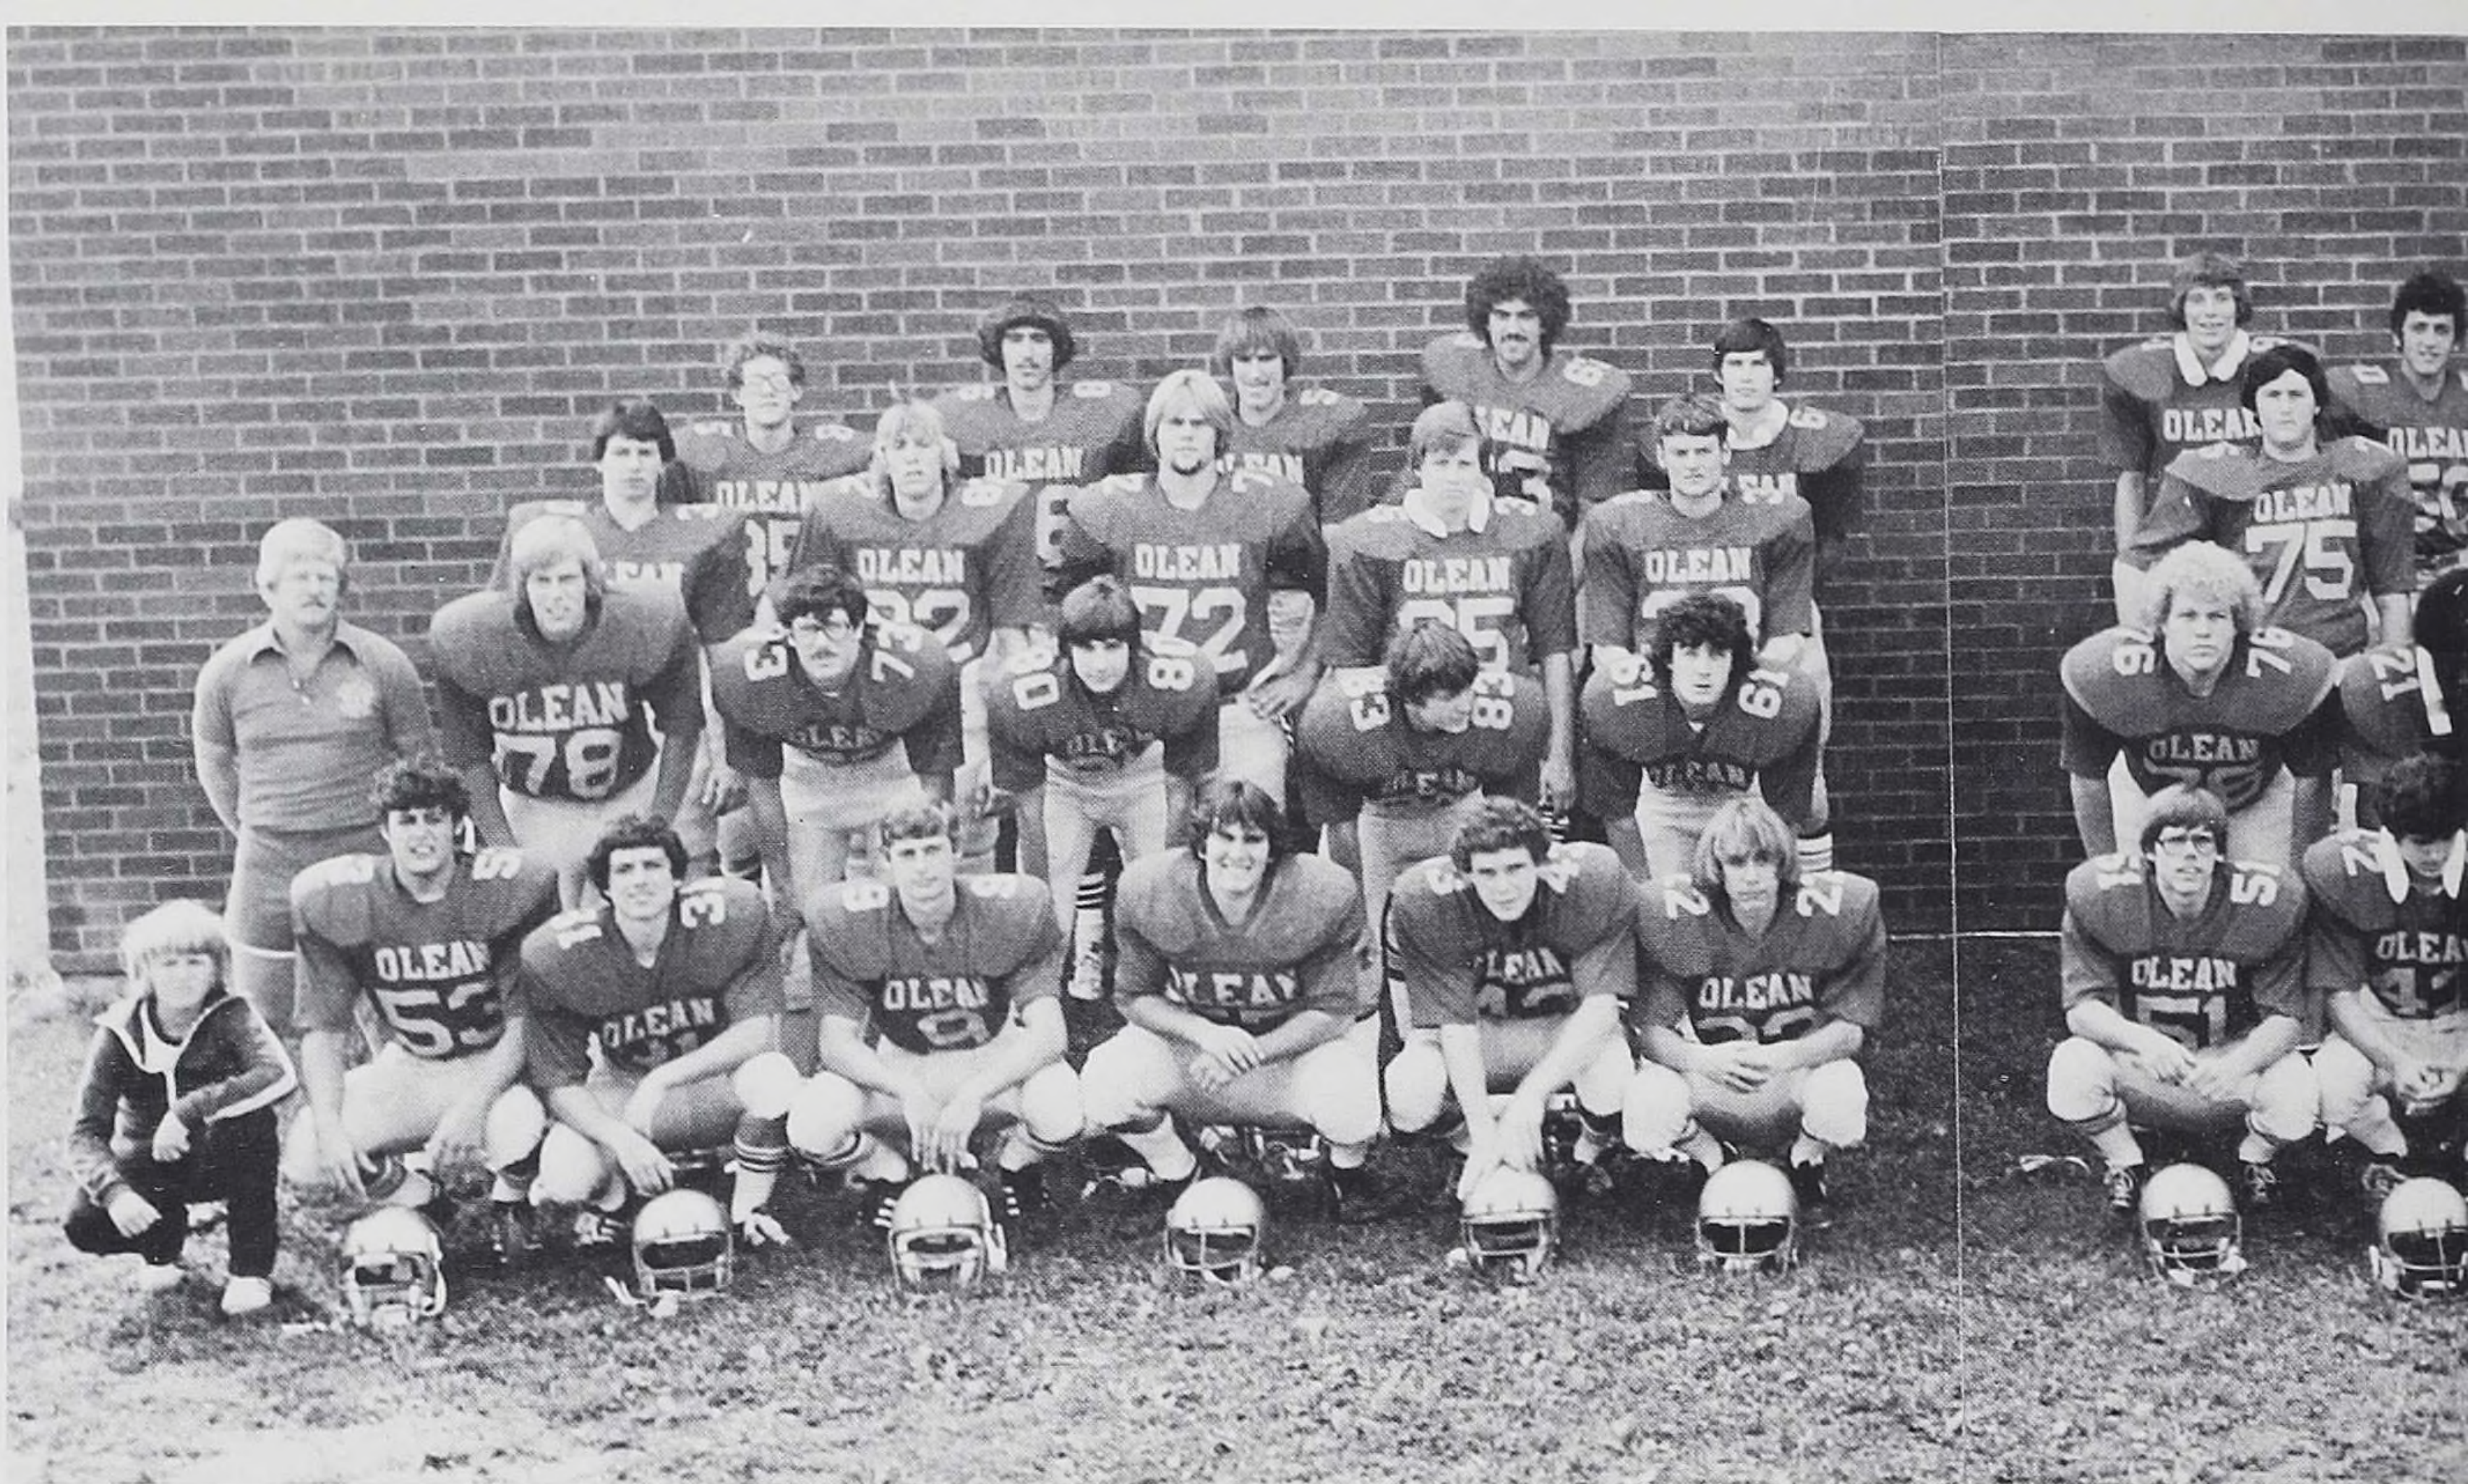

Mr. O'Neil and Mr. Ksionzyk retired from their teaching careers in 1980. Together, these two gentlemen have devoted almost 70 years to educating the students of Olean. Both men have worked with students to help them gain in knowledge, self-discipline and maturity. Whether in athletics or in academics, Mr. O'Neil and Mr. Ksionzyk always had the interests of the students at heart.

It doesn't matter that Mr. O'Neil had better stories about WW II or that Mr. Ksionzyk always caught the bigger fish — both of you will be missed.

The administrators, fellow teachers, and the students of Olean High School wish you both many decades of retirement joy and relaxation.

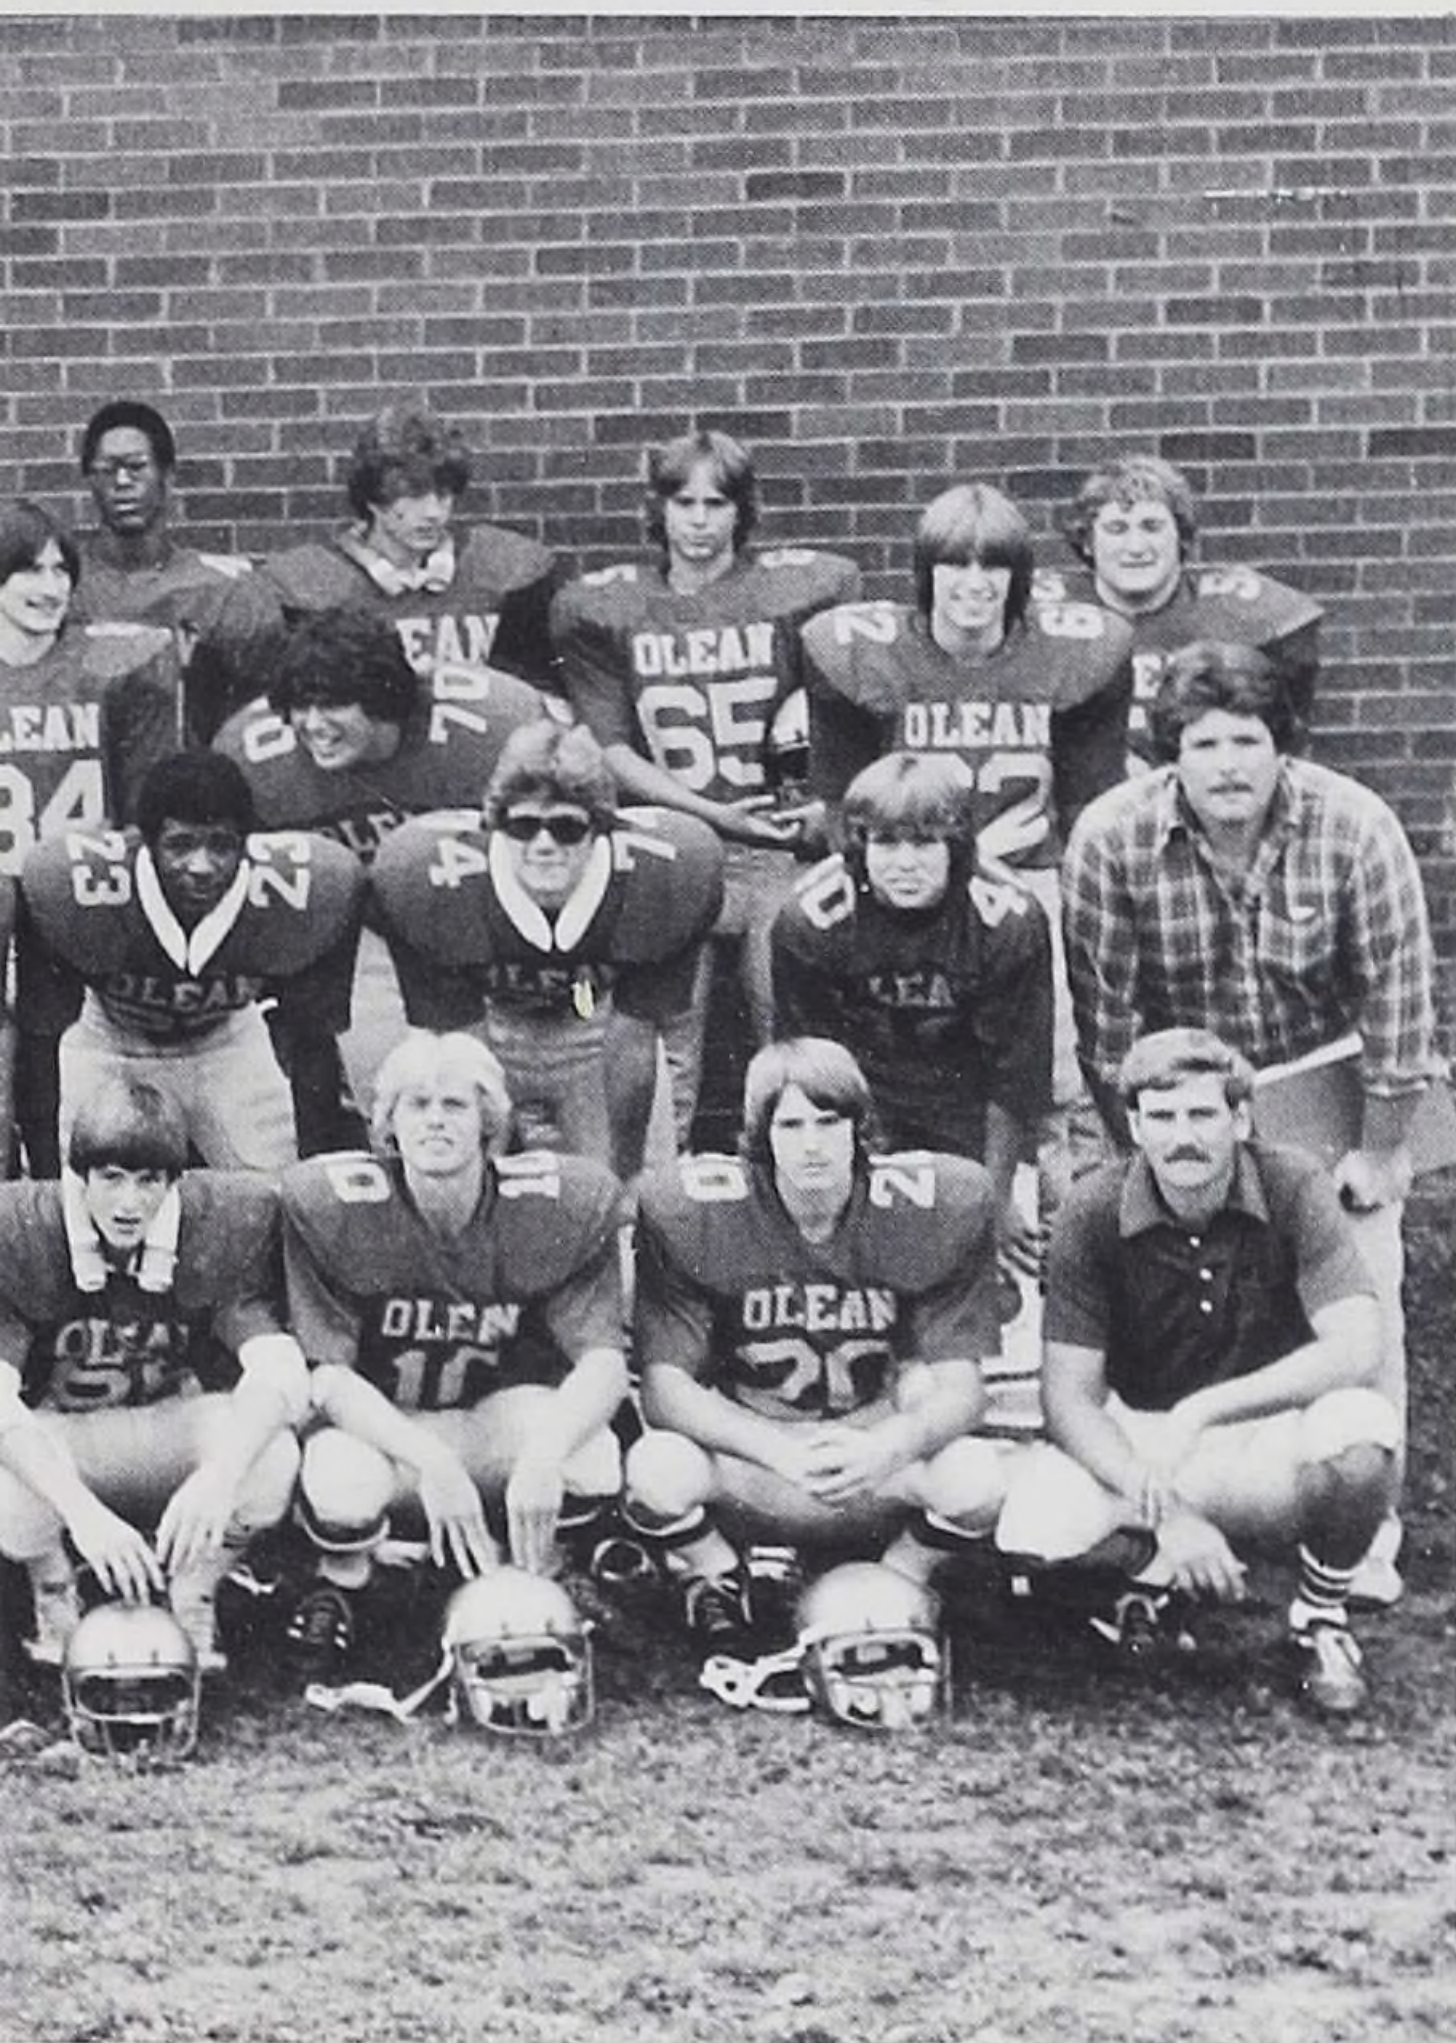

A large graphic of a mountain peak composed of the word "ATHLETICS" repeated many times in a white, sans-serif font against a black background with white speckles. The word is arranged in a triangular pattern, with the base of the mountain at the bottom and the peak at the top. The word "ATHLETICS" is repeated many times, with each instance slightly offset to create a three-dimensional effect. The background is black with white speckles, giving it a starry or snowy appearance.

Congratulations are in order for *CLAR ANDERSON*, New York State's biggest wrestling winner!

Clar has won over 140 matches thereby winning more contests than any one else in New York State wrestling history.

Having started wrestling with the Olean YMCA team, Clar moved on to High School Wrestling as an eighth grader.

Included in his past victories was the 1979 New York State Championship of his division.

Clar's plans now include becoming a collegiate wrestler where, we are sure, he will be equally successful.

AFS EXCHANGE STUDENTS

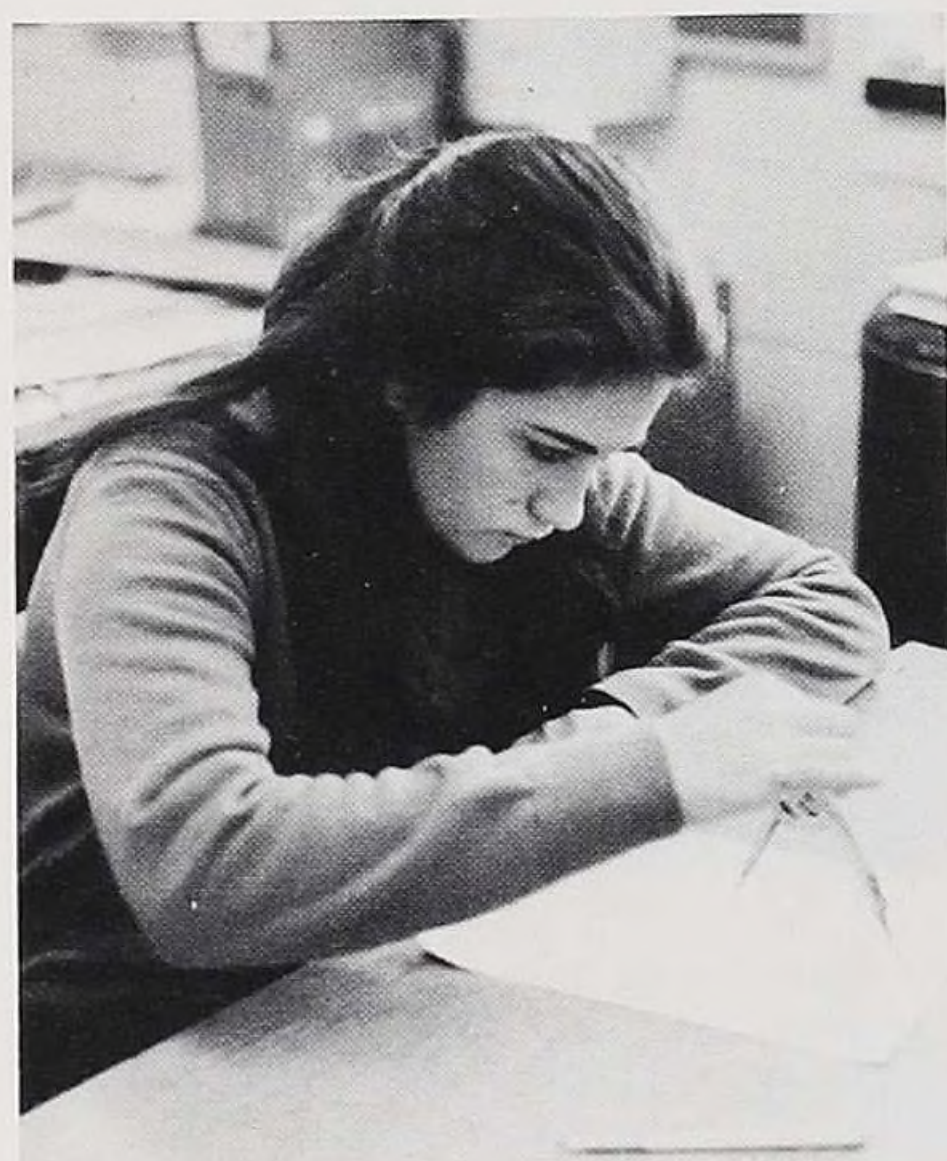

Missing from the picture is Margaret Walsh who stayed with a family in Canada.

Kim Anderson (left) stayed in the capital of Iceland, Reykjavik, with a family of five. She had a time getting used to the fact that it was daylight almost all the time. One of the things that caught her eye was the price of jeans, \$75 a pair. She also said that there were no fresh vegetables or fruit, but a lot of lamb and fish to eat. While there she worked at a tree nursery. Kim noted that discos are popular as is camping and soccer. Also, students there had to learn three languages; Danish, English, and Icelandic. Kim spent the summer of '79 in Iceland.

Mary Hickey, (center), spent the summer of '79 in Germany. During her stay, Mary lived in Osnabruck with the Hinrich family and in Monheim with the Mackscheider family. She said the food was excellent, especially the fresh strawberries in "quark", a special cream topping. Mary said that clothing was very expensive. She also noted that gasoline was \$3.50 a gallon. American girls have quite a reputation in Germany, she also stated.

Janet Aceti, (right), spent the summer of '79 in Mexico. Janet noticed that in Mexico the families seem to be a lot closer and do things in groups. Janet stayed with a five-member family in Mexico City. She said it was quite hot in the afternoon, and usually rained in the evenings. Janet also said that tipping is a habit there. You tip the gas attendant, and just about all people involved in minor services to the public.

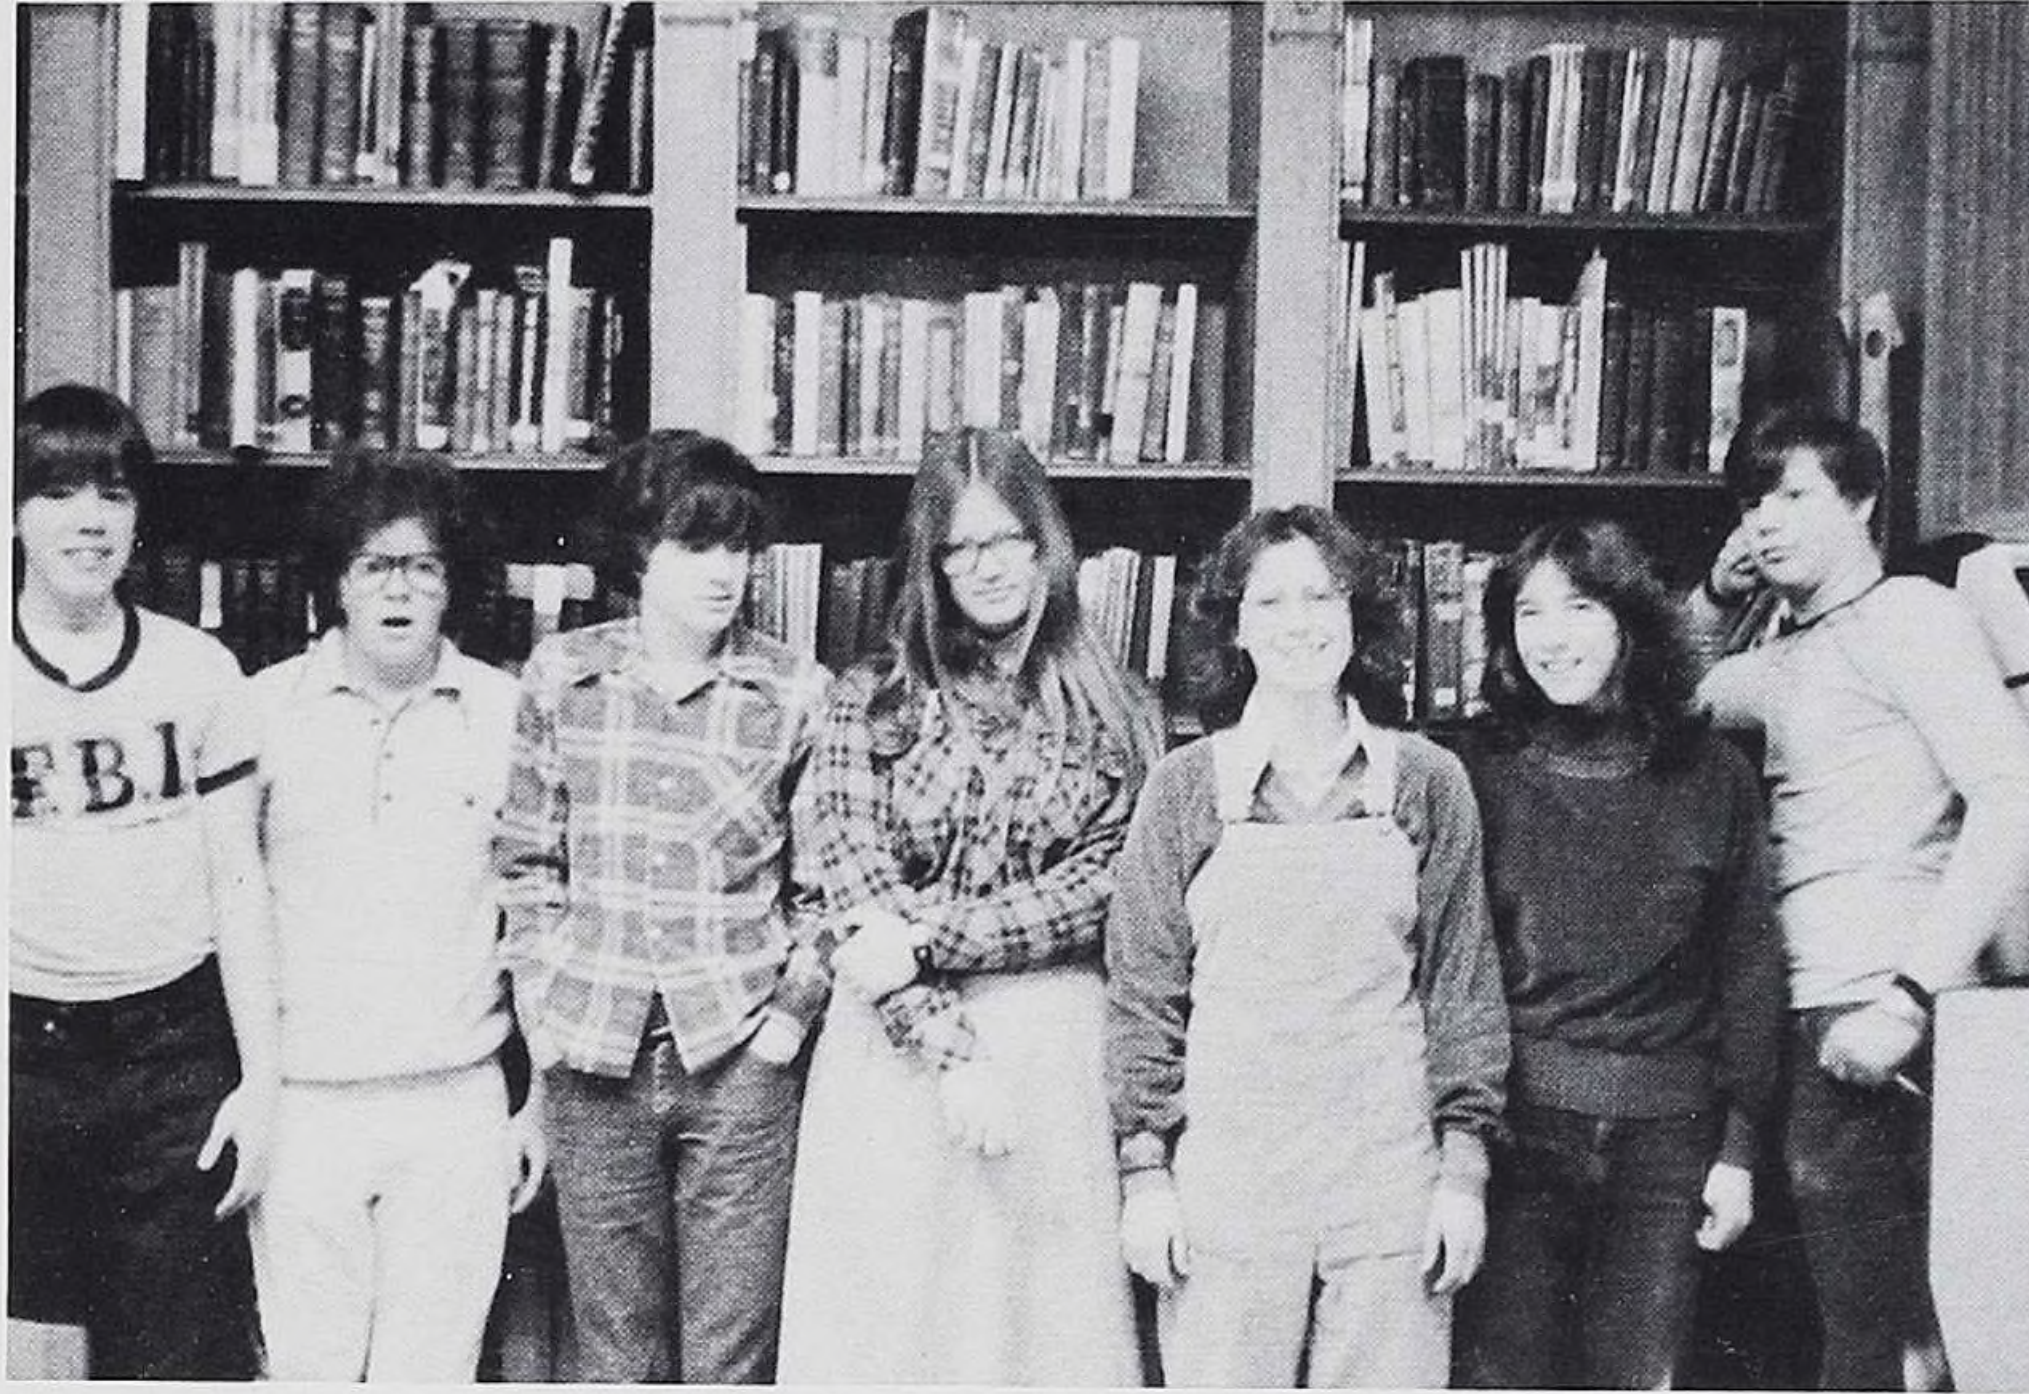

Angeles Socuellamos Moreno is from Spain.

Julia Moreno Ramos is a sophomore from Mexico. She likes OHS, but the building is so big! Among her activities, Julia enjoys dancing, sledding, ice skating, and of course, skiing. The only difference she encountered is the language barrier. Julia stayed with Mr. and Mrs. Orville Johnson.

A large, stylized graphic of a triangle composed of the word "ADVERTISING" repeated many times, set against a dark background with a starburst effect on the left. The word "ADVERTISING" is written in a bold, sans-serif font, and the entire composition is centered on a black background. The starburst effect is a bright, multi-pointed star shape located on the left side of the image. The word "ADVERTISING" is repeated many times, forming a large, symmetrical triangle that points upwards. The words are arranged in a way that they overlap and interlock, creating a dense, textured appearance. The overall effect is one of a powerful, repetitive message.

GRADUATION

Faces of old and faces of new,
People we know and people we knew.
Growing together then drifting apart,
Always an ending and then a new start.
At graduation we grow nearer,
Now old friends are so much dearer.
As we say our final goodbye,
One last embrace and one more cry,
So keep in touch and promise you will,
All those good memories I'll keep still,
A place in my heart you'll always stay,
This is what's said as we go our own way.

- Eileen Graczyk
