# Academics 1986

What is academics? It is defined in the dictionary as higher levels of education. This covers a wide area of categories, such as math and science, language, history, and the arts.

Technology has changed dramatically over the last hundred years. We have put men on the moon, and improved man's life here on earth. We have made many breakthroughs in math and science. Education has come to meet the needs and wants of today through engineering, medicine, and technology.

Language has always been a very important aspect of our lives. Ideas are expressed in different tongues all over the world. Each language preserves a little of our past.

History is more than just a textbook. It is the foundation for all peoples and events around the world. It is the record of beginnings that affects us today.

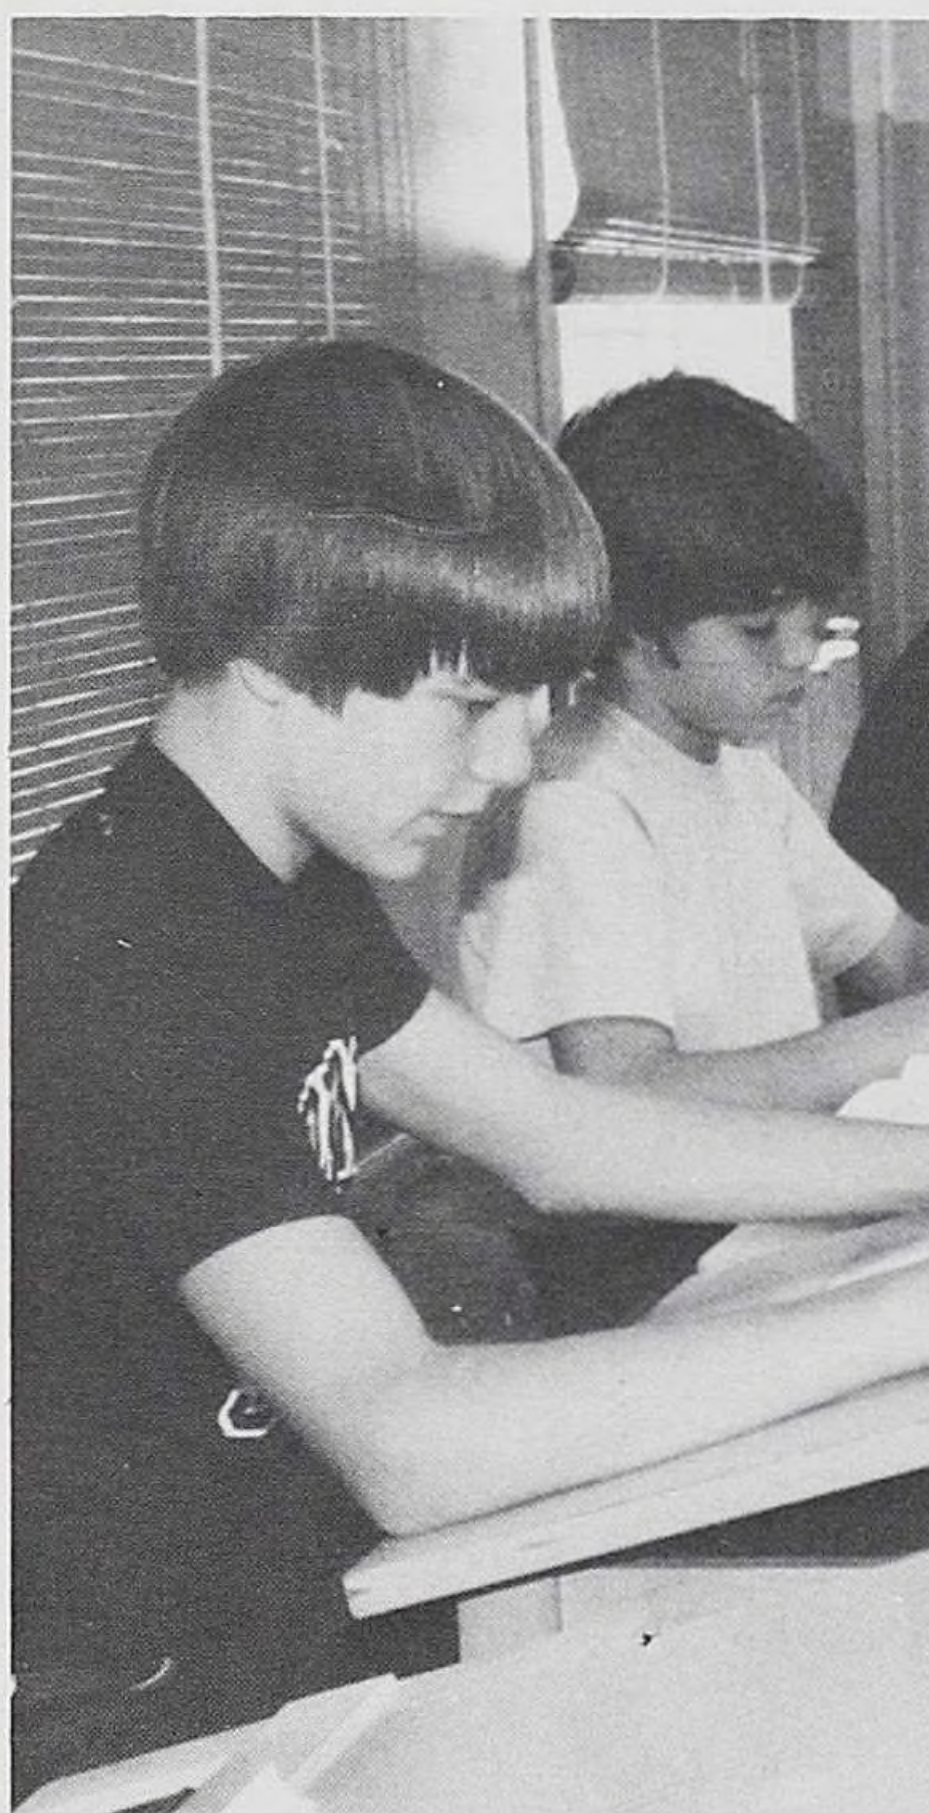

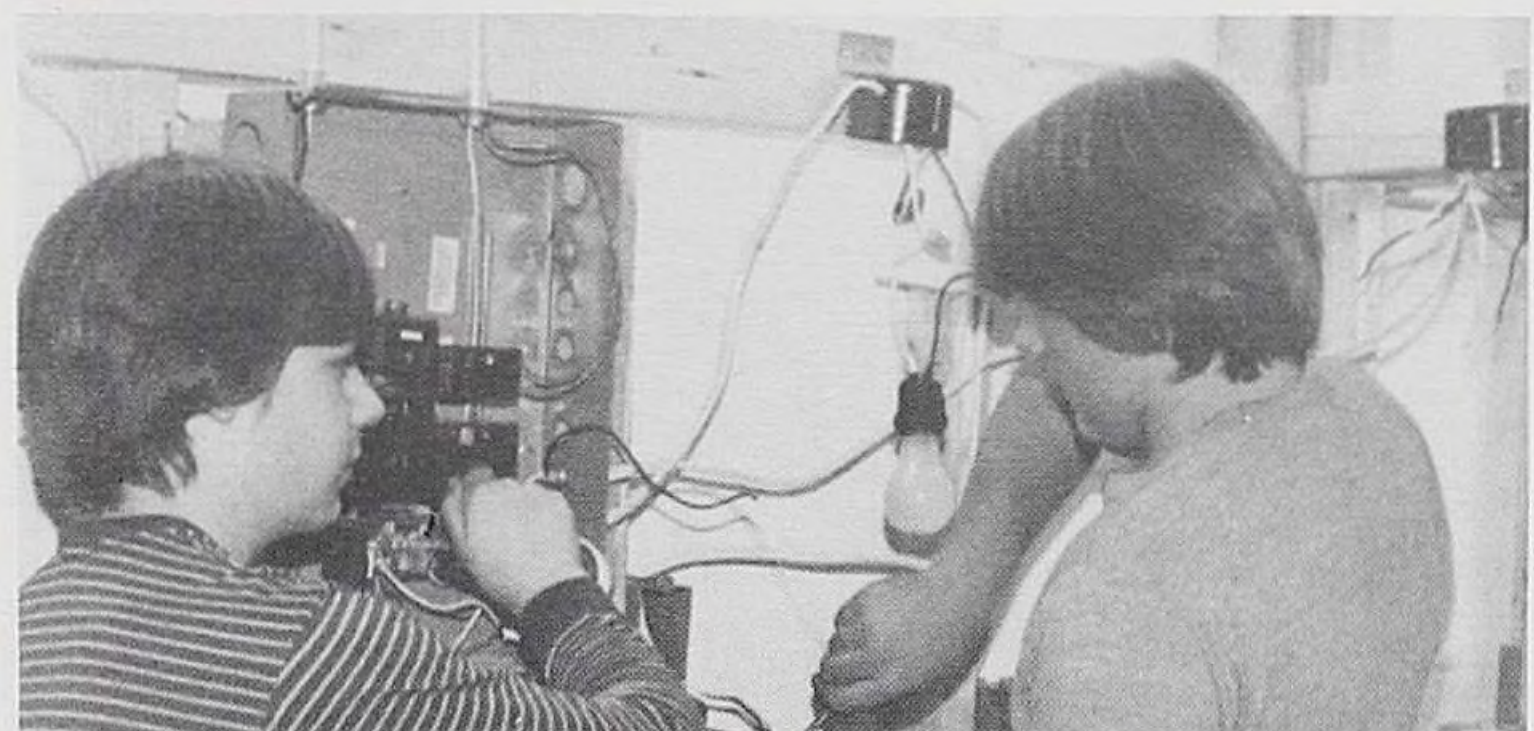

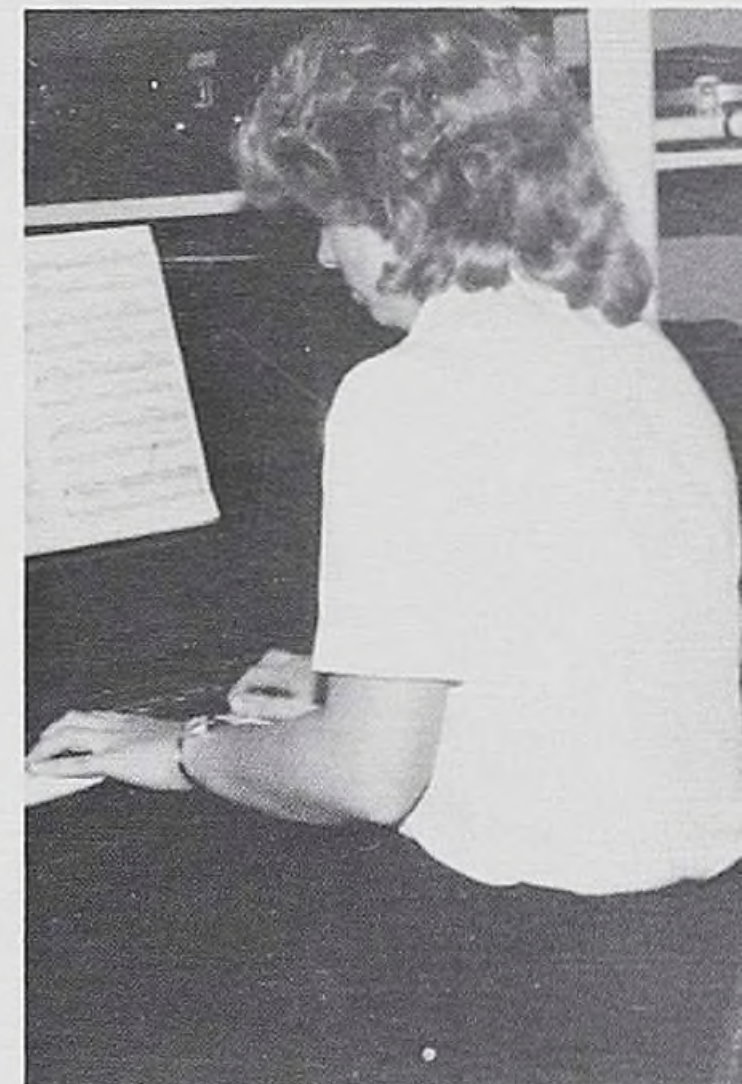

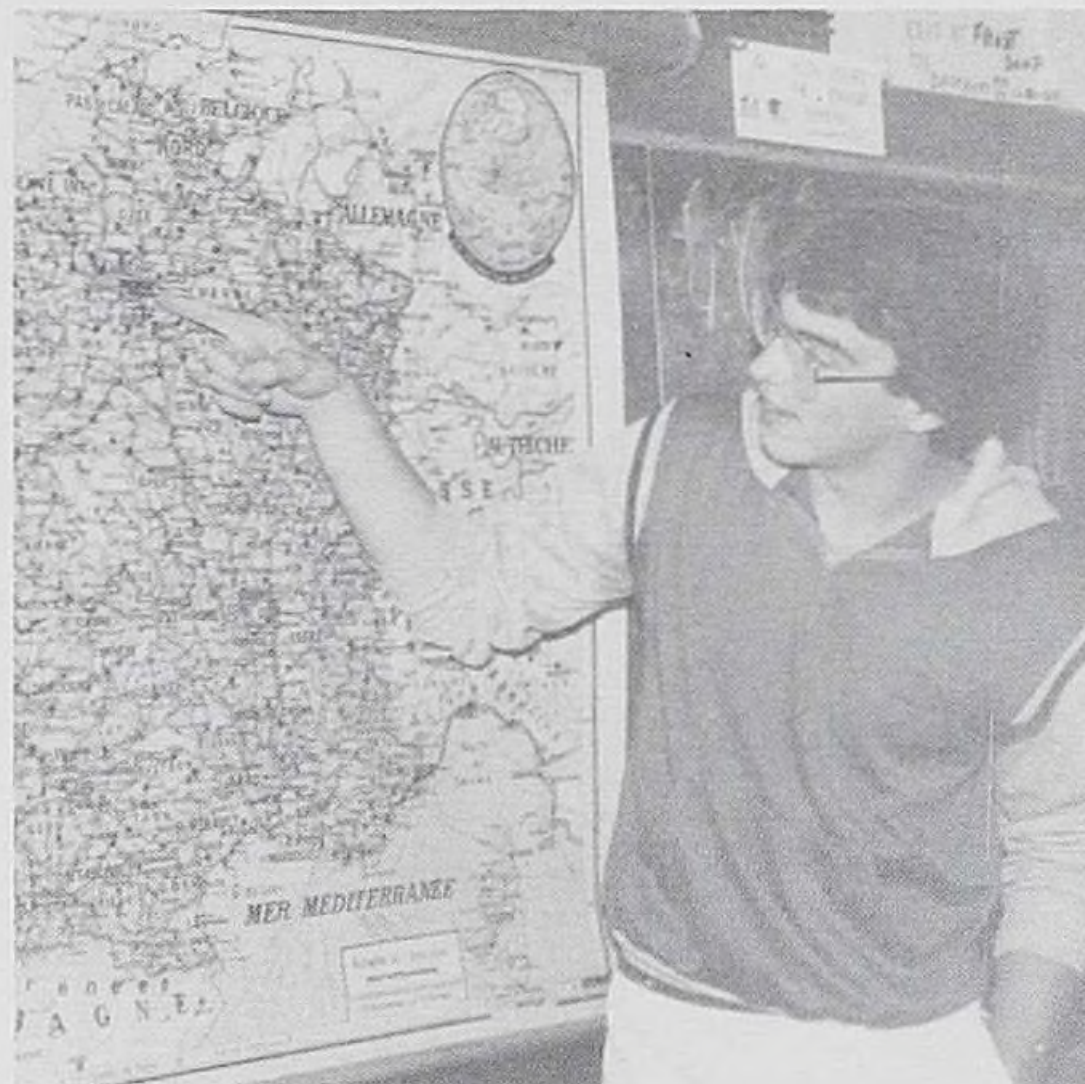

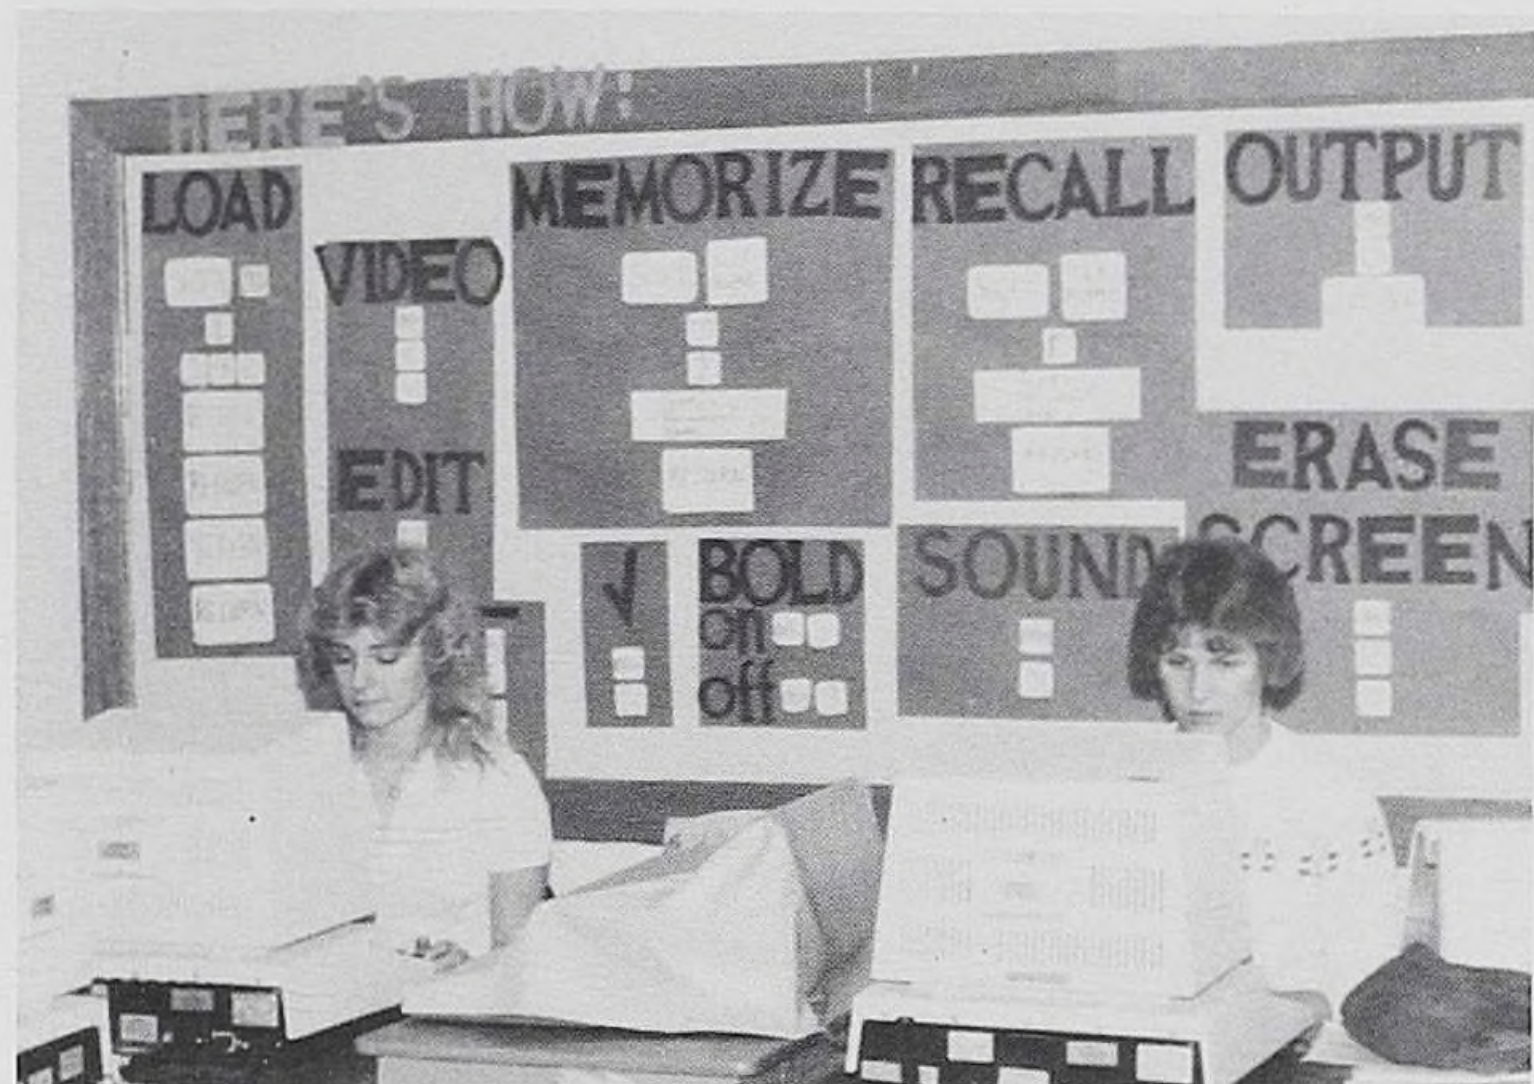

Throughout the centuries, man has come to recognize the beauty in nature and in himself. The arts are a vital part of our academic background because of this recognition. We come to appreciate the world around us.

All these components make up the proper repertoire for the world ahead. It is the most important factor in life, for it is up to each generation to make this world a better place.

# Congress Captures .....

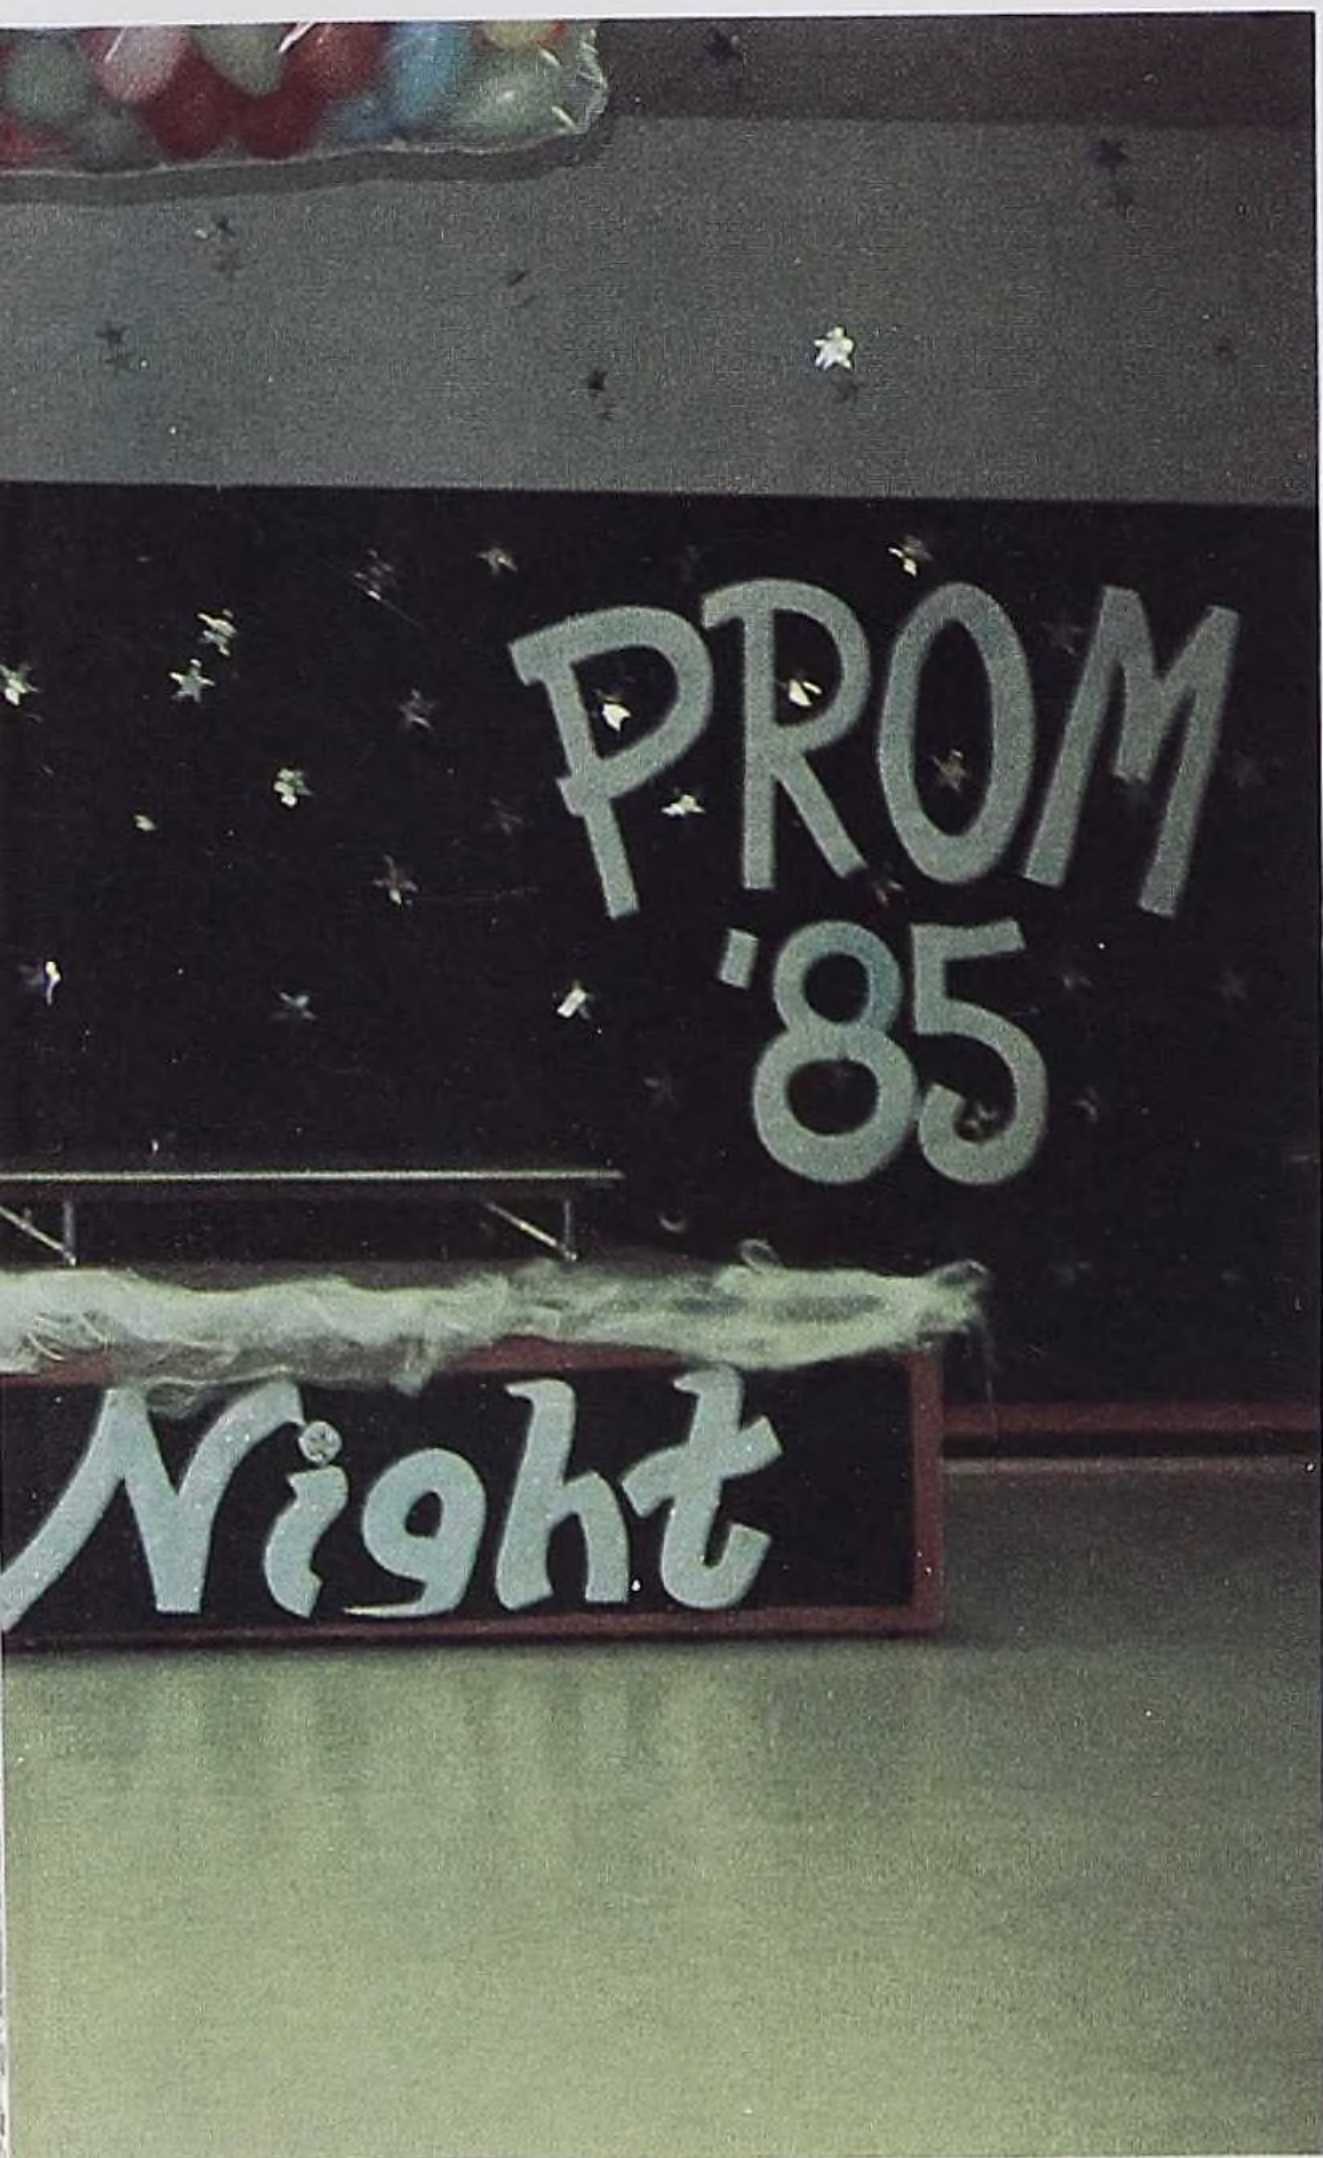

High school is said to be among the best times in our lives. It is a time for growing and learning within ourselves and the world around us. We carry a precious package of memories, the good and the bad, with us the rest of our lives. These, our high school memories, are an intricate part of our new life ahead. Now we graduate to a new life with the lessons we've learned, and the goals we hope to achieve.

(Kathy McLean)

## Quake Toll At 4,596

MEXICO CITY (UPI) — The confirmed death toll from Mexico City's twin earthquakes rose today to 4,596, police said, but another newborn baby was discovered alive in a shattered building where it had been shielded by the body of a dead adult.

The Mexico City News said a damaged building collapsed late Tuesday, possibly trapping dozens of rescue workers but the report could not be immediately confirmed.

The baby was pulled alive shortly before 1 a.m. from under the rubble of the maternity ward of the General Hospital, a complex where several buildings collapsed last week.

Rescuers said the infant was apparently saved because it had been sheltered from falling debris by a dead body. The baby, whose sex and age were not immediately disclosed, was given oxygen and taken to a nearby hospital.

The Police Department announced 436 people had been found dead or had died of injuries in hospitals in the previous 24 hours, bringing the official death toll in last week's massive quakes to 4,596.

Officials estimate another 2,000 victims are still buried beneath hundreds of buildings destroyed in earthquakes last Thursday and Friday, which registered 7.8 and 7.3 respectively on the Richter scale.

Civic officials reported that 2 million residents were still without water six days after the initial quake.

Work crews Tuesday began fumigating and demolishing buildings in the heart of Mexico City, a sign that authorities had little hope of finding more survivors trapped in the ruins.

Ricardo Ampudia, a presidential spokesman, said the fumigation was aimed at protecting the city's 18 million people from disease.

## 'The Boss' Rocks The Capitol

By CHRISTOPHER CONNELL  
Associated Press Writer

WASHINGTON (AP) — Bruce Springsteen turned a sold-out football stadium into a 55,000-voice chorus as he brought his "Born in the U.S.A." tour back to the states with 3½-hours of hard rock interspersed with a pointed antiwar pitch.

"It's nice to be back home," the rock star told the crowd inside Robert F. Kennedy Stadium Monday night as he launched the final stretch of a year-long worldwide tour that has cemented Springsteen's reputation as "the Boss" of rock 'n' roll.

Springsteen recently returned from a string of concert dates across Europe after touring in Australia and Japan earlier.

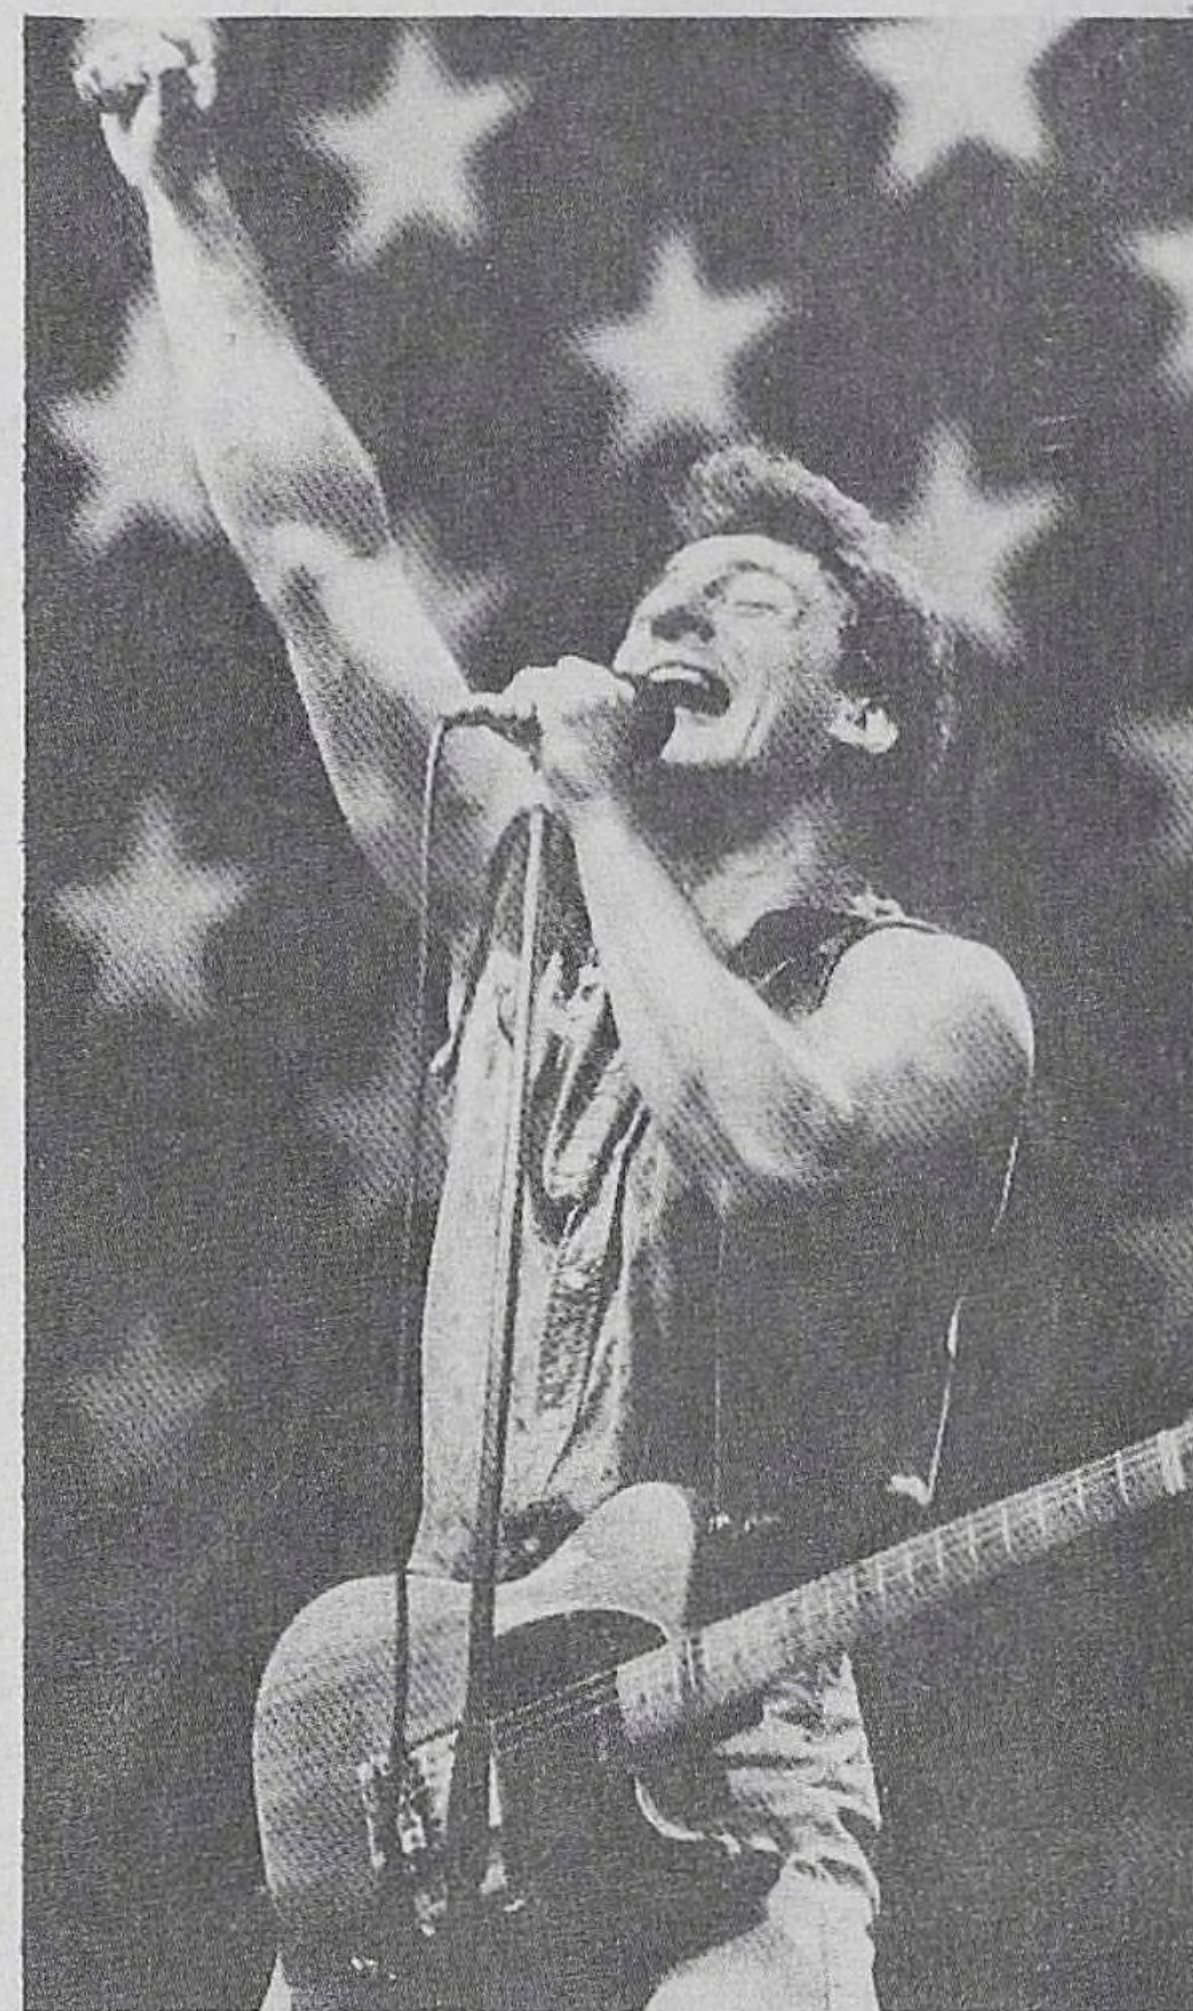

He began the concert 40 minutes late with his pulsating, arm-pumping anthem, "Born in the U.S.A.," a riveting ballad about a jobless Vietnam veteran with "nowhere to run ... nowhere to go."

Before intermission, he recalled a friend from his New Jersey youth who died in Vietnam, and exhorted fans to "take a walk from that Lincoln Memorial on to the Vietnam veterans' memorial," in the nation's capital. "Read the names of the dead and get an idea of the stakes you're playing for," he added.

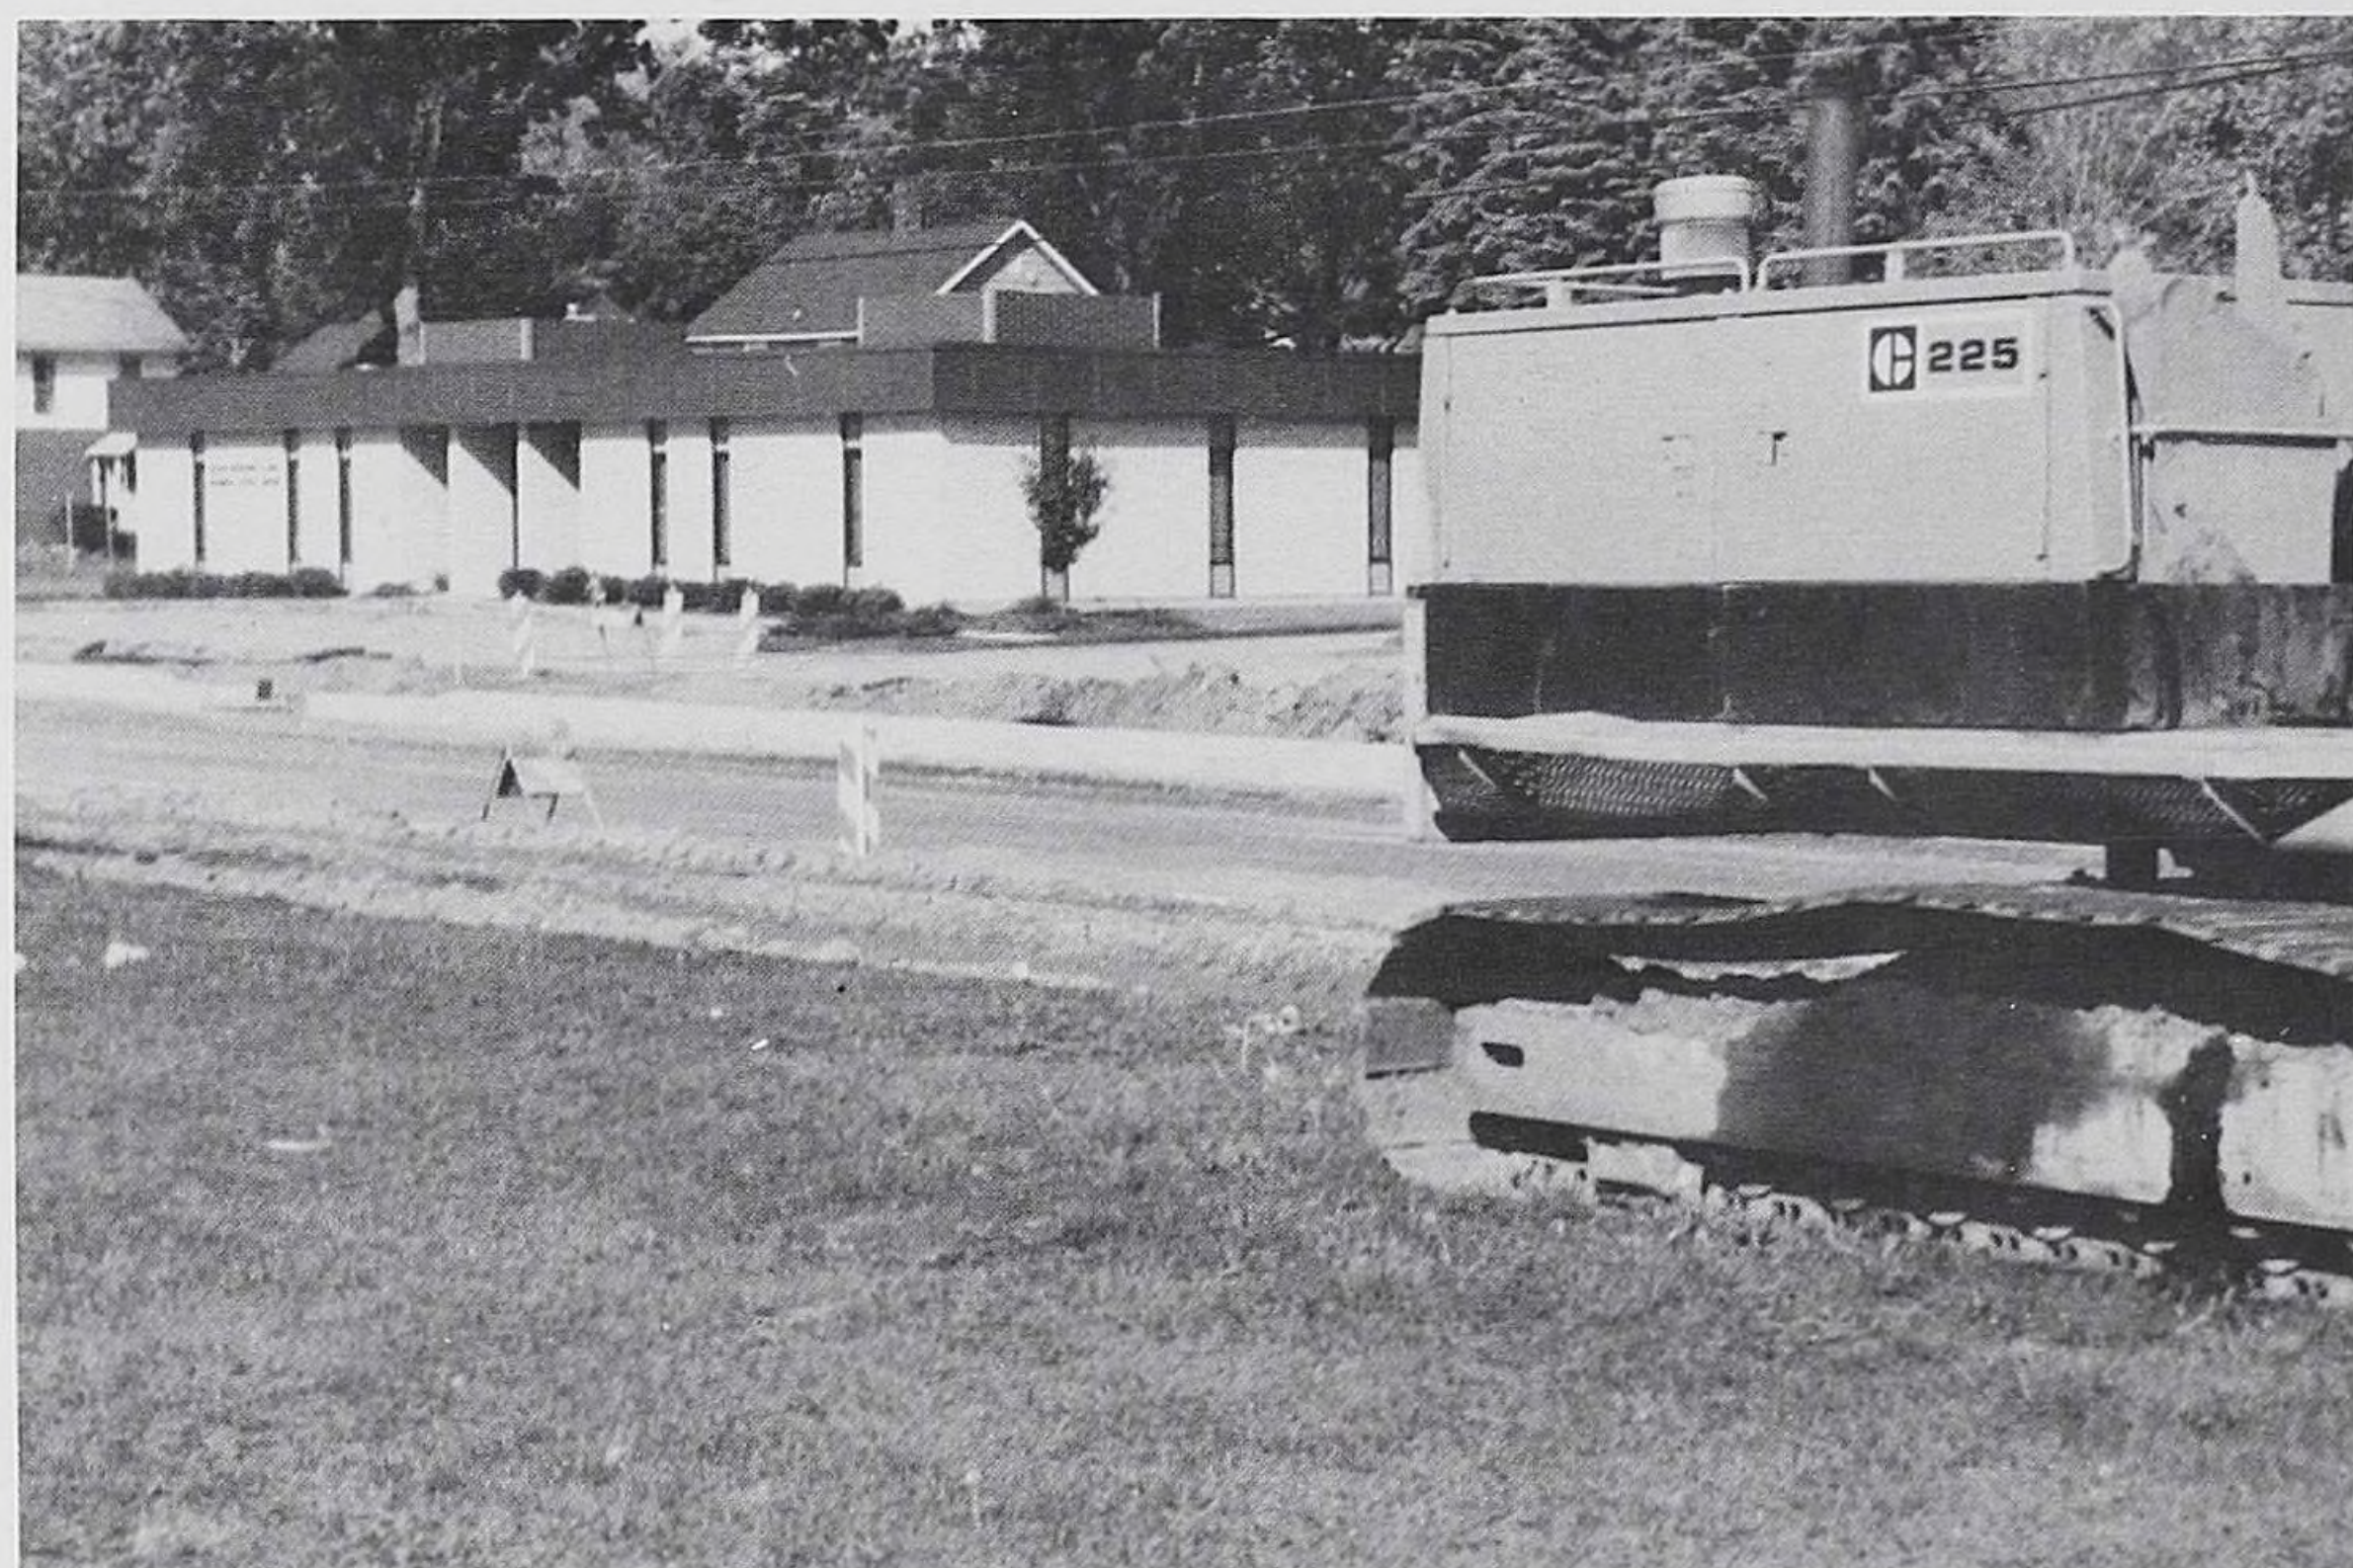

"Next time there's a war, whether it's in Central America or wherever it might be, you're going to be the ones they want to go," said Springsteen. "You need a lot more information than you get on the six o'clock news to decide what to do .... Where we're going is pretty scary."

Near the close, he made a pitch for local food banks, saying, "You've heard a lot about the hunger that we have in Africa lately, and while the hunger that we have here in the states is certainly not as drastic as that, it is very bad .... In the United States each year 20 percent of the food that gets produced gets wasted."

The ebullient crowd cheered what Springsteen called his "public service announcement," but saved its loudest voice to sing harmony and the chorus to a string of his hits, from "Born in the U.S.A." to "Glory Days" to "Hungry Heart" to "Born to Run," the song that brought him to prominence a decade ago.

# Are Teachers Really Human?

BETWEEN THE INNOCENCE OF BABYHOOD AND THE CONQUEST OF THE ADULT WORLD, LIES A "TEACHER". THEY ARE AS ANCIENT AS ADAM ... AS MODERN AS TELEVISION ... AND AVAILABLE IN ALL SIZES ... MALE AND FEMALE ... FROM COLLEGE-FRESH 21 TO EXPERIENCED 65 YEARS OF AGE.

TEACHERS ARE FOUND EVERYWHERE — IN CLASSROOMS AND CARS. AT THE FOOTBALL GAMES ... DANCES ... BOWLING ... AND AFTER SCHOOL. LITTLE GIRLS LOVE THEM. LITTLE BOYS HATE THEM. SOPHOMORES IGNORE THEM. JUNIORS TOLERATE THEM, AND

GRADUATES APPRECIATE THEM. NOBODY ELSE KNOWS SO MUCH, AND IS CREDITED WITH KNOWING SO LITTLE. NOBODY ELSE IS A MIND READER, PROSECUTING ATTORNEY, MASTER OF TACTICAL WAR-FARE, COUNSELOR, BUREAU OF INFORMATION AND IS STILL KNOWN AS A SLAVE DRIVER SUPREME.

TEACHERS *LIKE* NEAT DESKS, NEAT PAPERS, COMBED HAIR, OFF PERIODS, PERFECT ATTENDANCE, RAPT ATTENTION, AND HOLIDAYS AND VACATIONS. THEY *DON'T* LIKE NAMELESS PAPERS, EATING IN CLASS, TARDINESS, TOO MUCH MAKE-UP, ACTIVITY DAYS, FIRE DRILLS, SMART ALECKS, OR CHEWING GUM.

A TEACHER IS HAPPIEST WHEN EVERYONE UNDERSTANDS THE LESSON, SADDEST WHEN THERE IS A HUGE STACK OF SMUDGY TESTS TO GRADE ... SLOWEST WHEN GOING TO HALL DUTY ... FASTEST WHEN NO ONE IS READY FOR THE TEST, YET NICEST WHEN YOU'VE JUST DECIDED TO HATE HER, AND THE MOST LONG-WINDED WHEN KEEPING YOU AFTER CLASS. GOD ENDOWED TEACHERS WITH THE SLYNESS OF A FOX, THE VOICE OF A BULL ELEPHANT, THE STUBBORNESS OF A MULE, THE KEEN SIGHT OF AN EAGLE, AND THE LIFE SPAN OF A TURTLE.

WHO ELSE CAN CAUSE MORE GRIEF, EMBARRASSMENT, IRRITATION, AND DESPAIR: BE HATED, IGNORED, KNOCKED AND GOSSIPED ABOUT, YET SEEM SO WONDERFULLY SYMPATHETIC AND SO TOLERANT WHEN THE WORLD IS A MESS AND YOUR SELF-CONFIDENCE IS CRUMBLING?

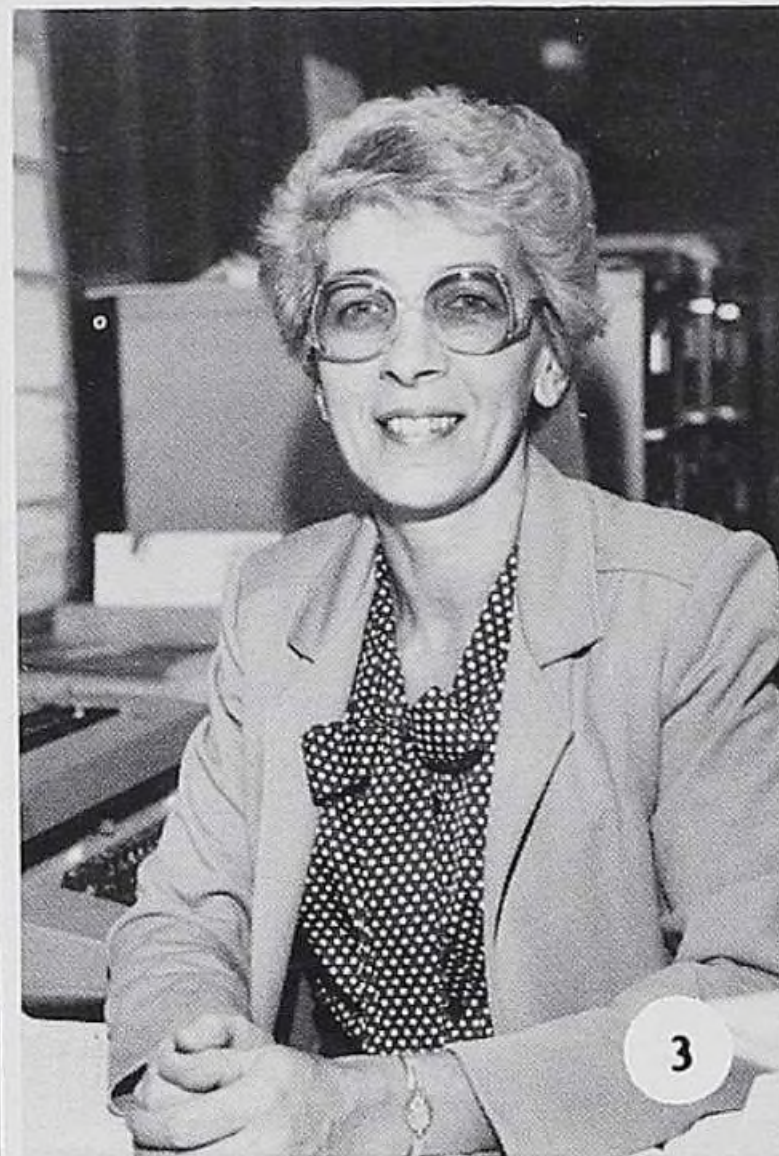

YES ... TEACHERS ARE NERVE-WRACKING NUISANCES, JUST TASK-MASTERS TO BE ENDURED, BUT WHEN GRADUATION IS OVER, AND IT'S TIME TO FACE THE WORLD, WE ARE THANKFUL FOR THE KNOWLEDGE AND UNDERSTANDING OF THE MOST INFLUENTIAL AND DEDICATED PEOPLE IN THE ENTIRE WORLD .....

# The Exchange Program

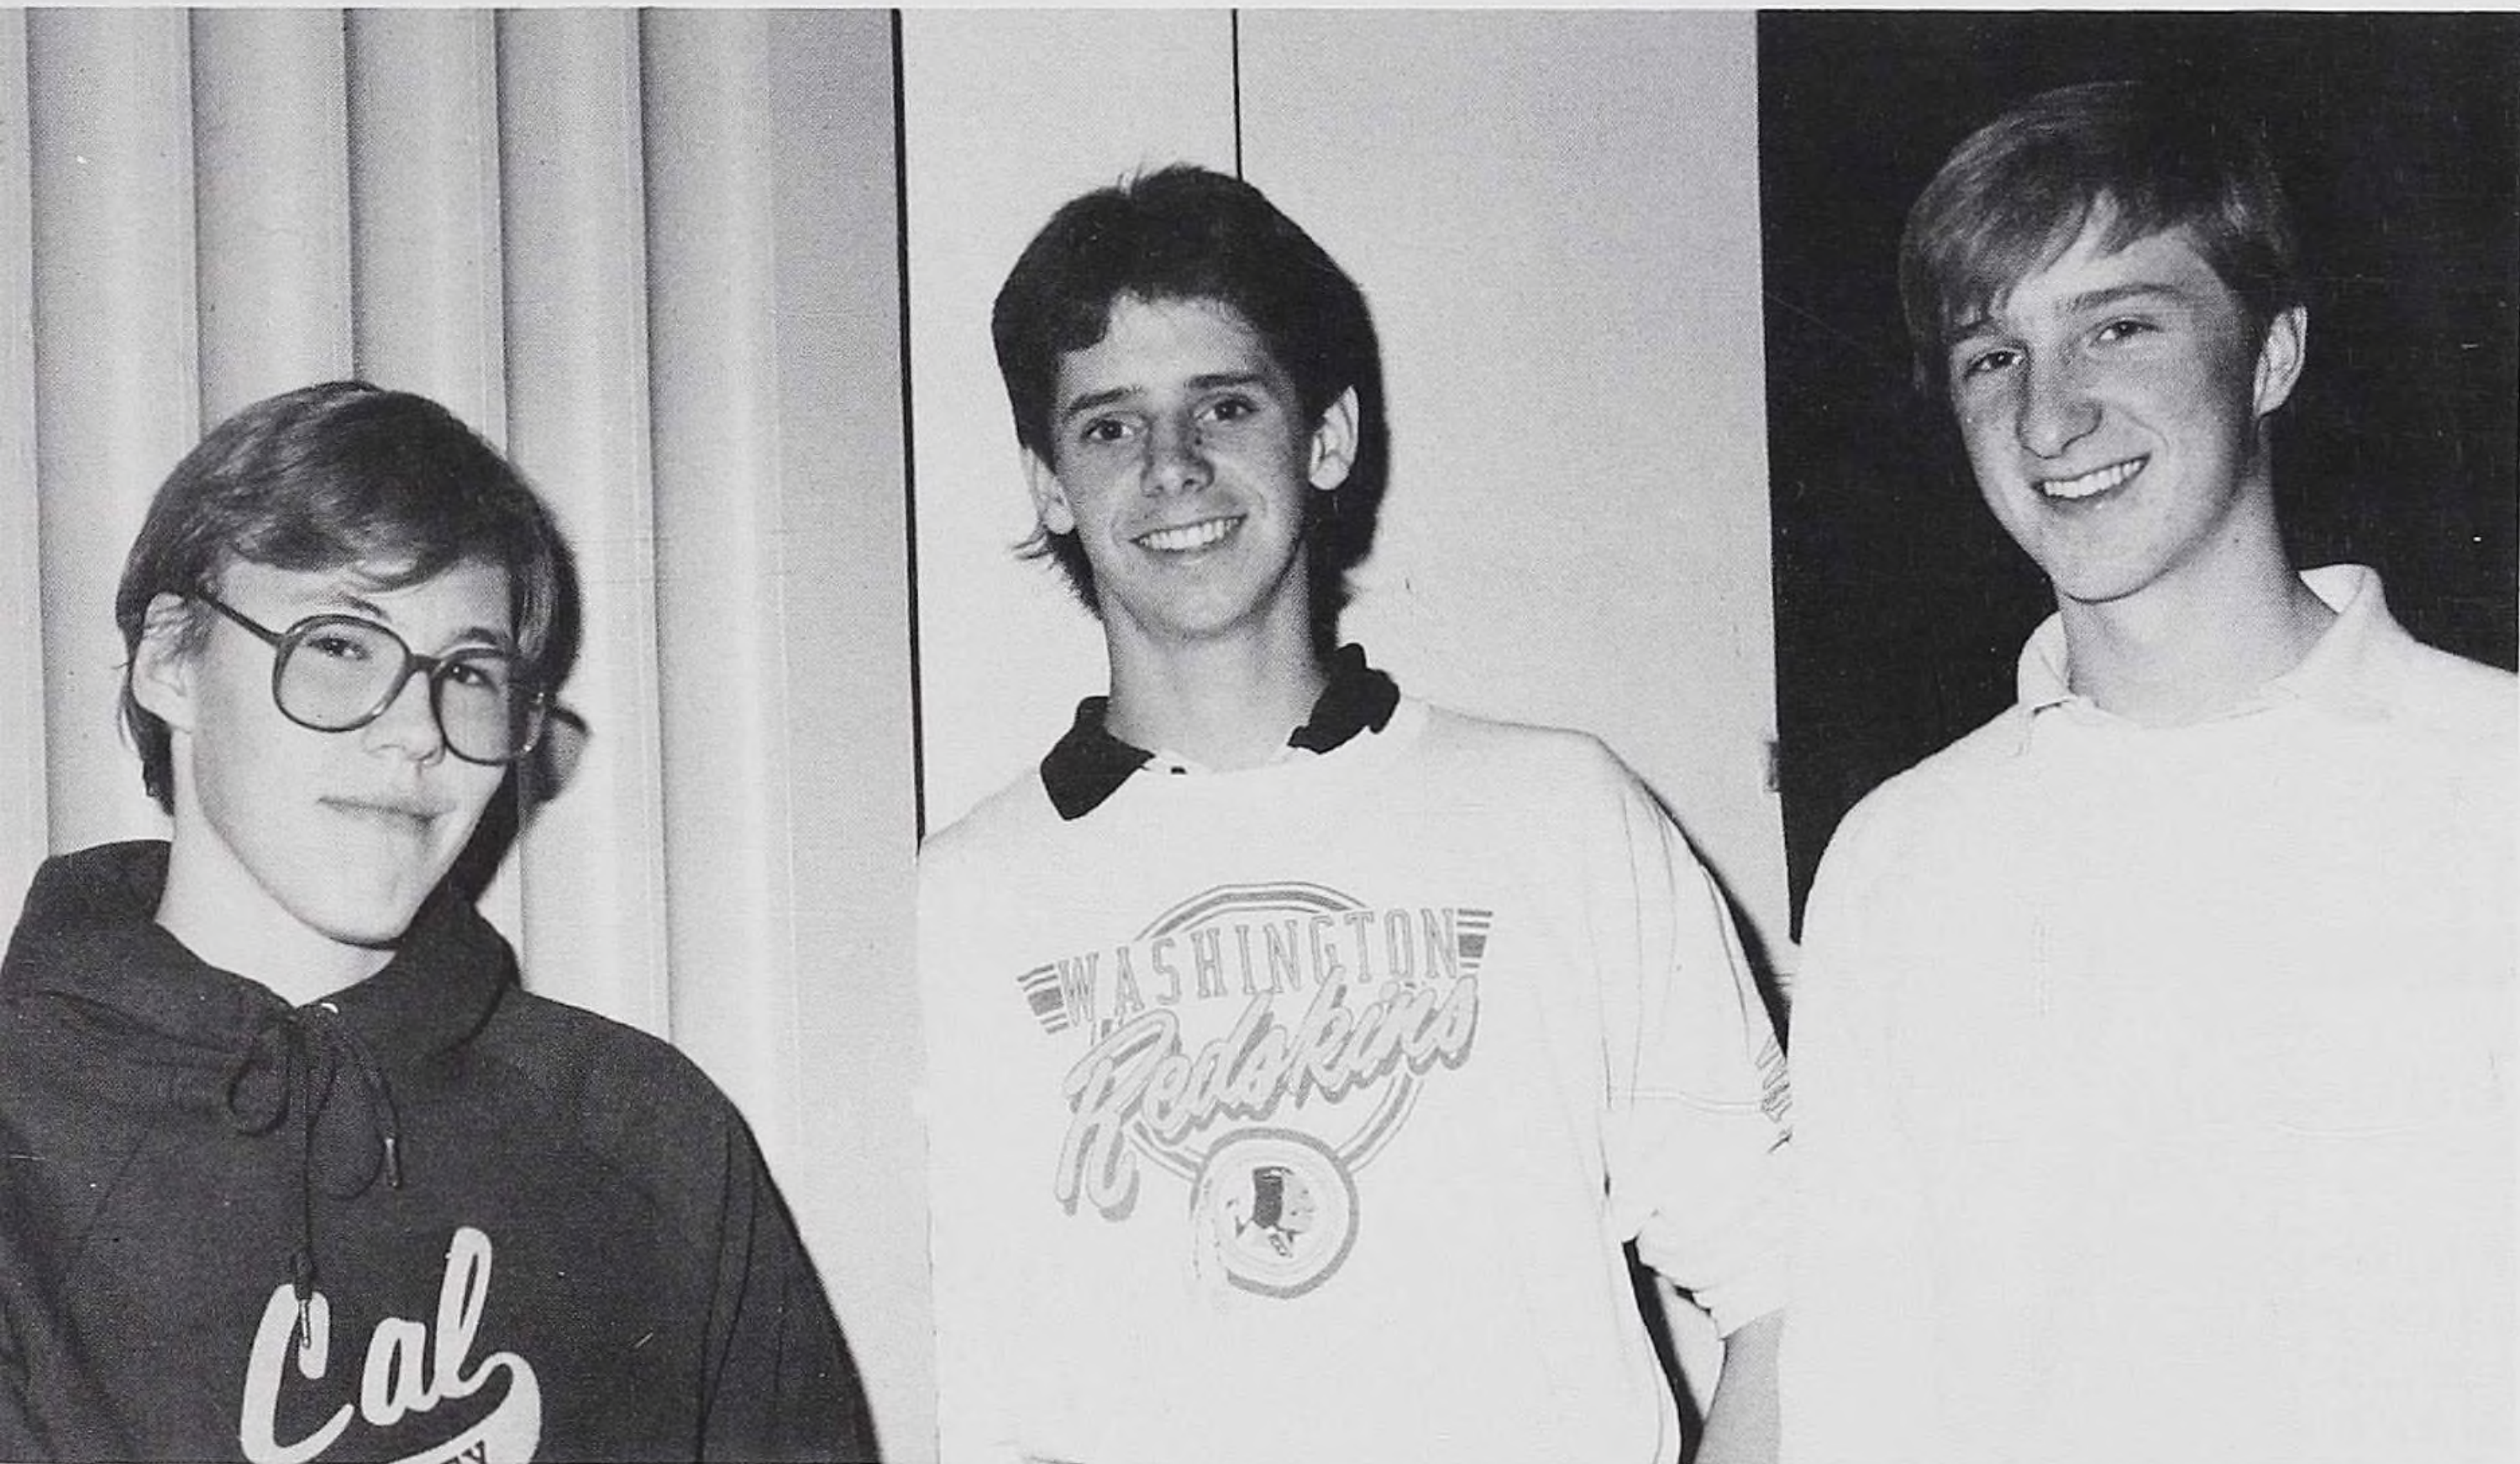

In January 1986 Olean High School welcomed to the school *Hsian-Chung Liu* from Lanzhou, Gansu Province, Mainland China. Miss Liu is a high school English teacher in Lanzhou, China. She is at Olean High for 6 months as an AFS Exchange Teacher.

The purpose of the teacher exchange is to (1) Improve the visiting teachers command of the English language. (2) Improve their intercultural awareness, and understanding through direct participation in U.S. School, Family and Community life. And (3) Observe and practice English as a second language.

This is the fourth year that AFS has sponsored the teacher exchange.

Mr. Paul Knieser is the master teacher for Miss Liu during her stay at Olean High School

High School exchange programs are non profit, non sectarian organizations established to promote better understanding among people throughout the world and to foster the cause of world peace through student to family exchange programs. Exchange programs have spread to every continent in the world. The philosophy is the same in every exchange program-giving students the opportunity to understand other countries, their languages and culture.

The exchange students at Olean High School this year are Stein Hammer, AFS, from Norway; Wolfgang Kraft, AFS, from Austria; David Dahlen, Rotary, from Sweden.

# Fall Musical

The glorious quest of Don Quixote was brought to the Olean High stage November 21, 22, and 23. Multitudes of expectant fans attended each night, and were moved and amused by Don Quixote's adventures.

The musical centers on Senor Quiana, a decrepit, aged man, who, from reading books of knights and chivalrous deeds, becomes Don Quixote, the Man of La Mancha.

His many adventures include his comic relief and side-kick Sancho Panza, and a tavern wench, Aldonza, who he exvisions in his crazed state, his lady love, Dulcinea.

His niece and her husband, the housekeeper, and the priest, all band together to bring him back to his former personality and to convince him to abandon his ridiculous alterego.

The story of Don Quixote is related to the audience by Miguel de Cervantes trying to prove himself innocent to the Inquisition prisoners.

The musical itself was done brilliantly by all who performed, and all who participated.

# Spring Musical

*Bye Bye Birdie*, a rockin', boppin' musical, was performed by the Olean High School students in the spring of 1985.

Kim MacAfee, a nubile teenager in love with Conrad Birdie, nubile teen idol, finds out she will receive a kiss from him before he is to leave for the army.

Meanwhile, Albert Peterson, Conrad's press agent, battles with his secretary and his fiancé, Rose Alvarez, and his martyr mother Mae, while arranging the meeting between Kim and Conrad.

What resulted was a mish-mosh of comedy that turned out to be a delightful evening for all.

# School Play

"The Madwoman of Chaillot," a play written by Jean Airodoux, was a dinner theatre production performed by the OHS drama club at the Castle, on March fifth and sixth, to benefit the Mental Health Association.

The comedy dealt mostly with the theme of corruption and decadence in society. It is not a caustic satire, but its saterical references get the theme across with humorous results. These results were met with laughter and a performance (Not to mention a terrific Castle Meal) that was enjoyed by all.

# Foster Grandparent Program

The Foster Grandparent Program is basically a volunteer program designed to benefit handicapped children as well as senior citizens with limited incomes. It is a beautiful program which brings to the handicapped child an experienced loving, senior citizen who can furnish the daily human contact, care, attention and love so vital to their emotional and social growth. The senior citizen not only gains satisfaction from being needed and making others happy, but are also able to supplement their income with tax-free money.

Mrs. Eleanor Ellwell, Mrs. Francis Hopkins, and Mrs. Mary Campbell.
